Makes Clubbing Arrangement With

## The Oregon Farmer

Offers Unusual Opportunity to Its Readers

**A**MONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruitgrower, who is one of our regular subscribers and who is not now a subscriber to THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity, but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.

### LOCAL BRIEFS

Eli Winesett has added another 20 acres to his already large ranch, having this week purchased the adjoining ranch of James Meskner.

Robert Nelmeyer, one of the draft boys, will go with this county's contingent that leaves July 5 for Fort McDowell to go into active training.

Dr. Gale successfully performed an operation Tuesday on the little son of Mr. and Mrs. C. H. Young, at which time he removed bothersome tonsils from the child.

Word from the district draft board at La Grande is that Philip Lay and Wm. Kik had been re-classified, the former being advanced from 2-c to 1-r, and the latter to 1-l.

A visit to Geo. R. Shafer's apiary out on the Herb Strohm ranch will readily convince one that himself and Eli Winesett, who are partners, will have tons of honey to sell soon.

The two Sunday schools of Hermiston, together with Columbia and Minnehaha schools, will hold a picnic on the Fourth of July at the river west of Hermiston near the ford. The public is invited to bring a well filled basket and join in.

B. S. Kingsley visited the the Sam Wood farm near Redmond last Sunday, says the Deschutes Valley Tribune, published at Culver, where the gentleman is operating a store. Mr. Kingsley went up in a Ford and returned in a Buick runabout. He now has a car that he can run.

Tomorrow morning's sermon at the Baptist church will be the last that Rev. L. S. Chapman will preach in this city, he having tendered his resignation and leaves shortly for Portland to enter the employ of Uncle Sam, and in that way do his bit toward helping to whip the devil out of the Kaiser.

The following eighth grade pupils of the Hermiston school have successfully passed the eighth grade examinations and their diplomas are now in the hands of R. C. Todd, clerk of the district, who will deliver them as they are called for: Lotys Davis, Gwyn L. Hughes, Mary Neadeau, Frederick W. Hesser, Doris Swayze, Neil Boynton, Clarice Watson.

The first of the week a number of citizens and ranchers played the act of the good Samaritan when with hammers, saws and lumber they went to the "old swimmin' hole" on the Umatilla river something over a mile northwest of town and built a float and a couple of dressing booths for use of the myriads of bathers of both sexes that diligently patronize the pool during the hot weather. This improvement has added much popularity to the bathing resort, and those who were instrumental in making the improvement are receiving praise from all sides.

### SELLS-FLOTO CIRCUS IN PENDLETON JULY 6

The circus—the national amusement, the first love of every boy and girl in the land—is going among the people this season in order that the home fires may be kept burning and that the will to win the war may not grow stale through lack of wholesome entertainment. Hence the government has made provision that the trains of the Sells-Floto circus may come to Pendleton on July 6, bringing with it a show that thrills with patriotic spectacles, from that of "America," which opens the big circus, to that of the Goddess of Liberty welcoming our victorious Sammlies on their return to the land of the free. The two mile parade will be a revelation.

In the large three ring arena will be shown all that occurs on the stages and on the track. The two-headed Mexican, the towering, giant gorilla, and other unheard of attractions are but incidents in the epochal exhibitions.

#### Bought Ten Acres

On Tuesday of this week Soren Jensen became the owner of ten acres of unimproved land in Section 1, one and one half miles northeast of Hermiston. This he purchased from the Umatilla Farm Lands Co. with firm intention of making of it a permanent home place for himself—and maybe a better half after he gets the ranch fixed up nicely. This fall Mr. Jensen will put most of the tract in alfalfa, and will also build a bungalow cage thereon, after which he will begin the quest for a bride.
