Biliousness and Constipation
"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally," writes Mrs. Rosa Potts, Birmingham, Ala.

Women!! Get These Surprising Cooking Facts!

Here are some facts about the "Red Star" oil range, which if used, will put your cooking problems on the most efficient and economical basis possible.

RED STAR

Detroit Vapor Oil Stoves

The "Red Star" is entirely different from ordinary oil burning stove. It is really a gas range. It generates its own gas from any grade of kerosene, gasoline or distillate. The patented eight and one-half pound double ring flame burner vaporizes the heat units of the fuel and utilizes the energy that is usually wasted in odor and smoke. The heavy, iron burner becomes red hot and concentrates an intense heat directly under the utensil. It operates entirely without wicks or asbestos rings.

NO WICKS! NO SMOKE!

NO SMELL! NO TROUBLE!

Repeated official tests have proved that the "Red Star" is the quickest, most dependable and economical oil stove on the market. It is designed and works like a city gas stove. A beautiful stove in any kitchen. Substantially built, easy to clean and to keep clean.
