### The Red Cross of Peace

I am the RED CROSS of Peace; the outgrowth of war's travail; a re-awakening to the interests of a nation. Consecrated to the needs of humanity and inspired by the love of man for his fellows, I go forth to help the unfortunate, to make strong the weak, to teach the gospel of clean living and well being.

I give aid to the needy and help them lift themselves out of adversity. I welcome into my house those who are heavy laden, and give them rest.

I am a refuge from fire and flood and pestilence; an anchor sheet against the tempest of calamity. The love of little children is mine, that they grow to the full fruit of manhood and womanhood. My interest is in the welfare of the community. I ease the way of the cripple. I am compassionate to the aged. My exultation is in the strength of mankind. I teach. I lead. I serve.

I am the Greatest Mother, brooding over the sons and daughters of men, that they may go forward, strong and well and happy, to the upbuilding of the Nation.

I am the RED CROSS of peace.
