The Money You Waste in Neglect would pay much of the Expense of Maintaining your car

We do not want to tell you what you should do. You have a mind of your own, and it is clearly your own affair. We do, however, want to impress upon your mind the fact that neglect will ruin the best car that was ever made. Cars should be frequently overhauled and all working parts adjusted. If this is not done the neglect in the end will cost you many times the price of the overhauling. Of course, neglect is a good thing for the repair man, but it is an expensive proposition for the car owner.

Better let us overhaul it, and keep in the economical class.

The Library Board wishes to give publicity to the fact that two of the business men have helped out in donating reading matter. H. E. Hitt has given to the board a years subscription to the Oregonian and Mr. Sisael has given an equal amount to be applied to the purchase of a magazine subscription.

Charles Opal is filling the position of junior clerk at the Reclamation office.

You've got to hand it to some of our political spellbinders in at least one respect. They can make other people believe a line of bunk they wouldn't even dream of believing themselves.

To the voters of the Umatilla project: I respectfully ask your support at the coming election, Tuesday, November 2nd. I am a candidate for the legislature on the Republican ticket, and will do all in my power to work for conservative legislation and an economical administration. I have been identified with all kinds of farming, stock-raising and banking, and my residence, Stanfield, where I have lived all my life, qualifies me to know the needs and wants of this end of the county. I have seen the results of irrigation and will devote all my energies to further the reclamation of our arid lands, and the interests of Umatilla county. Pd. Adv. Frank Sloan

I want to express to the good people of Hermiston and surrounding community my appreciation of the wonderful entertainment given to all of us when I visited your City as a member of the Portland Chamber of Commerce excursion. I shall always praise your country and your people and do everything I can to advance your interests.
