To the Alfalfa Growers

Is your hay for sale? We buy and sell baled alfalfa hay in car lots.

We have storage room for baled hay in any quantity, until the warehouse is full, at 50 cents per ton per month, or part of month.

At present we have some unallotted space. Parties storing hay with us are under no obligation to sell to us, though we give said parties, preference on sale when we are buying.

We find it to our advantage to have our hay baled and ready for shipment, when the market demands it.

At the present price of labor it costs about \$1.50 per ton to put the hay from the wagon into the stack. This will pay for three months storage, besides having your hay ready for a quick market during this time.

We will be pleased to discuss the hay situation with you at any time. Office hours, 9:00 a. m. to 12, and 2:00 p. m. to 5.
