The garnet is the birthstone for January. Consequently it is the luck stone for all born in that month. According to old authorities "the garnet exercises a calming influence and takes away anger and discord. It is likewise a sovereign remedy for hemorrhages and protects the traveler from all dangers when traveling. When the figure of a lion is engraved upon a garnet, it will protect and preserve the health of the wearer and cure him of all diseases."

**With the Fingers! Says Corns Lift Out Without Any Pain**

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers. Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.—Adv.
