The Power of Money

When William O. Payne, the banker at Bensonville, declared that no farmer who did not raise cows as well as wheat could borrow from him, the angry grain growers almost lynched him. But they had to do as he demanded—and today, says

The COUNTRY GENTLEMAN

his county is an oasis in a blowaway desert, and the farmers bless him for their prosperity. Such is *The Power of Money for Good*. Herbert Quick, formerly a member of the Farm Loan Board, tells the story in the first issue you'll receive if you subscribe today.

In the same issue is the first installment of a new mystery serial—a humdinger that will keep you waiting for Thursday, or Country Gentleman day, for the next two months. If you didn't read another thing but "The Balwearie Mystery" it would pay you to subscribe for THE COUN-

TRY GENTLEMAN for a whole year, because you will never be able to buy the book for as little as \$1.00. Don't wait. Do it now. Write your name and address on a slip of paper. Take \$1.00 out of your pocket. Send them to me and you will be a happy Country Gentleman reader for a year.

ROCK ISLAND PLOWS

These plows are made of soft center steel, permitting the outer surface to be highly tempered without sacrificing strength. The center layer is very tough and ductile, making a combination steel that is adapted for the hardest kind of work. The shin of the moldboard always receives the most wear, and for this reason Rock Island soft center steel plows have a reinforcing patch at this point. The real appreciation of these features is best realized after giving a Rock Island plow a few years use. We sell them—terms or cash.

HARDWARE IMPLEMENTS

Yes, it's toasted

YOU know how much toasting improves bread. Makes it taste good. Of course—more flavor.

Same with tobacco—especially Kentucky Burley.

Buy yourself a package of Lucky Strike cigarettes. Notice the toasted flavor. Great! Nothing like it. The real Burley cigarette.
