IN KEEPING WITH THE BIG THOUGHT OF THE DAY

The daily press reflects a sentiment throughout the nation which clearly indicates a new condition.

Men are wanted everywhere. The work of this war is being carried on largely by those who never before have been in public office or in public work. Men who have been too busy, too engrossed with their own tasks, are leaving their work to others and are giving their time and ability to the cause which is ours, yours, everybody's.

It is time when politics in the ordinary sense must not be considered. It calls for all the ability that can be mustered.

Oregon to be a successful part in this unit plan for the defense of Democracy, must likewise place the thought of the times before everything.

In another part of this paper appears the announcement of L. J. Simpson as a candidate for the nomination for Governor on the Republican ticket. Mr. Simpson was urged to become a candidate by his many friends in every part of the state, because of his business record, his understanding and knowledge of Oregon's resources, industries and needs; because of his public-spiritedness, which of recent years has led him to tasks which have been more important to him than his own affairs

L. J. Simpson is clearly the man who can give Oregon the administration necessary to this plan of National Efficiency.

His campaign will be directed straight to you as voters, as individuals who do your own thinking.

We are firmly convinced that you will not allow politics to influence your decision, and that you will vote for the man who is best fit to help the people of Oregon develop the state's vast resources, and to propare for, and participate in, the great reconstruction that is to follow.

We believe that you will weigh issues more closely than ever before, and that L. J. Simpson will be your choice.

WHAT YOU CAN DO

First—Talk over his candidacy with your friends.

Second—If you believe that L. J. Simpson is worthy of your support write a letter to this committee.

Suggest how his cause may be advanced. We, in turn, will tell you how you can help.

Paid Advertisement, Issued by Simpson for Governor League, Pittock Block, Portland.

IRRIGON NEWS ITEMS

SPECIAL CORRESPONDENCE

Valentine day has come and gone and was hardly noticed except by the small children in school.

Mr. and Mrs. H. Wolf and children returned to their home last week from a two months' visit to her parents in Idaho.

Mr. and Mrs. Cabbage returned Sunday from a two months' visit in Seattle with their daughter.

Mrs. B. Lane and children left Sunday night to join Mr. Lane who has secured a government job teaching the Yakima Indians blacksmithing. We wish them success.

Mrs. Harry Lester went to Seattle to spend some time with her mother and Harry expects to join her in a few days when he will go to work in the shipyards.

Myrtle McCoy returned home Sunday last from Lexington, where she has been spending a few days with her sister.

We hear that some dairymen spend all their extra change for candy for the favorite of their herd, but we think plenty of good hay with shorts and bran twice a day the best rations for a dairy herd.

L. Greybeal took No. 1 for Portland Monday last.

Miss Louis Samson came down Sunday last and spent the night with her mother.

A bit of advice is offered to all young men with cars. Always do your own driving unless the girl is your own sister, or have your brother at the wheel while you take the back seat with your best girl; also we would suggest that telephone poles are not placed near the road for cars to climb. That if any one tries climbing one it is likely to cost the young man several days wages to repair damages, but if he don't mind the cost, we should worry.

Mr. Streighter returned home a few days ago from Kellogg. He was accompanied home by one of his sons. We understand another son is expected soon. They are busy getting their land in shape for spring crops. The girls of the advanced room are learning to appreciate Miss Virginia very much and would be glad if she had as many sisters as she has brothers.

Mesdames R. W. Walpole and N. Seaman were again on duty as advisors to the girls' sewing club Friday, which proves the girls made no mistake when they chose these two staunch friends as co workers. Their interest and advice is appreciated by every member. The club lost one of its members this week, Doris Lane, as she will now be a pupil in the Yakima school.

We were informed that W. Caldwell went to Pendleton hospital for treatment of blood poison last Sunday.

The Red Cross auxiliary met at the postoffice last Saturday where more work was distributed. The officers are getting the members in good working order. They are greatly assisted by a few staunch friends of the boys at the front, as all are only too glad to add their bit when they can.

Young Fat is fast acquiring the ability to drive the car as he took several passengers to Umatilla Monday night and will soon be as good a driver as his big brother.

W. L. Kimble, an east of town rancher, took the examination for army service in Pendleton Tuesday.

COMMUNICATION

Editor Herald:

While there has been a good deal of wondering if the Butter Creek news is true, most of the Butter Creekers can tell you some of this (news) is a long way from truth, especially such as the conversation between Mrs. Attebury and little two year old daughter that was in the news some two weeks ago.

As for the men on Butter Creek going to lodge every Saturday night and sometimes twice a week, Butter Creek correspondent you should worry, you are just not used to a real live man.

Mrs. R. G. Attebury

Notice is hereby given that Emerson E. Davis, of Hermiston, Oregon, who, on March 25th, 1911, made Reclamation Homestead Entry No. 09156, for Farm Unit B, being fractional part of S½ NE¼ SW¼ section 28, township 5 north, range 28 east Willamette Meridian, has filed notice of intention to make five-year proof, to establish claim to the land above described, before W. J. Warner, United States Commissioner, at his office at Hermiston, Oregon, on the 10th day of April, 1918.

Claimant names as witnesses: James Eddie, Fred B. Chezik, Thomas Mackay and Benjamin S. Savage, all of Hermiston, Oregon.

C. S. Dunn, Register

PUBLIC NOTICE (EFFECTIVE MARCH 1, 1918) UMATILLA PROJECT, OREGON, Third Unit of West Extension. Department of the Interior, Washington, D. C., February 7, 1918. 1. In pursuance of Section 4 of the Reclamation Act of June 17, 1902 (32 Stat., 388), and acts amendatory thereof and supplemental thereto, and particularly the Reclamation Extension Act of August 13, 1914 (38 Stat., 686), public notice for the Third Unit of the West Extension, Umatilla Project, Oregon, is hereby issued, as follows: 2. Lands for which water will be furnished.—Upon proper application being made therefor, water will be furnished under said project in the irrigation season of 1918, and thereafter, for the irrigable lands of the said Third Unit shown on the farm-unit plats of the following townships of the Willamette Meridian, to-wit: T. 4 N., R. 25 E., T. 5 N., R. 26 E., T. 5 N., R. 27 E., which plats were approved by the Secretary of the Interior on the date of this notice, and are on file in the office of the Project Manager, United States Reclamation Service, Hermiston, Oregon, and the local land office at The Dalles, Oregon. 3. When and how to make entry for public land.—Homestead entries for the farm units shown on said plats embracing public lands of the United States may be made beginning March 6, 1918, at 9 o'clock A. M., at the local land office of the district within which said land is situated. Every person desiring to acquire any of said public lands must execute a homestead application subject to the provisions of the reclamation law in manner required by law which, with the required fees and commissions, accompanied by certificate of the project manager as to the filing of water-right application and payment of water-right charges as hereinafter provided, may be presented to said local land office, in person, by mail, or otherwise, within a period of 5 days prior to the opening, to-wit: On and from March 1, 1918, to and including 9 o'clock A. M., March 6, 1918. Applications presented after 9 o'clock A. M., March 6, 1918, will be filed and noted in the order of their receipt. Any applications not based on a prior settlement right will be subject to valid settlement claims asserted in the manner required by law. 4. Simultaneous filings for public land.—Applications reaching said local land offices during said period of five days, will be held and treated as simultaneously filed, and the register and receiver will dispose of them as follows: (a) Where there is no conflict the application will be allowed, irrespective of whether settlement is alleged. (b) In case of conflicting applications and only one of the applicants alleges prior settlement his application will be allowed and the others rejected. (c) If two or more conflicting applications, each containing allegations of prior settlement, are received, a hearing, restricted to those alleging such right, will be ordered to determine the priority of right. (d) Where there are conflicting applications in which no one of the several applicants claim prior settlement the register and receiver will write on cards the names of the several applicants, and each of these cards will be placed in an envelope upon which there is no distinctive or identifying mark, and at 2 o'clock P. M., on the date of opening to entry, if practicable (if not, at the same hour one day later), after all the envelopes containing the names of the several applicants shall have been thoroughly mixed in the presence of such persons as may desire to be present, they will be drawn and numbered in order. The cards as drawn and numbered will be securely fastened to the applications of the respective persons, and the applications will be allowed in such order. Applications conflicting in whole with those previously allowed will be rejected in the usual manner. 5. Failure of applicant to obtain public land applied for.—Where any applicant fails to obtain land applied for by him he will be permitted to elect whether he will amend his application to embrace other lands not affected by pending applications and otherwise subject thereto when such amended application is presented, or withdraw his original application without prejudice. In the event of such withdrawal the fees and commissions will be returned by the receiver, and the water right charges deposited will be returned by the project manager, upon surrender of the certificate of filing issued by the project manager. 6. Warning against unlawful settlement upon public land.—No person will be permitted to gain or exercise any right whatever under any settlement or occupation of any of said public lands, began at or prior to 9 A. M., March 6, 1918, provided, however, that this shall not affect any valid existing right obtained by settlement or entry while the land was subject thereto. 7. Limit of area for which water right may be secured.—The limit of area per entry representing the acreage which, in the opinion of the Secretary of the Interior, may be reasonably required for the support of a family upon such lands, is fixed as shown upon the plats for the several farm units. The maximum limit of area for which water-right application may be made for lands in private ownership shall be 160 acres of irrigable land for each land owner. 8. Application for water right.—All water-right applications, whether for public or private lands, must be made to the Project Manager, U. S. Reclamation Service, Hermiston, Oregon, upon forms provided for that purpose, and may be made on and after the date upon which this notice becomes effective as herein prescribed. In the case of public lands, each water-right application must be for a specified farm unit, and more than one person may make such application for the same farm unit. A certificate of filing will be issued each applicant by the project manager. Filing of water-right application and issuance of certificate give no preference right to entry on public lands. Only when the project manager is notified by the local land office that an entry has been allowed, will acceptance of the water-right application be endorsed thereon. Whereupon all other water-right applications affecting the farm unit in question, with payments made, will be returned to the respective applicants, upon surrender by them of the certificates of filing issued by the project manager. 9. Classes of charges for water-rights.—The water-right charges are of two kinds, to-wit: (1) A charge against each irrigable acre to cover cost of construction of the irrigation system; and (2) an annual charge against each irrigable acre to cover cost of operation and maintenance of the system. 10. Construction charge.—The construction charge shall be $92 per acre or irrigable land, payable as follows: (a) For lands that were entered on or before August 13, 1914, subject to the Reclamation Act, or on or prior to that date were subjected by contract, trust deed, decree of court or otherwise to the provisions of the Reclamation Law, said construction charge shall be paid in not more than ten equal annual instalments, the first of which shall be paid at the time of filing water-right application, the second of which shall be paid December 1st of the following year, and subsequent instalments shall be paid December 1st of each year thereafter; provided, however, that if water right application subject to the provisions of said Reclamation Extension Act, or an acceptance of the provisions of same in accordance with Section 14 thereof, be filed within six months from the date upon which this notice becomes effective, said construction charge shall be payable in twenty annual instalments, the first of which shall become due and payable on December 1 following the date of water right application, and subsequent instalments on December 1 of each year thereafter, in which event the first four instalments shall each be two per centum, the next two instalments shall each be four per centum, and the next fourteen each six per centum of the total construction charge. (b) For the remaining lands an initial payment of five per centum of the construction charge shall be made at the time of filing water right application, and the remainder of the construction charge shall be paid in fifteen annual instalments, the first five of which shall each be five per centum and the remainder each seven per centum of the total construction charge. The first of said fifteen annual instalments shall become due and payable December 1 of the fifth calendar year after the initial instalment, and subsequent instalments shall become due and payable on December 1 of each calendar year thereafter. 11. Increased construction charge in certain cases.—In all cases where water-right application for lands in private ownership or for lands under entries not subject to the reclamation law, shall not be made within one year from the date upon which this notice becomes effective, the construction charge for such lands shall be increased 5 per centum each year until such application is made and an initial instalment is paid. 12. Advance payment of construction charge permissible.—Any water-right applicant may, at his option, pay in advance the whole or any part of the construction charge owing by him within any shorter period than that prescribed by this notice. 13. Operation and maintenance charge.—The operation and maintenance charge for the irrigation season of 1918 and thereafter until further notice, shall be $1.50 per acre of irrigable land whether water is used thereon or not, which will entitle the water user to four acre-feet of water per irrigable acre. Additional water supply will be furnished at the rate of 15 cents per acre-foot. All such charges will be payable on March 1 of each year for the preceding irrigation season, except that when water-right application is filed for public lands entered after June 15 in any year, the first payment of such charge becomes due March 1 of the second year thereafter. 14. Place and method of payment of water-right charges.—All water-right charges must be paid at the office of the U. S. Reclamation Service at Hermiston, Oregon, in cash, or by New York draft, or money order, payable to the Special Fiscal Agent, U. S. Reclamation Service. 15. When notice is effective.—This notice shall become effective on March 1, 1918, and shall be in full force and effect on and after that date. ALEXANDER T. VOGELSANG, First Assist. Secretary of the Interior.

NOTICE FOR PUBLICATION.

Department of the Interior, U. S. Land Office at La Grande, Oregon, January 17, 1918.

Notice is hereby given that William S. Mitchell, of Hermiston, Oregon, who on March 25th, 1911, made Reclamation Homestead Entry No. 09153, for Unit "C" of NE¼ (SW¼ NE¼), section 28, township 5 north, range 28 east Willamette Meridian, has filed notice of intention to make five year proof to establish claim to the land above described, before W. J. Warner, United States commissioner, at Hermiston, Oregon, on the 12th day of March, 1918.

Claimant names as witnesses: Thomas Mackay, Emery T. Hancock, Carl Schachemeyer, Robert Kennedy, all of Hermiston, Oregon.

C. S. DUNN, Register

IN THE JUSTICE'S COURT FOR HERMISTON DISTRICT, UMATILLA COUNTY, OREGON

O. G. Sapper and T. W. Sapper, Plaintiffs, vs. Hurley Smythe, Defendant. } Summons

To Hurley Smythe, defendant:

In the name of the state of Oregon you are hereby commanded to appear and answer the complaint filed against you in the above entitled action within six weeks from the date of the first publication of this summons and on or before March 2, 1918, and if you fail to so appear or answer, the plaintiffs, for want thereof will take judgment against you for the sum of $4.55 with interest thereon at the rate of 10 per cent per annum from March, 1917, until paid, and interest on $10.55 at the rate of 10 per cent per annum from March 3, 1917, to September 7, 1917, and the further sum of $15.00 attorneys fees; the sum of $15.00 with interest thereon from March 3, 1917, until paid at the rate of 10 per cent per annum and the further sum of $10.00 attorneys fees; the sum of $29.16 with interest thereon from October 12, 1917, at the rate of 6 per cent per annum and for the costs and disbursements of this action.

This summons is published pursuant to an order of the Hon. E. P. Dodd, Justice of the Peace for Hermiston district, Umatilla county, Oregon, made and entered on January 17th, 1918, and the date of the first publication of this summons is the 19th day of January, 1918.

W. J. Warner,
Attorney for Plaintiffs
Hermiston, Ore.

First publication Jan. 19, 1918.
Last publication March 2, 1918.

NOTICE OF SHERIFF'S SALE UNDER EXECUTION

Notice is hereby given that by virtue of an execution and order of sale issued out of the Circuit Court of the state of Oregon for Umatilla county, and to me directed and delivered upon the judgment and decree rendered and entered in said court on the 24th day of January, 1918, in that certain suit wherein West Umatilla Water Users Association, a corporation, as Plaintiff, and John W. Campbell, the Hartman Abstract Company, a corporation, Western Land & Irrigation Company, a corporation, and R. C. Hazen, are defendants, in favor of the defendant Western Land & Irrigation Company and against the defendant John W. Campbell for the sum of $8634.60, with interest thereon at the rate of 6 per cent per annum from the 24th day of January, 1918; the further sum of $600.00 attorneys fees and for $19.50 costs and disbursements, which said decree, judgment and order of sale has been docketed and enrolled in the office of the Clerk of said Circuit Court; and whereas by said jugdment, decree and order of sale it was directed that the following described real property situated in Umatilla County, Oregon, to-wit: the Southeast quarter (SE¼), and the East half of Northeast quarter (E½NE¼), of Section thirty-two (32), Township five (5) North, Range twenty-eight (28), E. W. M., together with the water right appurtenant thereto, being the water right conveyed to John W. Campbell by the Western Land & Irrigation Company by water right contract dated April 30th, 1909, be sold by the Sheriff of Umatila County, Oregon, to satisfy said judgment, decree and order of sale.

I will, on Saturday, the 16th day of March, 1918, at the hour of 10 o'clock of the forenoon of said day, at the front door of the court house in the city of Pendleton, in Umatilla county, Oregon, sell all the right, title and interest the said John W. Campbell had in and to the above described premises and property on the 30th day of April, 1909, or since then has acquired therein or thereto, at public auction to the highest bidder for cash in hand, the proceeds to be applied in satisfaction of said execution and order of sale and all costs.

Dated this 5th day of February, 1918.

T. D. Taylor, Sheriff
By A. C. Funk, Deputy

Feb. 9-March 16

NOTICE OF SALE

Notice is hereby given that by virtue of the authority of the City Charter of the City of Hermiston and the direction of the the City Council authorizing and directing the Treasurer of the City of Hermiston to collect the unpaid assessment for the City irrigation water for the year 1917, levied and imposed under the provisions of Ordinance No. 76, passed by the City Council and approved by the mayor on July 2nd, 1913.

I will on the 26th day of February, 1918, at the hour of 10 o'clock in the forenoon of said day at the City Council Chamber in the City of Hermiston, Oregon, sell the following described lots, pieces and parcels of land at public auction to the highest bidder for cash in hand, the proceeds from the sale of each lot, piece or parcel of land to be applied in satisfaction of the assessment upon lot, piece or parcel of land with interest thereon from April 10, 1917, at the rate of 6 per cent per annum together with a penalty of 15 per cent of each of said assessments and all costs.

Following is a description of each of said lots, pieces or parcels of land with the number of feet frontage, name of owner or reputed owner, and amount of said assessment.

AND NOW THEY ARE COOKING TOBACCO TO MAKE IT BETTER

For a good many years The American Tobacco Company have been conducting a series of experiments having as their object the improvement of smoking tobaccos.

And it is interesting to know that one of the greatest of their discoveries was one of the simplest, and that was, that cooking or toasting tobacco improved it in every way, just as cooking most foods improves them.

They took a real Burley tobacco, grown in this country; toasted it as you would toast bread; moistened it to replace the natural moisture driven off by toasting; made it into cigarettes, called them "LUCKY STRIKE, the toasted cigarette," and offered them to the public.

The result has been the greatest demand ever created for any tobacco product in a similar length of time.

The change produced by toasting is not only most wholesome, but the flavor is greatly improved, just as cooking improves meat, for example.
