FLASHLIGHTS

Fools and their wives are also soon parted.

In these days it seems almost as though poverty was a disgrace.

Winning the first bet is what makes gamblers out of a lot of men.

There will always be a market for a young man who has the goods.

As a general rule a real success is a man who is trying to be more of a success.

About the only time a man with any ambition can really retire is at bedtime.

A fool and his money are soon parted, and nobody knows it any better than the profiteers.

A man may be richer tomorrow, but the chances are that he won't be any kinder than he is today.

Nothing makes a grouch laugh quite so heartily as to see the other fellow being made the butt of the joke.

When people say that human nature is always the same what they mean is that human beings are always different.

A lot of fellows who thought they had enough to live on and retired several years ago have had to go back to work.

It is all right enough for a man to think of the other fellow, but he's paving the way to trouble and disaster when he begins to think of the other woman.—Detroit Free Press.

SEWING SUPERSTITIONS

To sew in bed is unlucky.

"Sew anything upon a person's body and you sew up their brains."

When a girl sews from a double thread she is said to be in love.

Mend on Monday and you will have to mend every day in the week.

Loose a needle while sewing a garment and you will find a lost article.

Whoso doeth any sewing in bed or on Sunday cannot die until it is ripped.

If in sewing on a garment it falls off your lap it is a sign that it will suit.

Mend your dress while you have it on and you will meet someone you haven't seen for a long time.

To sew ruffles or ribbons accidentally in a ring is a sign you will be married before the year is out.

If you lose your needle when you're sewing and you want to find it at once, let someone ask if it had a thread in it.

An old-fashioned preventive to keep the needle from sticking into you when sewing is being done on you is to chew something.

For two people to sew on the same garment with the garment between them is a sign of trouble in the family of one or the other.

If you have to rip out any of the stitches you are putting in a garment while you are making it, it is a sign you will live to wear it out.

If

An Oregon family of four had \$100 a month to get along on in 1913, but had grown into a family of ten with only \$45 a month income in 1920, how in the world would it live?

That Is the Case With

The State University, the Agricultural College and the Oregon Normal. In 1913 they had 2250 students; now they have 5400. And \$1 in 1913 is only as good as 45 cents today in purchasing power.

If You Yourself Were Responsible

could you carry on the work of the College, University and Normal on the same state support as in 1913?

You Could Not

Neither can the State University the Agricultural College and the Normal School do it. Will you not help these three institutions to continue their useful and productive work for Oregon by voting on May 21 for the Higher Educational relief measure?

Paid advertisement inserted by Colin Dymant in behalf of the Joint Alumni Relief Committee for Higher Education in Oregon, 614 Pittsack Block, Portland.

LIFE'S LITTLE PLEASURES

Persuading the landlord that your rent is sufficiently high.

Meeting two of the girls you flitted, at your fiancée's reception.

Wearing the lavish neckwear a maiden aunt gave you at Christmas.

Suggesting to the boss that a small increase in salary would be acceptable.

Sharing a hymn book with the elderly lady who possesses a cracked soprano voice.

Sitting beside the restless boy who chews gum and asks questions at the movie show.

Attending a lecture on eugenics and discovering that you and the speaker are the only males present.

Paying the gas and repair bills incurred by your brother-in-law while he was driving your car last summer.

Listening to a military genius outline the cause and effect of the next world war.—From Life.

SHOWER BATHS

WM. SHAAR

To the Republican Voters of Umatilla County
Athena, Ore., April 9, 1920.

Believing that there is at this time unusual interest manifested by school patrons and the public in general in the public school system, and feeling that there should be more Americanism and love of country taught in our schools, and believing the Republican party to be of strong principles, I feel that the party should support one of its own faith for the office of County School Superintendent.

Having made education my life work, I feel a deep interest in the upbuilding of our public schools, and of instilling into the minds of our young people the loyalty and love of country exemplified by our great Republican presidents.

Our primary nomination law provides that any one aspiring to a place on the ballot may file intentions with the county clerk by paying the necessary fee, and since I find no other Republican offering to run for county school superintendent, I wish to announce my candidacy before the Republican primaries May 21. If given proper consideration by the Republican voters in the primaries I will accept the nomination and make an active campaign in the general election in November.

That the voters may know something of my qualifications to hold this important office I wish to say I am a graduate of a standard normal school, have been twelve years in the state and have been teaching continuously, have degree of Bachelor of Psychology and Pedagogy from Valparaiso University, Ind., and have studied in Europe. Have Oregon life certificate, and have had the required amount of successful teaching in the state. Have held positions in the high schools in Milton, Athena and rural schools in this vicinity for several years. I am of Republican stock, my father having been a general in the Union Army and a staunch Republican.

Believing myself fully qualified for the position and entitled to the support of the party, and having faith in its decision, I leave it with the voters.

Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

FOR THE CHURCH'S WORK AT HOME. A score of times come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?

FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

FOR HIGHER EDUCATION. Of the 450,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Church. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools; and you have only to read their list of alumni and alumnae to measure the value of their contribution to America.

FOR RELIGIOUS TRAINING. At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washington and Lincoln if faith dies out of the hearts of its youth?

FOR THE CHURCH'S WORK ABROAD. Influenza came first from the Orient thirty years ago; nearly all plagues are Oriental plagues. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies in India die before their second year our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.

PREACHERS' SALARIES. The preacher is called the "forgotten man," and well he may be. Eight out of ten preachers are paid less than \$20 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.
