# Ford Cars Again Obtainable

If you have a Ford in mind you better get lined up by placing your order now. Remember the Ford Motor Company proper have made but a very small advance in their prices since the war is on. The real advances have been the heavy war tax, the increased heavy freight and the heavy war tax on freight. As these items will not drop for perhaps one to three years, a reduction in the price of Ford cars need not be looked for. The only cars that can reduce prices at this time are those that added a war profit and were still producing cars while the Ford Motor Company was entirely on Government work.

Such cars are now dropping their war profits, but as the Ford advance of last summer was practically nothing more than war taxes and increased freights, you need not expect a reduction in Ford prices. In fact we have positive advices that there will be no lower prices until freight charges are changed and war taxes reduced.

Better place your order now, as we will get one car in the end of this month, making two for January.

**Announcement**  
Were it possible we would now be engaged in conducting evangelistic meetings. This is out of the question, but every Christian can be a gospel messenger. Answer these questions to yourself. Am I walking with God? Enoch, Noah, Job. Who persuaded me to follow Christ? Andrew, Timothy. What does being a Christian mean to me? 2 Cor. 5:17. Romans 8. If Christ should call to service could I answer, "Here am I, send me?" Should he call to himself could I answer as Paul, 2 Tim. 4:6-8. M. R. Gallaher, Pastor Jan. 12-17, 1919.

**NOTICE**  
If you or any of your family have recently been afflicted with influenza, or if you have a cold (which might be flu in a very light form) kindly postpone your appointment to a later date. You should willingly cooperate with me in this matter, and by this and every other preventative measure help stamp out the influenza in this vicinity. Dr. F. V. Prime. adv

Dr. Freeze makes regular visits to Hermiston. Consult him free and be assured of good if good eye service. 13

A flea and a fly beside of a flue talked fluently, when along came a fly with the flu. "Let's fly," said the flea to the fly, "from this fly with the flu." Said the fly to the flea, "Let's flee from the flue." So they flew from the fly with the flu by the flue, but the flue caught the flea and the fly caught the flue.—Fly Leaf.
