

WE ARE BUILDING OUR BUSINESS ON SERVICE

We ask You Frankly for Your Business

"Service" here means more than merely wait upon our customers promptly and courteously. It means that we have staked our reputation on a business that is being built upon service. Service is the foundation of this business. It is the reason back of our steady growth. It is the basis on which all future relations with the public is placed. It is the most vital factor in the conduct of this business.

Our service means more still. It means that in addition to courteous and prompt attention, that the builder can depend unconditionally upon the quality of any article bought from us, and upon any service rendered. He can depend upon getting what he wants—a part of the service includes Blue Printed Plans, Photos and hundreds of different designs of various kinds of buildings, Homes, Barns, Silos, Grain Bins, Elevators, Garages, Hog and Poultry Houses and other buildings that are free to customers. Upon the basis of SERVICE, we ask you frankly for your business.

Time Is Passing

(By Geo. A. Cressy)

Time is passing, but 11 days now remaining before we are to assemble the stock at the show grounds.

Are you preparing to bring in those cows, hogs, etc.? The committee in charge is doing all they can to make this the banner show. We are all interested in its success. It will take stock to make the show a success.

The Hermiston hog breeders made a very fine showing at the State Fair, and we fully expect them to fill the pens here at home. The premiums offered in all classes are good—three premiums in each class. Bring in the stock. Fill every stall and pen.

If you have a neighbor who is not very enthusiastic in the matter, go to him with a little encouragement.

If we all do our bit the show is bound to be a grand success.

Insurance Reduced

E. P. Dodd has received notice from the Oregon Insurance Rating Bureau that the 10 per cent emergency surcharge has been abrogated. On and after October 1 the reduction in rates would be effective. Mr. Dodd has three strong insurance companies, all of which will now carry insurance at the 10 per cent reduction. See Edlie Johnson. 4-1tc

The Ovenbird.

Do you know how the ovenbird got its name? Well, it was because its nest built among the leaves or pine needles on the ground is arched, and of an oven-like appearance, says the American Forestry association, Washington, which is encouraging bird conservation through bird-house building contests among school children and is conducting a national campaign. You do not see the ovenbird sitting on the topmost twig of a tree like some other members of the feathery tribe, but he sticks close to the ground, mounting to the lower branches of a tree only to sing or to scold an intruder. The song of the ovenbird somewhat resembles the word "teacher."

Not All There.

"I understand your cook left your house." "Not all of it," said Mr. Cumrox. "We had to put a mortgage on it to meet her requirements as to wages."
