TODAY IS LAST DAY TO MAKE GOOD ON YOUR

Liberty Loan Bond

Take your quota, even if it does seem you can't afford it. Payments are easy and securities the best. If you sell hay, you get enough for it to afford your given quota, and if you work by the day wages are high enough to justify your buying. The boys are making good "over there." Help them with your dollars and forget it if you think your quota wrong, as you are making perhaps the best investment in your life.
