## FORD BODIES

We are now able to again get new Ford Bodies. Do you realize that an overhaul of your car and a new body would make your car like new? New cars are very hard to obtain, while new bodies cost as follows:

Runabout, \$80.00 F. O. B. Seattle.  
Touring Car, \$100.00 F. O. B. Seattle.  
Freight from Seattle not over \$10.00

This expense with a \$31.25 labor charge for complete motor and transmission overhaul and \$13.75 for front and rear axle overhaul labor should make most Fords apparently new, while a new car costs from \$530.00 to \$545.00.
