### Quit the Tobacco Habit

Quit-Tobac Tobacco Treatment will do the work promptly and permanently. No matter in what form you use tobacco—smoking cigars, pipe, cigarettes, chewing tobacco or snuff. No matter how much you use or how long used. Quit-Tobac will break you of the habit in from three to five days. Pleasant to take, no inconvenience, no remaining away from work or business.

A simple home treatment. No craving or desire for tobacco in any form after you begin taking Quit-Tobac. Don't try to quit the tobacco habit unaided. It's a losing fight against heavy odds and means a serious shock to the nervous system. Let the tobacco habit quit YOU! It will quickly quit you if you take Quit-Tobac according to the simple directions we send you. It is a thoroughly reliable and permanent remedy for the tobacco habit, but is not a substitute for tobacco.

Thousands have been freed from the habit. Why not you? Write at once for particulars and testimonials.

### Twenty-Five Years Ago

Ladies wore bustles. Operations were rare. Nobody swatted the fly. Nobody had seen a silo. Nobody had appendicitis. Nobody wore white shoes. Nobody sprayed orchards. Cream was five cents a pint. Most young men had "livery bills." Cantaloupes were muskmelons. You never heard of a "tin Lizzie." Doctors wanted to see your tongue. Milk shake was a favorite drink. Advertisers did not tell the truth. Nobody cared for the price of gasoline. Farmers came to town for their mail. The hired girl drew one-fifty a week. The butcher "threw in" a chunk of liver. Folks said pneumatic tires were a joke. Nobody "listened in" on a telephone. There were no sane Fourth's, nor electric meters. Strawstacks were burned instead of baled. Publishing a country newspaper was not a business. Jules Verne was the only convert to the submarine. You stuck tubes in your ears to hear a phonograph, and it cost a dime.

### UMATILLA ITEMS

Roy Surran and Dan Clark were visiting friends in The Dalles the latter part of the week.  
Mr. and Mrs. Wellman were Walla Walla visitors Saturday.  
O. M. Sharp, boiler maker for the O. W. R. & N., returned last week from a three months' visit with his parents in Missouri.  
Mrs. Reynolds is working at the round house. It seems quite hard to get men to do the work since the recent drafts, besides numbers of them are going to the ship yards.  
John Powell has returned from Hillsboro, Ore., where he spent a few days with relatives and friends.  
Robert Brownell finished baling his first crop of alfalfa Saturday.  
The Brummer family are moving to Portland this week.  
Mr. and Mrs. Rodenbo were calling on Mr. and Mrs. Ben Spinning Friday evening.  
Harry Grammer accompanied by Mr. and Mrs. Smith, motored to the dance at Butter Creek Saturday evening.  
Mrs. Schamro has returned to her home in Seattle after a weeks' visit with Mr. and Mrs. Wellman.  
Richard Dobler is getting along nicely at this writing. Joe Dobler has the measles.  
The Atchison and Stevens families were picnicking on Butter Creek Sunday.  
Lee Carroll spent a couple of days last week with his parents at Milton.

## HALT THE HUN

Provide the boys with the things they need to make short work of him.

Guns, clothes, aircraft, food, munitions and the ships to get over with. These are the things the boys need, and they cost money---hunks of it.

### BUTTER CREEK ITEMS

#### SPECIAL CORRESPONDENCE

With haying has come the hot weather and mosquitoes and it seems the Creek has been getting an overdose of both in the last few days.  
Mrs. E. H. Gardiner has moved down to the old Gardiner place to assist Mrs. Gardiner through haying.  
The last Butter Creek dance was not up to the usual standard. Many more boys than girls. What is the matter girls? Don't you know men will be scarce this time next year. Now, laying all jokes aside, we are expecting a fine time next dance, so be there and help make your share of a good time.  
Mr. and Mrs. E. T. Canfield returned Sunday from the Hermiston project where they were haying on R. C. Canfield's place.

China pheasants are getting very numerous and destroying many gardens along the creek. As they are doing worse damage over on the Hermiston project, it looks like we would all have to get together and sign a petition asking for permits to kill for one or two days.

Haying on the creek is progressing rapidly and many stacks are going up.  
Mr. and Mrs. Del Shultz have moved from Peter Walts' place and Mrs. Shultz is cooking for Geo. Wurster during haying.  
Although Fowlers, on the Tillamook Alfalfa Land Co.'s place, have a large crew, Mrs. Fowler is doing all the cooking herself.

### BOARDMAN NEWS

#### SPECIAL CORRESPONDENCE

Mrs. Fred Phelps of Hermiston spent a few days here this week with her daughter, Mrs. Maude Voyer, and on Tuesday Mrs. Merle Phelps came down to spend a week at the Voyer home.  
Mrs. Emma Sherman of Sand Point, Idaho, is visiting her sister, Mrs. O. H. Warner.  
J. C. Ballenger and wife and Geo. Blayden and wife motored to Hermiston Monday.  
C. H. Aylesworth returned the first of the week from a business trip to the Willamette valley.  
Miss Burrough of Condon came Monday to be with the boys on their ranch.  
The church people were very sorry to learn that Rev. Harper has been put in as missionary Sunday school worker, and can be with us no longer.  
Mrs. Olive Paine, U. S. commissioner at Boardman, can take applications for filing on homestead land near Boardman and Iririgon, thus doing away with the necessity of going to The Dalles to file.  
Miss Marvel Blayden went to Hermiston Tuesday on a visit.

## YOU! DO YOUR CHRISTMAS COALING EARLY

Heed Fuel Administrator Garfield's Warning

### Pull Together--Get Serious We're at War

There is plenty of coal to supply all

BUT

It can't be mined and transported in eight months—it takes twelve full months to mine a year's supply. There are only 200 days left until the snow flies—deliveries are blocked.

### Don't Argue--Provide Storage Room

If you haven't the cash on hand, borrow it

## STORE COAL NOW

In May, June and July

Make what sacrifice is needed to keep your home warm, your factory running and the food, clothing, arms and ammunition necessary for our soldiers "over there" flowing in a steady stream to the front.

Help win the war and protect yourself and your business at the same time.
