

**A Toast: "Wilson—That's All"**

Grant E. Hamilton of "Judge."

**ILLUSTRATION OF TRAFFIC CONDITIONS**

A novelty which illustrates perfectly traffic conditions at the time of accidents has been put into use in the police court of Washington with great success. The invention is the product of a member of the Washington police department. Every type of vehicle is represented in the models, and the "set up" gives a better idea of what happened in an accident than words alone can convey.

**LUBRICANT FOR DOOR HINGES**

Linseed Oil Mixed With Small Amount of Graphite is Recommended—Avoid Cylinder Oil.

Linseed oil mixed with a small amount of graphite is recommended as a lubricant for door hinges and latches, which seldom receive attention in this way. Ordinary cylinder oil has a tendency to run, which is not desirable at this location, because the clothes of passengers are likely to come in contact with it.

**Tightening Bearing Caps.**

In removing play from rod bearings by reducing shim thickness, great care should be exercised to keep rod bearing as free as every other bearing.

Don't forget the speedometer drive. This hard working part needs a little lubrication, a few drops of oil once a week.

Strong soapsuds made from automobile soap and rubbed on the glass of the windshield and allowed to dry will prevent fog or rain from obscuring the vision through the glass.

Bumping into curbs, hitting bumps in the road, turning out into gutters, and similar strains, shocks and jolts are very likely to cause misalignment or wobbling of wheels or both.

When there is an escape back past the piston rings of hot gases the crank case inevitably gets warm. On the other hand if the escape is past the valves this condition is not found.

**AUTOMOBILES NOW Haul TROLLEY CARS**

The photograph shows an automobile put to a new use in the city of Apeldoorn, Holland. The car has been converted into a "locomotive" for the purpose of hauling one, two, or more trolleys through the city's avenues. The trolleys were previously horse-drawn, and many of the townfolk preferred walking to riding. Today the trams are well filled during business hours.

**VIBRATION IS QUITE INJURIOUS**

Small Iron Bracket Should Be Installed to Prevent Flange From Breaking.

In fitting a new carburetor be sure that there is no looseness to cause vibration, because if there is broken flange will be the inevitable result. If vibration is present a small iron bracket should be installed from a nut on the engine frame to the instrument to steady it, also taking the strain off the intake pipe.

A car should always be started in low gear. Open the throttle a little and pick up to five or six miles an hour.

A good grease, mixed in the right proportion with selected flake graphite, forms the best lubricant for bearings.

Many car owners are finding that oil cups may be substituted for the grease cups commonly used in many locations on the chassis, with eminently satisfactory results.

**Deep Plowing Paid**

Thrift Bros., Benton county farmers, did some deep plowing on run down lands last fall, and this year

can tell to the very drill row where this way, by the better crop. They annually seed 40 acres to clover, says the Benton Farm Bureau News.

**PROPERTIES -FOR- SALE**

**-Buy-Sell-Trade-**

**Fall Business Activities in Real Estate Commencing**

20 Acres mile from town, all in alfalfa, good fence, land well leveled for easy irrigation and good stand.

25 Acres mile and half from center of town, all improved, buildings, stocked, terms.

80 Acres unimproved two miles from Hermiston, good soil, easy terms, well located, cheap.

60 Acres, nearly all in alfalfa, close in, buildings, terms.

80 Acres, good locality, some cleared, some pasture, good stock or dairy ranch can be made, price right and terms.

35 Acres, 20 alfalfa, good buildings, some terms, stocked, worth the money.

80 Acres, about 60 in alfalfa, near town, buildings, stock.

40 Acres, 30 in alfalfa, balance in crop, good buildings, good land.

Some Portland houses to trade for land here.

640 Acres wheat and stock ranch with buildings and year round water, to trade for land in this locality.

A few unimproved tracts with small cash payment and easy terms if land is improved.

Do you want a house in town? We have a few.

If you want to sell, trade or buy, come and see us
