

ARMISTICE DAY IS OBSERVED FRIDAY

REV. ALFRED LOCKWOOD TALKS TO GATHERING

Plea for Support of Red Cross Made By Speaker; Solos by Henry Shelladay and Dr. Prime

November 11 was a holiday in Hermiston. All stores were closed and business practically stopped. In the afternoon a brief service was held in the Play House under the auspices of Hermiston post of the American Legion, Rev. Alfred Lockwood of the Episcopal church of Pendleton being the speaker of the day.

The meeting was held at 1:30 in the afternoon and the Play House was nearly full when the services opened. Earl Kingsley, adjutant of the post read the orders for service and Rev. Harry A. Wann rendered the invocation.

Two Solos Rendered

Carl Voyer, post commander, welcomed the attendants and expressed the hope that such a gathering might be made an annual event here. Two fine musical selections were given, a vocal solo by Dr. F. V. Prime, "My Own United States," and a cornet solo, "On Flanders Field," by Henry Shelladay.

Rev. Lockwood recalled to the gathering the rejoicing on the original Armistice day of three years ago and asked if the country had not slumped in moral feeling since then. He spoke of the war as having brought some compensation in raising for the time the moral feeling of the nation from stagnation of materialism, but insisted that we had gone backward since we were released from its trials by the armistice.

Rev. Lockwood indorsed strongly the Red Cross drive soon to begin and asked all to do their share in taking care of those who were injured in the war. Hope was also expressed that the present disarmament conference in Washington might find a way to make future wars impossible. It was a good talk and very much enjoyed, according to comments heard afterward.

Father Butler gave the benediction. The entire service took but three quarters of an hour.

BROWN AND GOLD LEAVES

Umatilla High School
By Ruby Powell

Too late for last week

Miss Jenks, the 3rd and 4th grade teacher, who has been absent for the first 10 weeks of school on account of illness, resumed her work Monday Nov. 14th. A program was given by her pupils in her honor for the day of her arrival.

Rubber matting has been placed on the cement incline. This eliminates the danger of slipping or falling on the concrete.

The school took an active part in the Armistice day program Friday which was under the management of the ladies Home Bureau. The orchestra furnished two numbers while the folk dancing class was also represented.

Better English week is being especially observed this year. Wednesday morning each high school student was given ten tags. The students were deprived of a tag for each error.

Herbert Thompson, Leslie Thompson and Joe Dobler left last Sunday for Portland where they will judge stock at the Pacific international live stock show.

David Talbor from the first grade has left school on account of ear trouble.

Farm Reminders

One Dairy Breed Best

In changing sires in the dairy herd always plan to change to a better one of the same breed, never to one of another breed. Good bulls from high producing cows can now be bought cheaper than ever before, hence this is the time to anticipate future needs and select the next head of the herd.—O. A. C. experiment station.

Potatoes Want Rotation

Plan to use another piece of ground for the potato field next year, as old potato ground harbors some of the worst diseases and will cause infection in next year's crop no matter how sound and well treated the seed stock may be. In the meantime the seed stocks should be stored in a cool, dry place with provision for

ventilation from below as well as from the sides. This practice will minimize the development of rots and black leg.—O. A. C. experiment station.

Wheat from frosted fields is being held in considerable amounts by farmers in the mountain districts of Oregon. This badly pinched and damaged grain is worth more for feed than anything else as it will sell only on sample grade and normally bring less than its value as feed on the ranch.—O. A. C. experiment station.

Deterioration of the spray outfit is often greater in winter than during the active season finds the department of horticulture. This loss can be avoided by cleaning the machine thoroughly and oiling all unpainted surfaces before storing. All worn or broken parts should be either repaired or replaced before spring.—O. A. C. experiment station.

BOARDMAN NEWS

SPECIAL CORRESPONDENCE

Boardman, Ore., Nov. 17—Boardman dairymen are planning on shipping in concentrates by the carload on a cooperative basis to complete the ration for the increasing herds of dairy cows. On this basis corn can be laid down at \$25 per ton and barley at \$31. Those who want to get in on the deal see Paul Smith who has the matter in charge.

Evangelistic services to begin next Sunday are announced by Rev. Mr. Hillis of the local church. A similar service has just been completed at Irrigon with good results. Mr. Hillis has been in evangelistic work for several years and takes the view that what the world needs most is a good dose of the good old fashioned gospel.

"Better book week," is being observed by the local schools. The endeavor is to instill higher ideals and better reading habits. Lists of books recommended by the U. S. Department of Education for boys and girls are being presented as a guide to their reading. The library in the Boardman schools contains about 1000 books and magazines of juvenile nature, something over 2000 of adult fiction in addition to the reference books required by the state department of education for standardization.

Rev. L. B. Losey, arrived in Boardman this week with his family and is occupying the Brown cottage on Heppner street. Mr. Losey comes from Latah, Wash. to take charge of the work of the Adventist church in Boardman district. A daughter, Gladys, has entered the sixth grade of school.

There is a Red Cross contest on between the grades of the Boardman school to see which can bring in the most memberships for the coming year. It is hoped that there will be at least one membership for every family. Mail subscriptions may be sent to M. B. Signs and credit will be given any one named.

The observance of Armistice day closed with a program by American Legion Post No. 104. Special features were community singing, portrayal of camp life including the puppet, the crap game, camp songs and the difficulties of the doughboy experienced in getting something to eat in a French restaurant. The address of the evening was delivered by Col. Callahan of Boardman and Portland and it was most enthusiastically received. Special music was furnished by the Boardman quartet.

The annual school budget meeting was held this afternoon and all items upheld the standard set last year. A new item of \$5000 to apply on a gymnasium was turned down. It was decided, however, to build an outdoor basket ball floor which will also be used for tennis, the soil being too gravelly for an earth floor.

Mr. Scott, banker at Lexington, suffered an auto accident on Sunday when his car struck some sand in turning on to the Columbia highway near Messner. The car was overturned and Mr. Scott was pinned underneath until Miss Doris Healy a Boardman high school girl came along and gave assistance bringing the injured man to Boardman in her car. He was later able to ride to Heppner Junction to get the Heppner train for home, though he was suffering considerably, and some internal injury is feared.

Another reason Irish negotiations are slow is because the Sinn Fein want to be sure of their parachutes before they come down off their high horse.—Dallas News.

Germs are frequently caught on the fly.—Greenville Piedmont.

COLUMBIA NEWS NOTES

SPECIAL CORRESPONDENCE

Fred Bennion, county agent and Mr. Jackson with the U. S. biological survey, planned to give a rabbit poisoning demonstration at the Henry Ott ranch last Tuesday, but could not do so on account of being delayed on the way here by the storm Monday, as it takes two days to demonstrate, however, he told the people who came how to poison the rabbits through the summer months.

Little Opal Stockard, 13 months old baby of Mr. and Mrs. Hays Stockard, got hold of a daisy fly killed and pulled out two of the wicks. She sucked one of the poison wicks and Dr. Illsley responded to a hurry up call. The little one is resting easy and although she had a close call will recover. The old swatter seems the safest where babies are concerned for it seems as though no matter how careful we are there is danger of babies getting the poisoned killers.

Mr. and Mrs. W. A. Leathers and Mr. and Mrs. James Whitaker motored to Portland to the International Stock Show last week where Mr. Leathers purchased a new Studebaker car.

Mr. and Mrs. C. L. Upham motored to Pendleton Monday.

Roy Rodgers had the misfortune to fall while working on the ditch with the Government crew and hit his head. He had to be taken to his home.

Mr. and Mrs. James Whitaker of Pilot Rock returned home Monday morning after a visit at the Leathers' home. They accompanied the Leathers to Portland and back.

Mrs. A. S. Fisher was on the sick list last Sunday.

Mrs. W. W. Felthouse and daughter Margaret left Saturday for Denver to visit indefinitely with Mrs. Newcomer, who is seriously ill at that place.

Mrs. Henry Sommerer gave a splendid talk at the Community club Tuesday on "The Oregon Trail" and Mrs. F. P. Phipps also gave a fine biographic sketch of Dr. Marcus Whitman.

Willard Felthouse and brother, John who is visiting with him, have gone to Arlington to shoot geese.

Mrs. Banks has gone to Yakima to visit her daughter.

Among the visitors from Columbia district to the Milton-Freewater apple show were Paul Miller, Freeman Phipps, Newton Warriner and Otto Heint. Several of the men went to Walla Walla and saw the football game between Whitman and Willamette.

Wm. and Lou Rogers have a contract for building two bridges on the new highway being built between Cold Springs and Pendleton. Frank Napton is working with them.

Mrs. Boyes left for her home in West Unity, Ohio last Saturday. She will stop over in Boone, Iowa to visit there. Mrs. Boyes is a sister of Mrs. A. Linder and aunt of Mrs.

Walter Blessing. She has visited here for the past year.

Ed. Beddow and Mr. and Mrs. Gentry from Cold Springs country returned on Tuesday from the International Stock Show in Portland.

William Waugaman, son of Mr. and Mrs. Frank Waugaman, won 2nd prize on four Duroc-Jersey hogs which he personally exhibited at the International Stock show in Portland. He enjoyed the trip and the show very much. The state was divided into three districts, two districts west and one district east of the Cascades. The 1st prize of \$40 went to Wayne Swaggart of Athena and 2nd of \$33 to Wm Waugaman of Columbia. These boys are Pig club workers and the trip was a reward of merit in their club work. Mr. Sommerer is the local club leader and should be given credit for the good work he has done for the boys of Columbia.

Among those of the sick list this week are Mrs. F. Beddow, Wilma Waugaman and James Waugaman.

Otto Heint went to Pendleton last week and purchased a new Ford car.

UMATILLA LADIES GUESTS AT COMMUNITY CLUB MEET

Oregon Missions Are Recalled in Talks by Members; Two Songs by Quartet

The Community club had a very interesting meeting at the library last Tuesday, the ladies of the Umatilla Home Bureau being their guests.

Mrs. H. M. Shilling gave an account of the work of Jason Lee who installed the first mission at Salem. Mrs. Sommerer gave a splendid talk on the Old Oregon Trail and Mrs. Phipps told of the work of Marcus Whitman.

Mrs. O. C. Young then told of the first Catholic mission established in Umatilla county which was located near Cabbage Hill.

Mrs. Davis of Umatilla was called on next and she told many interesting things about the old town of Umatilla.

The ladies quartet sang two numbers which were very enjoyable, after which tea was served.

A Messenger to Garcia.

The local newspaper is the messenger to Garcia for your town. It goes out to the world as an advertisement for the community. To be a good advertisement it must be a good newspaper. To be a good newspaper it must have the support of the people of the community in the way of subscriptions and advertising. Are you doing your part toward making your paper a good advertisement for this community, one that will carry the kind of a message the people of the community wish carried to the world?

The Deadly Arrow.

A mounted Indian or white man with bow and arrows sometimes could kill more buffaloes than a man could kill with a rifle, says the American Forestry Magazine. At close range the arrow was as deadly as the bullet. It made less noise, and arrows could be discharged four times as rapidly as bullets from muzzle-loading guns.

A Texas Iconoclast.

Our guess is that when the bride promises to love, honor and obey she is just as earnest as when she kisses the bridegroom's folks.—Dallas News

Methodist Church Notes

Sunday school 10 o'clock a. m. Church service at 11. Epworth league at 7. Mid-week prayer and praise service Wednesday evening at 7:30. Columbia Sunday afternoon Sunday school at 2 o'clock, preaching service 3 o'clock.

The Sunday school is increasing in interest and numbers. Last Sunday the attendance at Hermiston was well over one hundred, next Sunday our goal is set for 125.

Communion service at the morning hour. Special music and sermon. Church going is a means of grace and divinely appointed. It is helpful and restful. A fine investment of your time. It develops the best powers of the man. But how easily neglected. Absence from next Sabbath's services will make it easy to stay away the next week. The slightest irregularity in attendance will work serious havoc with a good habit. Then we reach for an excuse. We shall find a plenty, except good ones. Most excuses analyzed means, "I don't wish to." If you will attend church regularly one quarter, you will want to go. Try the remedy. Begin next Sabbath. We shall look for you.

Your pastor, Harry A. Wann.

As business sees it, highways of prosperity can be reared only through buy-ways.—Norfolk Virginian-Pilot.

This foreign paper money would be worth more if they printed a lomar strip on one side.—Greenville Piedmont.

If all our pro-Germans invested in German marks we can bear the blow with Christian fortitude.—Wall Street Journal.

"No beer, no work" wasn't very successful as a protest, but it was an excellent prophecy.—Boston Post.

If there is any corrective value in suggestion, it might be well to place perpendicular steel bars on the windshields.—Chicago Journal.
