

To Buy or Not to Buy
If in doubt as to prospective profits in buying up feeder steers and fattening them for the market, send for the latest feeding information contained in the new experiment station bulletin, "Fattening Steers." It will show you how production costs and feeding time were cut in two. Also how to figure costs and returns. Every man who feeds cattle will find

help in this report of six years tests at the station.

Ex-Service Men Visit Farms

Just to see how prosperous farmers make a go of it the ex-service men in farm crops at O. A. C. recently made the round of some of the best farms in the lower Willamette. The Horst hop yards, Riddle & Sons crop

systems, Church & Matthews prune orchards, the Prince Walnut groves, and Lasser potato breeding fields, furnished typical illustrations of how the trick is turned.

Motorists are playing in hard luck. They are forced to pay exorbitant prices for gas, and get no rebate for the stink.

Quality--Service--Pendleton' Leading Store

BIG SALE

Men's Suits and
Overcoats
20 to 25 per cent
Reduction

Now is your opportunity to buy that new fall Suit or Overcoat at a big saving, Come to this store and let us fix you out. The Sale is now going on.

The Telephone Situation

In the engineering of a telephone plant—switchboards, conduits, cables, pole lines and general mechanical equipment—we have always tried to anticipate the growth of a community and provide therefor by advance construction. This course has enabled us to more promptly comply with requirements for service with better construction and at an ultimate expense less than that involved in waiting to meet demands as they arise.

In the war period we were unable to maintain this reserve plant, as the very things we needed for telephone purposes were required and necessarily taken for government purposes. The demand for telephone service did not decrease and our reserve facilities were practically absorbed in meeting it.

As every business man knows, the problems of reconstruction following the war have been acute and prolonged to an entirely unexpected degree. Unusual conditions are prevalent throughout the entire manufacturing, mercantile and social world. The telephone industry has had to meet all the difficulties and handicaps of retarded production, distribution and transportation.

This advertisement is not meant to be one of apology, but one of explanation and even accomplishment. In the face of an unprecedented demand for telephone service in the last few months, hampered by the exhaustion of our reserve plant and difficulty in securing materials, we have added more telephones thus far this year in the State of Oregon than in any similar period of telephone history.

In the State of Oregon, in the eight months ending August 31, we have added 6363 telephones. In the eight months ending July 31, 1917—before the war—we gained 2655 telephones.

In the State of Oregon we have approximately 2600 unfilled applications for telephone service. A similar situation exists all over the United States. We will continue to secure all the equipment possible, and the desires of the public will be met as soon as it is humanly possible to do so.

The Telephone Company regrets the inconvenience to prospective subscribers. It is anxious to give service as the patron is to receive it. The Company is doing all in its power to remedy conditions and furnish service in accordance with normal standards.

The Pacific Telephone and Telegraph Company

Don't Be Fooled

**HE DIDN'T KEEP US OUT OF WAR, DID HE?
NEITHER WILL IT KEEP US OUT OF WAR!**

The Democrats are giving us the same line of bunk which enabled them to elect Woodrow Wilson four years ago and dispatch this nation of ours on the most costly, most shameful jamboree of waste and extravagance in its history. Of course, they would make the League of Nations the main issue in the campaign. They tell us the League will keep us out of war but the LEAGUE GUARANTEES FOR MORE WARS A YEAR THAN HAVE OCCURED IN THE LAST CENTURY. Did the League keep the smaller nations of Europe out of 29 wars in the very first year of its existence? No! The League very generously provides that it will see that America enters into European tangles whether it signs up or not. Vote down the Wilson League.

THE TARIFF IS THE MAIN ISSUE.

in this campaign and you citizens of Umatilla county should realize that fact more readily than all.

Do you think it admirable that Harney county citizens can buy CANNED Australian meat in Burns cheaper than they can buy fresh meat?

Do you think it is prosperous for wool to be a drug on the market?

Vote for the Party which believes in protect American Industries, which stands upon its record.

The Republican Party pledges you good government. It pledges to you efficiency, economy, courage and the square deal. It pledges you an American government—the sort of government that a long and illustrious line of Republican Presidents have given this Republic.

DO NOT ALLOW YOUR COMPLETE CONFIDENCE IN THE RESULT KEEP YOU FROM THE POLLS ON ELECTION DAY.

Do your duty as a citizen—an alert, wide-awake, American citizen—just as America has ever done and will continue to do her full duty as a nation, and thus will you help to put your Uncle Sam's house in order.

Vote for HARDING and COOLIDGE and a REPUBLICAN CONGRESS on November 2, and all will be made well. HARDING, COOLIDGE AND STANFIELD mean GOOD GOVERNMENT. Good Government is what we all need and must have.

And Citizens, permit us one last admonition—This is the year of all years TO VOTE THE REPUBLICAN TICKET STRAIGHT. The change must be complete this year. WE HAVE HAD ENOUGH OF THE DEMOCRATIC ORDER OF THINGS. LET'S CLEAN HOUSE.
