### New hand methods in tire making

**T**O produce a better tire—a tire more resistant to punctures, blowouts, tread separation—the perfect method is to build them, from the innermost ply of fabric to the tread, by hand.

Made in this way each Thermoid Tire is the work, from start to finish, of one man, who is rewarded, not on the basis of how many tires he makes, but

how well he makes them.

**A new wonder of chemistry**  
The toughness and resiliency of Thermoid Tires is the result of the discovery of CROLIDE.

CROLIDE is blended in scientifically exact degrees with each layer of rubber or fabric that goes into the tire. This makes the tread stronger and the fabric tougher.

Never have we seen such durability or mileage so far in excess of our expectations. You can depend upon 6000 miles of guaranteed service. (Ford sizes 7500.)

You can't pull the tread off a Thermoid Tire

#### Can You Beat This?

Hats off to O. H. Warner of Boardman, who, without further ado should be appointed poet laureate of that city by reason of having so ably composed the following lyric regarding a Ford car that he wishes to sell:

One Ford car with piston rings,  
Two rear wheels, one front spring.  
Has no fenders, seat or tank,  
Burns lots of gas and is hard to crank.

Carburator busted half way thru,  
Engine missing, hits on two.

Three years old, four in the spring;  
No shock absorbers nor anything.  
Radiator busted, sure does leak,  
Differential dry you can hear it squeak.

Ten spokes missing, front all bent,  
Tires blown out, ain't worth a cent.

Has lots of speed, will run like the deuce,

Burn either gas or tobacco juice.  
Tires all off, been run on the rim,  
It's a dam good car for the shape its in.

O. H. Warner has this car for sale  
At the town of Boardman, on the Highway Trail.

#### Isn't This a Scream?

Here's a letter that Sam Oldaker received the other day from a real estate dealer friend of his in Mindon, Ark.:

Mr. S. R. Oldacre,  
Hermistown, Oregon.

My Dear Sammule: your letter to Hand Will Say I Have A Farm Of 240 Acres 170 in Colivation 70 Acres in Meadow The Remainder Of Said Track Good Corn and Wheat Oats. Ar will Grow Most any Thing in the Way of Grane Has Good House good Barn 3 Lasting Springs 1 Well on High Way that is Now Being Built Threw The State in 1 Mile Of R. R. Rural Free Delivery Runs by The House in a Good Location in Pretty Place to Live. Can Be Bought Reasinable If Sold at Once. I Have Farm in 3 Miles of the R. R. 50 Acres Cleared 100, 10 in Timber in Free Range good Watter 3 Roomed House Barn good Watter Lots of Stock Watter All Most the intair Track Can Be Colivated After timber Has bin cut Of. Good Strong Land Will make A fine Fruit Farm and Berrys This Land will Make a Fine Berry Farm and Cant be Beat.

I Will make you My Pamplet in A few Days Giving you A full Description of this Country. If you will come down and pay This Country a Viset you could not Neverly Have room to Regreat it. Peter Wilkins.

#### To the Republican Voters of Umattilla County

Athena, Ore., April 2, 1920.

Believing that there is at this time unusual interest manifested by school patrons and the public in general in the public school system, and feeling that there should be more Americanism and love of country taught in our schools, and believing the Republican party to be of strong principles, I feel that the party should support one of its own faith for the office of County School Superintendent.

Having made education my life work, I feel a deep interest in the upbuilding of our public schools, and of instilling into the minds of our young people the loyalty and love of country exemplified by our great Republican presidents.

Our primary nomination law provides that any one aspiring to a place on the ballot may file intentions with the county clerk by paying the necessary fee, and since I find no other Republican offering to run for county school superintendent, I wish to announce my candidacy before the Republican primaries May 21. If given proper consideration by the Republican voters in the primaries I will accept the nomination and make an active campaign in the general election in November.

That the voters may know something of my qualifications to hold this important office I wish to say I am a graduate of a standard normal school, have been twelve years in the state and have been teaching continuously, have degree of Bachelor of Psychology and Pedagogy from Valparaiso, Indiana, and have studied in Europe. Have Oregon life certificate, and have had the required amount of successful teaching in the state. Have held positions in the high schools in Milton, Athena and rural schools in this vicinity for several years. I am of Republican tock, my father having been a general in the Union Army and a staunch Republican.

Believing myself fully qualified for the position and entitled to the support of the party, and having faith in its decision, I leave it with the voters.

H. A. BARRETT.
