

10 Reasons Why You Should Vote 300 X Yes March 4

First Because the people as a whole want Good Roads.
 Second Because what the people want they should have and usually get.
 Third Because Good Roads are an economy anywhere and everywhere they are built.
 Fourth Because Good Roads increase the value of our county property the same as a paved street increases the value of your home by which it passes.
 Fifth Because Good Roads are a big saving on all kinds of vehicles, such as farm wagons, trucks, automobiles etc.
 Sixth Because the small cost per person amounts to nothing compared with the great benefits derived by every person in every way.
 Seventh Because this is an era of modern transportation we are living in, and the times demand we keep

pace with other sections, counties, states, etc.
 Eighth Because the modern Transportation justifies the building of Good Roads.
 Ninth Because a Bond Issue is the only fair and logical way of raising the money to build that which you and I want.—Good roads all over the county
 Tenth Because we want Good Roads when you and I can enjoy them, as well as future generations. Therefore, vote for the Bond Issue and build Good Roads NOW,—not five or ten years from now.

Good Roads have made California the most talked of state in the Union. Let us make Umatilla County the most talked of county in Oregon. We can do it; we shall do it; we must do it, and last but not least, We Will Do It.

I. D. Basey, one of the school bus drivers, is having extra bad luck with his car lately. Will some one who knows please tell him how to get the better of a bucking Ford.

Chas Kuntze is putting in lots of new headgates on the Tillamook Co. ranch, preparatory to irrigation. He has also run new levees near the creek to stop the overflow when high water comes.
