TO OUR FRIENDS:

The day of Thanksgiving is again at hand. And there's much to be thankful for, regardless of building operations which have been below par.

During the past year our country has attained a position among nations which will ultimately be of direct or indirect value to every business.

It is only a question of time when the United States will lead every other nation in world-commerce, finance and power.

The war has placed in our hands the "balance of power" as a guarantor of the permanent peace of the world.

In the thousands of years of world history the present generation is the first to see man's mastery of the heights of the air and depths of the ocean. Wireless communication has reduced the cost and increased the opportunities of world business to a point our forefathers could only dream of.

To be living in such a country and in such times as these is alone sufficient cause for the deepest gratitude.

Let us observe Thanksgiving this year with full hearts and a fitting appreciation of the wonderful advantages we enjoy.

Sincerely yours,

THE TUM-A-LUM LUMBER CO
B. A. Brownson, Mgr.

LOCAL BRIEFS

The Methodist Bazaar today.

John Matthewson, who purchased the Hancock ranch in the Fourth unit last spring, is having a fine large residence house built on the place.

The city council has purchased a road drag with which it is proposed to put the streets of the city in the best possible condition. Work has already begun on this undertaking, and good results from the operation of the drag are already noticeable.

The annual yearly invoice has been begun among some of the business institutions in this city. This will continue throughout the month so that most of the concerns will know to a dot how much stock they have on hand with the beginning of the new year.

Quite a good sized audience attended the lecture on the "Idealistic Conception of Modern Socialism" delivered by Dr. De Quer in Mack's hall in this city Friday evening of last week, at which time the speaker gave a clear version of social and economic conditions as they appear today. Mr. De Quer is billed to speak here again next Wednesday evening.

Mr. and Mrs. C. S. McNaught have this week had Contractors Strohm and Callbeck attending to the work of building a screened in kitchen porch on their residence in the western part of town. Just recently August Beisse completed a contract of putting a concrete basement under the house, and this, together with the latest improvement, makes of the residence a modern and comfortable dwelling house.

O. E. Bergman recently traded his property interests here to his brother-in-law, F. L. McMahan, for the latter's farm interests near Cambridge, Idaho, with the result that the former gentleman and his family left here last week for his new home, and the first of this week Mr. and Mrs. McMahan arrived and are occupying the Bergman home in this city. Shortly after arriving here Mr. McMahan took up his duties as a partner with Jake Stork in the blacksmith shop.

The smiling face of Attorney W. J. Warner is again to be seen at his office on Main street. He returned last Saturday with his family from Chemawa, where he had been the past two months acting as foot ball coach for the student team of the Indian school located there. From a casual glance at "Bill" you wouldn't surmise that he was some foot ball star several years ago, but his record on the grid-iron shows he was.

W. L. Kimble, an enterprising young rancher who owns and operates the old Fred Gorham place, figures that he done a good stroke of business when he bought a carload of second hand wood pipe from the government. The pipe is some that was in use in the irrigation system at Irrigon until recently, when it was replaced with concrete pipe manufactured and shipped from the government yards here. As fast as the wooden tubes were taken from the ground to make room for the new Mr. Kimble secured and piled them until he had a carload, when he had them loaded and shipped to Hermiston and from this city on to the ranch by wagon. When these casings are laid in the trenches according to plans made by the above gentleman he figures that he will have one of the best and most efficient systems of irrigation to be found on the project.

NORTH RIDGE NEWS

SPECIAL CORRESPONDENCE

Mr. and Mrs. R. M. Hood had as guests to Thanksgiving dinner Mr. and Mrs. J. W. Dobler and Mr. and Mrs. S. S. Palmer.

Oscar and William Sanders were supper hosts at a supper given by them at their home Thursday of last week to Mr. and Mrs. T. Parks, Miss Simmons, L. Brownell, Wm. Kik and Judge Embry.

Mr. and Mrs. E. A. Hobbs entertained Mr. and Mrs. Frank Bilderback and Hogan Miller at their home Thanksgiving day.

Mr. and Mrs. Egbers went to Washington state last week to attend the marriage of their son.

Mr. and Mrs. F. Chezick and Frank Knapp spent Sunday visiting at the Bodkin home.

Coyotes are becoming numerous and bold in this section, one tackling a dog belonging to Mr. Lacey last week and in the melee the gentleman dispatched the animal with a club. Ted Parks shot another and William Sanders did likewise, both animals being close to their ranch houses.

While Ruth Hobbs was on her way to Hermiston last Tuesday her horse became frightened at a passing auto truck and ran away. Not much damage was done to horse, buggy nor the driver, for as Miss Ruth puts it, in telling afterwards about being thrown from the vehicle, she "just fell so easy it did not hurt a bit."

Makes Clubbing Arrangement With

The Oregon Farmer

Offers Unusual Opportunity to Its Readers

AMONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruitgrower, who is one of our regular subscribers and who is not now a subscriber to THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity, but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.
