MUSIC BIG AID TO MORALE

Engineer in Charge of Construction Work on Big Dam Has Found Idea Pays Well.

Music as an aid to morale is having a successful test among laborers employed on the construction of the million-dollar Barrett dam near San Diego, Cal., according to H. N. Savage, hydraulic engineer in charge of the construction of the dam. A special recreation hall, provided with a player-piano, phonograph, a steel guitar and other instruments, was built by Mr. Savage for the use of the workers.

"It has long been the custom on big projects to have clubs for the higher paid, technical men, but the common laboring class has been left to seek its own pleasure," said Mr. Savage. "But on this job," he continued, "I have looked after the latter class and let the 'higher ups' take care of themselves. It may be a reversal of things, but I am finding it working out in fine shape, for our labor turnover, even though we are located 43 miles from the city, is remarkably small, and I believe that music and the other entertainments which we furnish the men keep them contented on the job."

About 75 per cent of the men on the Barrett dam work are of Mexican origin, although American citizens, and they are very fond of music.

PRETTY ADDITION TO ROOM

Wandering Jew or Some Other Vine in Bowl of Water is a Splendid Idea.

If you want to keep a large bowl or panful of water near a steam radiator or hot-air register to counteract the excessive dryness of the heat, try filling the bowl with the delicate green vine called Wandering Jew and place it on a table near a steam radiator, renewing the water frequently.

This vine will grow and spread beautifully in water and has the added advantage of not needing daily sun. It will do just as well in a dark corner, if that is where your radiator happens to be, with only an occasional visit to a sunny window, and at the same time it will light up that dark corner wonderfully. A few sprigs of the vine will spread rapidly and luxuriantly and will do away with the useless look that a plain bowlful of water always has. In addition to their decorative value, water bulbs are also a useful means of increasing humidity, but always choose the odorless ones.

Vessel for Submarine Research.
Details of a new submarine intended for ocean research work were given to the members of the Academy of Science by M. Laubeuf, its inventor, says a Paris correspondent of the London Express. Its length is 62 feet, its diameter 7 feet 6 inches, and it has a displacement of 50 tons. It can descend to a depth of 330 feet. Its accumulators and electric motors give it a speed of six knots on the surface and nearly five knots under water. It is equipped with portholes recalling those of the famous Nautilus created by Jules Verne. The inventor claims that the vessel can be used for various operations, such as the location of wrecks, the collection of marine specimens, soundings, the study of ocean currents, or sponge fishing. The cost of construction, which was estimated when the plans were first drawn up in 1907 at \$38,000, is now placed at \$120,000.

Poor Gondolas.
Business had prospered with Mr. Cashtalks. So much so that his wife found herself established in a large house with grounds—nothing so low as a garden!

One morning Mrs. Cashtalks sent for the gardener, of whom she was very proud.

"I've had a letter this morning from Mr. Cashtalks, John," she informed the man. "He is traveling in Italy, and says that while in Venice he bought two gondolas for the lake, which should arrive this week. So you must go to the store at once and get some food for them and build them a nest or something. I'm sure the poor things will be tired and hungry by the time they get here!"—Houston Post.

Poles Grateful to America.
Polish papers in the United States have recently published a resolution unanimously passed by the Polish diet expressing thanks "for the memory of future generations" to seven American organizations who "in the name of brotherly love have brought relief to the unfortunate without flinching before danger and difficulties." The seven organizations mentioned are the American Red Cross, American Relief Administration, Young Women's Christian association, Young Men's Christian association, Fund for European Children, American Commission for Fighting Typhoid and the Joint Distribution committee.

Perfectly Frank.
Aunt Nellie and her "beau" had taken her tiny niece, Ruth, to the park. They did everything they could to amuse her, even standing by (for almost an hour) the "slide of life," while Ruth made one slide after another. Finally auntie thought she could make a facetious remark. Of course it was intended to amuse the "beau."
"I believe I'll slide down next, Ruthie," she said.
Little Ruth observed her with great concern. Then she said earnestly: "You can't Aunt Nellie, you're too wide."

Summons
IN THE CIRCUIT COURT OF THE STATE OF OREGON
For the County of Umatilla
F. B. Swayze and W. H. Simpson as Receivers of the Western Land and Irrigation Company, Plaintiffs, vs. J. Herbert Strohm and C. E. Joslyn, Defendants.
TO J. HERBERT STROHM and C. E. JOSLYN, the above-named defendants:
In the name of the State of Ore.: You are hereby required to appear and answer the complaint heretofore filed against you in the above entitled court and cause on or before the last day of the time prescribed in the order for publication of summons herein, to-wit, within six weeks from the date of the first publication of this summons or within six weeks from the date of personal service upon you of a copy of the summons and complaint herein, if the same be served out of the State of Oregon; and if you fail so to appear and answer the plaintiffs will apply to the court for the relief demanded in the complaint herein, to-wit for a judgement against J. Herbert Strohm for the sum of Seven Hundred Ninety Dollars and Sixty-eight cents (\$790.68) with interest thereon at the rate of six (6) per cent per annum from February 1st, 1917, and for the costs and disbursements of this suit, and for a decree adjudging this same to be a first lien upon the Southwest quarter of the Southwest quarter of Section 19; the Southwest quarter of the Southwest quarter of Section 30; and the South half of the North half of the Southwest quarter of the Northwest quarter of Section 30, all in Township 4, North of Range 28, E. W. M., together with the water right of one miners' inch for each acre of said land below the constructed line of what is known as the "Hinkle Ditch," under and by virtue of the mortgage executed and delivered by J. Herbert Strohm to the Hinkle Ditch Company on January 28, 1908, recorded in Umatilla County, Oregon, in Book 33 of Mortgages at page 569, and foreclosing said mortgage and directing the sale of said premises and property in accordance

with the law and the practice of said court and barring said defendants and all persons claiming by, through or under them, or either of them subsequent to the 28th day of January, 1908, of all right, title, and interest in or to said premises or property save the right to redeem as provided by law.
This summons is published pursuant to an order of the Honorable Gilbert W. Phelps, Judge of said court, made and entered on the 11th day of December, 1920, directing the publication of summons herein by publishing once each week for six successive weeks in the Hermiston Herald, a weekly newspaper printed and published at Hermiston, Oregon. Date of first publication December 17th, 1920.
