

A GOOD BARN A PATRIOTIC DUTY

Feed is expensive nowadays. Every possible ounce of it must be converted into beef or milk or working energy for the teams.

Stock lacking the protection of a good barn consumes most of their feed in fighting the cold—or lacking the cool refuge of a properly insulated barn during the heat of summer, becomes indisposed and loses weight.

Feed converted into animal heat doesn't make beef or milk or money.

The essentials of a good barn are good materials, proper ventilation, sanitation and insulation.

Let us figure with you. It's our business. We know how. There is no obligation to buy.

We have a number of different designs to choose from and will consider it a favor in being able to quote you prices.

ALL TRUE

Misery dumps a lot of stones on the road to success.

Honesty is the best policy, but playing policy often leads to dishonesty.

Tact is getting what you want without letting others know you want it.

Lots of married people pose as danger signals for those who are single.

A woman's weakness lies in her love for a man who is strong enough to wink.

When a farmer moves to the city he gets a chance to dodge his city relatives.

What a blissful thing love would be if the inevitable foolishness could be separated from it.

When a man says he likes to get it in the neck occasionally he means the neck of the other fellow.

"My dear," said a husband, "pray devote just half a minute to repairing my coat which a pointed nail has chanced to rend." "It's ten o'clock," said the drowsy mate. "Yes," said hubby, "it's rather late. But, you know, it is never too late to mend."

MAXIMS

Beware of paint. On fences—and women.

Lies are like wolves—they mostly travel in packs.

He who is doing nothing usually has many to help him.

Ambition is a fire that the waters of adversity are apt to quench.

POULTRY NOTES

Keep the house and yard clean.

Give a heavier feed of grain in the evening.

Keep poultry free from lice and the house free from mites.

Feed grain in straw or other litter to make the hens scratch for it.

Grow green crops in the poultry yards if they are not in permanent sod.

Last Sunday morning the Baptist church voted to hold evangelistic meetings with Rev. M. L. Mertins as preacher. The meetings will begin about the last of January or the first of February. All Christian people and the public in general are solicited by the congregation to join in making the meetings the greatest for the glory of God that Hermiston has ever known. Places for holding the week of prayer and the committees selected to effect plans for the meetings will be announced next Lord's day.

Dr. Freeze makes regular visits to Hermiston. Consult him free and be assured of good eye service. 36
