Many Children Underweight
Eleven of the 23 children under school age, and 16 of the 46 in school were found to be underweight in child conferences held in Langlois in December. The average per centage of underweight was 9.4, reports Miss Lassie Lane, who conducted the conference as arranged by the home demonstration agent, held in cooperation with the Northern Curry Community club.

Card of Thanks
We wish to thank all our friends and neighbors who so kindly assisted us during the recent illness and death of our beloved daughter, Bessie C. G. Gilliam and family.
