POSTAL EMPLOYEES DARE NOT MIX UP IN POLITICS

California postal employees are enraged at the most recent order of Postmaster General Burleson that all but deprives them and their families of the ballot. Neither the employee nor any member of his immediate family is permitted to participate in politics on pain of dismissal.

The Postmaster-general's order on this subject reads: "Employees are accountable for political activity by persons other than themselves, including wives and husbands."

"This means," said one of the complaining mail carriers, "that if my wife takes any farther interest in suffrage or in the woman's clubs in which she has been active in working for suffrage, I will loose my job if the powers-that-be find it out. I know of many wives of postal employees who have been doing good work in politics. They have been good citizens in every sense of the word and now they are disenfranchised despite the nineteenth amendment. The order is typical of the Burleson tyrannical domination. No employer of labor in private enterprise would dare go to the lengths Burleson has."

An Appeal To All

To the Silent Workers of Oregon: It is needless for us to go into detail and explain to you the problem of feeding 148 women, babies and

children. The task is difficult at any time, but a tremendous burden at present.

This is an appeal to you to remember the girls and the babies during this coming season, and put up a little extra fruit, with or without sugar, for shipment to the Louise Home, and the Albertina Kerr Nursery Home, where we are caring for abandoned mothers and babes. We assure you that whatever you can do in their behalf will be greatly appreciated. We would suggest that you form a club in your town and ship a barrel of canned fruit or canned vegetables. In fact any kind of farm produce will be acceptable. We will gladly furnish as many glasses or jars as you desire, and prepay all freight charges.

For shipping instructions address all correspondence to Gen. Supt. W. G. MacLaren, 195 Burnside Street.

\$1000 Creamery Prize

A thousand dollars—\$500 for high scoring butter and \$500 for cheddar cheese—will be distributed to creamery product exhibitors at the state fair. The money will be divided pro rata on points. Special diplomas will go to the highest scoring products. Outside exhibits will be received, says W. D. Pine, of O. A. C., superintendent of the dairy building at the fair, and Oregon producers are warned that they will have to hustle to keep the prizes at home.

NEW MODERN SCHOOL HOUSE TO BE BUILT AT IRRIGON

Evidence of the growth and prosperity of the Irrigon section is manifest in the fact that not long since the people comprising that school district voted a bonded indebtedness of \$40,000, which sum is to be expended at once in the erection of a modern school building.

The plans for this new structure were received by the Morrow County School Superintendent, Mrs. Shurte recently for her inspection and approval, says the Heppner Times-Gazette.

The building is to be of reinforced concrete construction, and the plan now is to finish the basement and first floor complete, and the auditorium and class rooms on the second floor will be finished and equipped later, as the demands of the school justify. A new site for the structure has been chosen which is more centrally located and the work of construction is to be commenced immediately.

When completed the Irrigon district will have one of the very best school buildings in the county, a monument to the enterprise and good judgment of the people of that community.

Round-Up Prize List

A prize list that in cash and added trophies is the greatest ever offered, has been put up for the 1920 Round-Up. Pendleton's eleventh annual presentation, Sept. 23, 24 and 25. More than \$10,000 is expected to attract the greatest array of performers in the wild west world.

Added attractions include the strong possibility of the appearance at the Round-Up of Governor Cox, of Ohio, Democratic presidential candidate. The governor wants to see one day of the show and Pendleton is asking him to arrange his itinerary to provide for it.

Faster relay strings, snappier young steers, more experienced and spectacular cowboys and cowgirls are promised for the 1920 show. Every event will be full of ginger and new worlds records are expected by the end of the three days.

Pendleton has promised to have enough gasoline to send every automobile visitor on his way homeward Sunday with a full tank. Rooms at reasonable figures are being listed as always and plans made to handle more people than ever before.
