## The High School Mirror

Vol. 1 Devoted to the Interest and Development of the Hermiston Schools No. 20

The Senior Class is looking for a copy of "Alma Mater" for commencement. There were several copies around town a year or two ago, and they would greatly appreciate it if someone would inform them where they might obtain one.

The High School is very proud of the work done by their representatives in the track meet last Saturday. The boys did good work and we expect them to do equally as good at Pendleton next Saturday. Herbert Hall took first, Neil Boynton ranked second, winning two firsts, and one second making thirteen points, and Max Warriner took third place by winning one first, one second, and one third and making a total of nine points won.

Mr. Sutton, representative of the John W. Graham Co. of Spokane was a business caller Tuesday.

Last Saturday night about sixteen of Marion Steven's school-mates gave her a surprise party at her home. Miss Marion is leaving as soon as the schools are out, and this was a farewell party. Dancing and games afforded the entertainment of the evening. About eleven o'clock the young people were served with punch and cookies. Every one had a very good time.

Last Tuesday morning the Columbia bus, driven by Ted Hall, had a blow-out about three miles from town. As a result about thirty pupils had to walk to school. They arrived about ten o'clock.

Miss Elda Buhmann was absent from school Monday. Elda spent the week-end with old friends and school-mates in Wasco, and did not come back to Hermiston until Monday afternoon.

A base ball game is scheduled for

**BROWN AND GOLD LEAVES**  
Umatilla High School  
(By Lottis Davis)

Ralph Stangeby of the third grade has moved to Seattle with his parents.

The primary grades were very much interested in making baskets Friday.

The seventh and eighth grades are having a series of special tests.

The latest "fad" in the seventh and eighth grades is willow whistles. Those who study during recess period often wish that they could quench the ardor of the amateur musicians in the manner usually accorded the unwelcome serenaders.

Those who won points for the

Friday, May 6th with Boardman high school. Our boys are in better shape than they have been before and we hope that they may do some good work.

The managers work from sun to sun, but the Editors work is never done.

Rev. Sims of the Baptist Church delivered his lecture on China before an interested assembly last Friday morning. This was the same lecture that Mr. Sims gave during his week of lectures, but nevertheless, we all enjoyed it very much. We are sure that everyone learned a lot about China that they did not know before.

The Senior Class had a theatre party last Saturday night.

Motor and your girl motors with you,  
Walk and you walk alone.

The high school orchestra is going to play for the Weiner Roast to be given next Thursday.

A game was scheduled for last Thursday. Our second team against Stanfield second team.

The child with no schooling has one chance in 150,000 of rendering distinguished services; the child with elementary education has four times this chance; the child with a high school education has 87 times this chance; while the young man or woman with a college education has 800 times this chance. High school Graduates, you will therefore, multiply your present efficiency nearly ten times by getting for yourselves the best college education possible.

The Seniors have begun their work for commencement. They plan to have class night, Friday, May 20th

Baccalaureate night, Sunday, May 22nd, and Commencement on Wednesday, May 25th. Rev. Jackson has consented to deliver the Baccalaureate sermon, and Dr. Van Waters, the Commencement address.

### Least We Forget

Do you realize that the school year is flying to an end? There are only two weeks and three days until our vacation will be here. We may find it very hard to keep at work when the sun is shining brightly and all nature calls, and easy to let our minds wander to spring sports and other diversions and to forget our school work. We must keep up to standard so that May 25 will not be accompanied by sorrowful faces of "flunkers."

### GRADE NEWS

Junior Reed a pupil in the seventh grade, attempted to get off the bus last Friday before it stopped, and he now has a bruised leg. This should be a lesson to others who want to get on and off the bus before it has stopped.

The seventh graders had a Weiner roast last Wednesday on the butte.

Twenty-three points were won by the seventh grade in the track meet last Saturday; the eighth fifty-two; and the sixth grade seventeen.

While practicing the high jump, Lee Christian of the eighth grade dislocated his right wrist. This is a great disadvantage to the eighth grade athletics as he was one of their best track boys as well as the catcher on the baseball team.

The eighth grade state examinations will be given next Thursday and Friday, May 12 and 13.

adopted. Kathryn Stephens was elected secretary-treasurer to fill the place of Gladys Nugent who left school on account of illness.

### Lumbago

This is a rheumatism of the muscles of the back. It comes on suddenly and is quite painful. Every movement aggravates the disease. Go to bed, keep quiet and have Chamberlain's Liniment applied and a quick recovery may be expected. Mrs. F. J. Dann, Brockport, N. Y., writes: "I can honestly say that Chamberlain's Liniment cured me of lumbago a year ago last summer. When I began using it, I was flat on my back in bed and could not turn to the left or right. I had a bottle of Chamberlain's Liniment in the house and this was applied to my back. It promptly drove away the pains and aches." Pd. Adv.

## KINGSLEY MERCANTILE COMPANY
