Suggestions By Rose Committee

The Community club rose committee, Mrs. Wm. Leathers of Columbia, Mrs. A. C. Voelker of the west side, and Mrs. J. T. Hinkle of the east side, are recommending trying out of two different varieties of yellow roses for this district. The Dutchess of Wellington and Madame Ednard Harriett. These are two of the hardest types, and it is believed they will thrive in this community. If there are any questions you would like to ask about the rose campaign, the committee will gladly give you all the information they have.

Business By Long Distance Telephone

There seldom is a business transaction between men in different places that cannot be completed by telephone and in many instances, in less time than it takes to dictate the average business letter.

Consider the time taken by correspondence and the unavoidable delays of the mails. Try the long-distance telephone in your out-of-town business transactions.

Recent improvements in transmission have made it possible to talk satisfactorily to any point in this country.

Long-distance service is the direct and economical method of communication and does away with undue expense and delay.
