SAYS HE STOLE FALSE TEETH
Wife Accuses Husband in Alimony
Suit—He Makes Hot Retort
in Court.

New York.—Unusual cruelty was
charged in the Supreme court in
Brooklyn by Mrs. Harriet Steiger
against William A. Steiger, a contrac-
tor, of Merrick, L. I. She asserted
through counsel in her alimony suit
that her husband one time had de-
prived her of her false teeth.

"Cruelty, indeed, if true," observed
Justice Lazansky.
Mrs. Steiger also alleged that once
while walking along the road she re-
monstrated with her husband for pay-
ing attention to another woman. For
reply, she said, he threw her into the
brush along the way.
Steiger denied his wife's charges. He
said she had misled her false teeth
and then accused him of taking them.
Once, he said, she threw red pepper
into his face and he had to donse her
with a pail of cold water in order to

DEDICATE NEW CLUB HOUSE.
Pasadena (Cal.) scouts recently de-
dicated their fine new clubhouse
presented to them by the Rotary club
of the city, with appropriate ad-
dresses, music and an exhibition of
scout work. The building is a fine one,
60 feet in length, with a 12x60-foot
porch. It has beamed ceiling, with
special electric lighting and a huge
fireplace built entirely of stones from
the canyon. The shelf over the fire-
place is of redwood and bears the in-
scription "Do a Good Turn Daily."

TO AID AIR SERVICE.
The Boy Scouts of America is again
to render peace service to the War de-
partment by working with the federal
air service in constructing airways.
Scouts will guard landing stations and
lay markers. Many accidents occur
because these routes have not been
clearly marked hitherto, and it is be-
lieved that scouts can render real
service and even be instrumental in
actual saving of life by marking out
the names of each town along the
route with white cobblestones.

SCOUTS REPAIR CITY SIDEWALKS
There is only one scout troop in
Lind, Wash., but that one is up and
doing as is proved by a recent example
of thrift and enterprise. It seems the
scouts noticed that the wooden side-
walks of the city were badly in need
of repair. Consequently they marched
up to the mayor and offered to do the
job at a nominal figure. The mayor
liked the idea. He also liked the spir-
it of the boys and took up the offer,
arranging that the work should be done.

MOUNTED BOY SCOUTS IN HAWAII
In a little mountain town of Ma-
kawa, situated half-way up the ex-
tinct volcano of Haleakala, there is a
lively troop of Portuguese, Japanese and
Hawaiian ancestry. Just now they
are particularly interested in horse-
back riding, and are a real mounted
troop. Their scoutmaster says they
are splendid riders, and it is a great
sight to see them racing along the
mountain roads at full gallop, stand-
ing straight in the saddle.

SOME MORE HIGH ADVENTURE.
A small party of scouts of Troop 4,
San Jose, Cal., hiked off into the hills
with a portable searchlight which had
been made by one of the boys. In the
meantime another party of scouts mot-
ored to the summit of Mount Ham-
ilton, famous as the site of the Lick
observatory. Within ten minutes the
two parties were signaling each other
over a distance of fully 25 miles, no
small feat, for amateurs with amateur
outfits. The incident was a thrilling
one to the boys.

A WISE CHOICE.
In Jacksonville, Fla., they recently
celebrated the opening of the new St.
John's river bridge. The local scout
leaders planned to give an elaborate
pageant representing scouting as a
part of the civic program in connec-
tion with the dedication, but when it
was found that scout help would be
needed in managing the huge crowds
and maintaining information and first-
aid booths, they decided to change
their plans and undertake the service
end of the celebration exclusively.

**A Civil War Veteran's
Advice**
SOMETHING WORTH READING.
Plentywood, Mont.—"Over fifty years
ago I had an awful bad cough—had it for
five years. I was advised by an aunt of
mine to try Dr. Pierce's Golden Medical
Discovery and one bottle and a half
cured me entirely. I have used this re-
medy ever since and have recommended it
to many, and it has been a success in
every case.
"I am an old Civil War veteran 73
years of age and can truthfully say I
don't believe there is a better cough medi-
cine than the 'Discovery' this side of
Paradise."—Wm. L. Pierce, Box 43.

Medical Discovery, which has been sold
for over 50 years. It can now be obtained
in tablet as well as in liquid form. Write

STATE NEWS IN BRIEF.

Dallas.—City delivery of mail was
started in Dallas last week with two
carriers, W. P. Miller and Lester
George.

Salem.—Nineteen delegates to at-
tend a convention of the Western
States Reclamation association at Salt
Lake City November 29 and 30 were
named by Governor Olcott Saturday.

Roseburg.—The Douglas county
Thanksgiving turkey crop is about one-
third below normal this season. The
long rainy spring was not favorable
for the growth of the young birds and
many died, while others will not be in
condition for the Thanksgiving mar-
ket.

Salem.—The Marion Hotel company
announced Saturday that improve-
ments to the hotel property to cost ap-
proximately \$10,000 will be undertaken
within the next few weeks. The in-
terior of the dining room and office
will be remodeled and a modern ban-
quet room will be installed.

Salem.—Mrs. Philomene Chenette,
in a divorce action tried in the circuit
court here Saturday, alleged that while
she was living in St. Johns, Portland,
her husband, Joe Chenette, disposed
of her furniture in order to obtain
money to purchase liquor. A decree
was awarded to Mrs. Chenette.

Prineville.—The international potato
show of Duluth, Minn., has awarded
several first prizes to S. D. Mustard
of Powell Butte on a peck of Irish
Cobbler potatoes which Mr. Mustard
had on exhibition at that place. It
is estimated that Mr. Mustard raised
approximately 335,000 bushels of pota-
toes this year.

Tillamook.—Road district No. 7,
which embraces about one-third of
the county, held a meeting at Rock-
away and voted a special road tax of
5 mills, the vote being 138 for and 55
against. The special tax will raise
about \$37,000,000 to be used on the
road from Brighton to Manhattan, on
Garibaldi Beach.

Salem.—Selection of the site for the
proposed new state training school for
boys was made by a majority of the
members of the state board of control
over an adverse report filed by W. H.
Singerland, special agent for the de-
partment of child helping of the Rus-
sell-Sage Foundation, it was announ-
ced here Saturday.

Salem.—John L. Rand of Baker, who
recently was appointed justice of the
Oregon supreme court to succeed the
late Henry L. Benson, arrived here
last week. He will assume his new
duties Monday. Justice Rand was ac-
companied here by Mrs. Rand. They
are being entertained at the home of
Justice and Mrs. Henry Bean.

Salem.—Estimates prepared here
last week indicate that tourists who
occupied the public camping grounds
in Salem during the 1921 season left
approximately \$250,000 in the city. The
Northwest Tourist association estimat-
ed that each tourist spends \$6 a day,
but the local estimate was made on
the daily per capita expenditure of \$3.

Salem.—Superintendents of the var-
ious state institutions, acting upon a
suggestion advanced by Sam A. Kozer,
secretary of state, will call a meeting
within the next few days to effect a
working organization. The first con-
ference will be given over largely to
the election of officers, appointment
of committees and outlining of activi-
ties for the ensuing year.

Salem.—Receipts of the state in-
dustrial accident department for the
last four months indicate a gradual re-
vival in the industrial activities of
Oregon. For the month of July the
receipts of the accident commission
aggregated \$163,641, while in August
the receipts increased to \$175,920. Sep-
tember receipts were \$180,335 while
the October receipts will exceed \$190,
000.

Salem.—The state of Oregon, under
the Dowell-Townsend bill, will have
available in the near future from the
federal government approximately \$1,-
225,000 for forest roads and \$1,180,000
for post roads, according to estimates
prepared by George H. Cecil, district
forester. This money will be matched
by Oregon funds through the sale of
highway bonds. This will give Oregon
nearly \$4,000,000 for the construction
of post and forest roads.

Salem.—Figures made public Sat-
urday by the Oregon Co-operative
Growers' association indicate that
there are 6,250,000 pounds of prunes
in nine packing plants located in var-
ious prune producing sections of Ore-
gon at present. About 4,000,000 pounds
of these prunes were grown in the
Willamette valley. Deliveries have not
been completed and it was said by of-
ficials of the Oregon Growers' Co-op-
erative association that their earlier
estimates of 8,000,000 pounds will be
reached before the year's business is
closed.

Muskellunge Gamest of Fish.
Well named the Tiger of the Fresh
Water, the muskellunge is today the
most sought after big game-fish of
the country. Anglers do not feel that
they have graduated in the science of
fishing unless they have scored at least
one of these giant pike to their credit.
Their range is limited to the northern,
northeastern and central sections of
the country, where they are each year,
according to statistics, steadily increas-
ing in numbers, Farm Life says.

Unlimited opportunity and unrestricted

Fruit Goes to Waste.
In the total movement of fruit in
this country, it is stated that at least
15 per cent of it is spoiled by care-
lessness or indifference in the handling
of the fruit in the course of shipment.

A Lady of Distinction.
Is recognized by the delicate fascinat-
ing influence of the perfume she uses.

A Puncture.
Teddy's father has a car and Teddy
is quite observant. The other day he
got a slight cut in his foot and, limp-
ing to his mother, he said, "Oh, please,
hurry and wrap it up, or I'll go flat."
—Boston Transcript.

Almost Like New.
Caller.—"Isn't that picture one of the
old masters?" Mrs. Newrich—"I be-
lieve so, but my husband had it var-
nished and framed in a way that
makes it look almost as good as new."
—New Haven Register.

Worthy Achievement.
To write so as to satisfy one's equals
and so to appeal also to those who
are not specialists—that is not easy.
Yet it can be achieved by taking
thought; and it is worth all the pains
it costs.—Brander Matthews.

a quarter if it's as important as the
girl who receives one usually seems
to think.
