### Never so Cheap in History

New prices on Goodyear Tires and Tubes are given below, these being the lowest prices ever heard of in history. Stock up now as this tire war won't last and with high freight rates, may go up to what market should be in a very short time. Price cutting was never last long remember and that's what's happening in the tire world just at this time.

#### How Not to Take Cold

Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with window open or partly open, avoid excesses, over eating, becoming over heated and then chilled and getting the feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.
