Society Events

(Continued from page one)

Thursday evening. The time was spent in playing games and plans were made for a Young Peoples Orchestra. Light refreshments were served at the close of the evening.

Mr. A. E. Bensei was the genial host at a jolly little theatre party, his pledge to treat the three students making the highest grades in the recent eighth grade state examinations. The young people spent a delightful hour over the mysteries of "My Lady's Garter," then repaired to the Sweet Shop where they were refreshed with Ice Cream and Cake. The fortunate guests were the Misses Helen Pelmdur, Ruth Woughter, and Pauline Voelker. Miss Zonn and Earl Bensei accompanied the party.

Members of the Study club had their second open meeting of the season at the home of Mrs. S. C. Lochrie on Tuesday afternoon. Each of the members invited a guest for the occasion. The house was prettily decked with early summer blossoms, and Mrs. I. E. Putman and Mrs. Beisse assisted as hostesses. The regular program of the club was carried out beginning with the call of the roll which was answered by many pertinent topics of current interest. Mrs. Putman then gave an illustrated discussion on American Art as compared with the old Masterpieces. Mrs. F. P. Adams resumed the study of Mental Tests introduced by Binet and now interesting with such popular favor in the Educational field. Mrs. H. M. Schilling read a splendid article on "Making Motherhood Popular" which called forth many interesting discussions and varied opinions. The Owen Adair Bill sponsored by the club women of Oregon which is to come up before the next legislature was incident to the discussions. Mrs. R. B. Spencer then introduced "Mona Lisa" the world famous painting by De Vinci and gave a delightful picture study of the subject. Refreshments were served by the hostesses and many interesting discussions of the program topic added to the pleasure of the tea table.

Don't forget the big box social at the Columbia school house next Friday evening, June 3rd.

**PENDLETON LADIES CLUB
WILL GIVE SHOW HERE**

Under the auspices of the Community club, the ladies of Pendleton will present a farce on women's club life tonight at the Play House.

The show promises to eclipse any efforts ever attempted by local talent here and a record crowd is expected to be at the popular show shop Friday night at 8:15 p. m.

The local ladies have some wonderful stunts that will be given after the big show, and an enjoyable evening will be passed by those who attend this show.

The proceeds are for the library, and besides being a good show the money is going to be spent for a good cause, so let's all go.

Be an International Farmer

Buy International machines for the most successful operation of your farm, then keep them 100 per cent International as long as they last by using only Genuine I H C Repairs. Be an International Farmer, and we will back you up by International Service, which is prompt, dependable and permanent.

What an Experienced Farmer Knows

Any farmer of experience can tell about how long his farm machinery will run before the parts that need replacement will wear out. These include, with many others, shares, shovels, guards, knives, sections, blades, teeth, etc.

Order Repairs Early

All these items should be listed and ordered early far in advance of the time when they will be needed. You will save time and money by ordering all the repairs at one time. This will save you money later in the season, when you may be obliged to pay for long distance telephone calls, and express or parcel post charges on numerous small orders.

When Delays are Expensive

And, what may later prove much more costly than these charges, is the time lost waiting for repairs just when the implement should be working to capacity in the field.

20%

On Your Money

A true statement and the dividend is paid in advance.

We have always maintained that Goodrich tires were the best buy regardless of price and when Goodrich comes along as the leader in the movement for lower price on high grade, worth-having tires, and knocks 20 per cent off the price it really means that one-fifth of the previous purchase price for Goodrich Tires is handed over to put in your inside pocket.

As your banker might say: "It's an investment that commends itself any way you look at it."
