

A GOOD BARN

A PATRIOTIC DUTY

Feed is expensive nowadays. Every possible ounce of it must be converted into beef or milk or working energy for the teams.

Stock lacking the protection of a good barn consumes most of their feed in fighting the cold—or lacking the cool refuge of a properly insulated barn during the heat of summer, becomes indisposed and loses weight.

Feed converted into animal heat doesn't make beef or milk or money.

The essentials of a good barn are good materials, proper ventilation, sanitation and insulation.

Let us figure with you. It's our business. We know how. There is no obligation to buy.

We have a number of different designs to choose from and will consider it a favor in being able to quote you prices.

Fills Place in Community
The Sunday school fills a place in the community no other institution can fill. Ex-President Taft says: "No matter what view of general education, we all agree—Protestant, Catholic and Jew alike—that Sunday School education is absolutely necessary to secure moral uplift and religious spirit." This is the purpose of the Sunday School in your midst, and all ages and classes are invited to attendance. The Sunday School is one form of religious education, but God has ordained that by the "foolishness of preaching" men should be saved. The sermon privilege is offered by the Methodist church three times on Sunday, at 11 a. m. and 8 p. m. in Mack's hall and at 3 p. m. in Columbia school. Miss Jane Gunn will have charge of the Epworth League at 7 p. m. The Columbia school meets at 3 p. m.

BOARDMAN NEWS

SPECIAL CORRESPONDENCE
