Two Deliveries—Phone 171

**FORGET IT**  
 If you see a tall fellow ahead of the crowd,  
 A leader of men, marching fearless and proud,  
 And you know of a tall whose mere telling aloud  
 Would cause his proud head to in anguish be bowed—  
 It's a pretty good plan to forget it.  
 If you know of a skeleton hidden away  
 In a closet and guarded and kept from the day  
 In the dark and whose showing whose sudden display  
 Would cause grief and sorrow and life-long dismay,  
 It's a pretty good plan to forget it.  
 If you know of a thing that will darken the joy  
 Of a man or a woman, a girl or a boy,  
 That will wipe out a smile, or the least may annoy  
 A fellow, or will any bright gladness cloy,  
 It's a pretty good plan to forget it.

### The Money You Waste in Neglect would pay much of the Expense of Maintaining your car

We do not want to tell you what you should do. You have a mind of your own, and it is clearly your own affair. We do, however, want to impress upon your mind the fact that neglect will ruin the best car that was ever made. Cars should be frequently overhauled and all working parts adjusted. If this is not done the neglect in the end will cost you many times the price of the overhauling. Of course, neglect is a good thing for the repair man, but it is an expensive proposition for the car owner.

Better let us overhaul it, and keep in the economical class.

### Granite Sale Week

As announced Saturday of last week to the ladies at our demonstration, we will have a big sale of blue and white granite ware the week of Nov. 8 to 13. We were fortunate in buying this \$300 lot of graniteware at about 25 per cent under present market prices and we have marked the retail the same ratio lower. This saving is well worth while and the line is complete. In addition to this saving, we will allow an extra 10 per cent discount during this sale week and we want every woman on the project to at least come in during the week and look over this beautiful kitchenware.
