SELL
That Heavy, Expensive Team

for a good price and get a light team and a Johnston Mower, and the light team will handle your Johnson easier than a heavy team will handle any of the other makes of mowers. If you doubt this statement, ask any or all of the many now mowing with Johnstons. The Johnston rake also has exclusive features. Repairs for the Johnston also cost less in many used needs, but if they don't wear out faster than they have been, repairs likely won't be enough to consider at all.

Did you hear about the way the

WINTHER FOUR WHEEL DRIVE TRUCK

"showed up" the four wheel drive trucks down at Irrigon last Thursday? They had some real trucks there, too—FWD's and Duplexes. Five tons of gravel was put on the 3 1/2 ton WINTHER. You should have seen the way it walked away with it. We would be pleased to demonstrate how a WINTHER will do your business. Then the little 490s. They are selling right along.
