

DR. PENROSE TALKS TOMORROW EVENING

WHITMAN COLLEGE HEAD HERE FOR ADDRESS

Gathering is at Baptist Church at 8 p. m. Friday; Admission Free and Everybody Invited

Dr. Stephen Penrose, president of Whitman college will speak here Friday evening of this week. This address, which is under the auspices of the Community club, will be given at the Baptist church at 8 p. m.

Dr. Penrose is one of the foremost educators and public speakers of the north-west and the local woman's club considers itself fortunate in being able to secure him for an address here. He is to speak of the life and work of Marcus Whitman in the inland empire country. The talk is entitled, "A new chapter in the acts of the apostles."

The woman's club has been studying Oregon history this fall and it is in connection with this study that they have secured Dr. Penrose. The meeting will of course be open to the public and it is free to all. It is hoped that a good crowd will be out.

The speaker will be introduced by Mrs. C. W. Kellogg, president of the Community club. The ladies quartet will sing. The members are Mrs. W. A. Correll, Mrs. B. S. Kingsley, Mrs. J. K. Shotwell and Mrs. M. R. Baker.

Botkins Have Visitors

Mr. and Mrs. M. G. Wescott of Pomeroy, Wash. and Mr. and Mrs. R. T. Vivian of Pendleton were Thanksgiving guests at the T. W. Botkins ranch north of town.

FARM BUREAU TO HOLD MEETINGS

BOARDMAN AND IRRIGON WILL HEAR STATE PRESIDENT

County Agent Calkins Endorses Work of Organization; Meetings Are Dec. 5 and 6

By C. C. Calkins, County Agent, Morrow county.

Farmers have problems in common that can be met only when attacked by the farmers collectively. Many of these are so large that it is necessary for the farmers of the nation to attack them as a unit. The Farm Bureau makes this possible.

Realizing that to achieve real results in communities, or as a county we must be strong, the Executive Committee are out for a Farm Bureau with every farmer a member. Conditions may not be ideal because money is short but the greater the reason for organized effort.

Dues Not High

The membership fee will be \$5.00 and will be used as follows:

National dues \$.50
State Bureau 1.50
State Farm Bureau Paper 1.00
County Farm Bureau Paper 2.00
The County Farm Bureau officers of the state have decided in favor of one paper to which the counties can contribute.

It is seldom that a farmer spends \$5.00 which will do so much in return in his behalf for the amount expended. For instance one single piece of work on the part of the American Farm Bureau federation meant a saving of \$30 to every farmer in the country.

Boardman Meeting Monday

The work of the national, state and county organizations and work for the coming year will be discussed at Boardman on Monday night, December 5, and at Irrigon on Tuesday night, December 6. G. A. Mansfield State Farm Bureau president, will be present at both meetings. Those who have heard Mansfield know they will have a real message and a meeting well worth while.

The program for 1922 will be discussed at these meetings and committees and officers elected.

Light refreshments and a social hour may be the order of the local committee. Mrs. C. E. Glasgow at Irrigon, and a committee to be appointed at Boardman will have charge of this feature.

P. T. A. TO MEET AT 2:30 NEXT THURSDAY AFTERNOON

Interesting Program With Business Meeting and Social Hour Are Part of Plans

The Parent-Teachers association plans an interesting program for its meeting on Thursday, December 8 at 2:30 at the public school building.

After the regular program there will be a brief meeting to be followed by a social hour and refreshments. The hostesses are Mrs. Al. Robb, Mrs. P. P. Sullivan, Mrs. W. A. Leathers, Mrs. W. J. Warner and Mrs. B. S. Kingsley.

The program is as follows: Solo, Mrs. M. R. Baker; paper, "Good books for children," Mrs. H. M. Sommer; piano selection, Miss O'Leary; a number by the 7th grade; cornet solo, Henry Shelliday.

CITY BUDGET FOR 1922 IS APPROVED

COUNCIL FIXES TAX TOTAL AT \$6250

Saving is Made on Several Items; Total Same as Last Year; \$1000 Payment on Engine

The 1922 budget as adopted by the city council at its meeting of Nov. 29 provides for the raising by taxation of \$6250. This amount, which is the same as last year means that if there is any change in the millage tax it will be due to an increase or a decrease in assessed valuations. It is thought that the assessment rolls will show a slight increase. If so taxes for city purposes will show a slight decrease.

General Fund is \$3300

In the general fund few changes were made. The total is \$3300. Savings were made on several items where it was found that the business could be conducted for less than was estimated a year ago. There will be a slight increase in street lighting expense due to the few more lights being put in. Street lights will cost \$780 in 1922 and the fire department will cost \$450 or less.

The other items are city recorder, city attorney, city engineer, police, health officer, election expenses and miscellaneous. Police is for special officers at occasions like the Dairy and Hog show and for special protection during the winter. A balance of \$300 remains unexpended from last year so the amount to be raised for the general fund is \$2900.

\$1000 Payment on Engine

The water fund expenses are still large because the city has bought a new engine on which a payment of \$1000 is to be made this year. Also there is the item for \$150 on the purchase of the old engine.

When these improvements are paid for the city will have the engine and water expenses will be considerably lighter. A big saving was made this year in the appropriation for fuel oil for the engine and if the price goes down more there will be a further saving. The expenses for the water department will be about \$6480 and come from the monthly payments of the water users.

Other sums to be raised by taxation include \$500 for the support of the city library, \$2500 for the street fund and \$350 for the new auto park just purchased by the city. The total to be raised by taxation is \$6250.

The budget report was submitted by the special budget committee of J. K. Shotwell, A. W. Prann, O. G. Sapper, H. E. Hitt, B. S. Kingsley, J. S. West and Thos. Campbell.

The official budget as finally approved will be found on another page.

Nineteen persons were entertained at Thanksgiving dinner at the home of Mr. and Mrs. W. W. Rogers. Guests included Mr. and Mrs. Geo. Keller of Columbia, Mrs. J. T. Davies of Walla Walla, Roy Rogers and family, Henry Hooker and family and Mr. Haar.

Geo. A. Cressey who is back east on a visit writes The Herald from Green Bay, Wisconsin, that they have been having a nice fall. They now have six inches of snow and good sleighing.

God made the coal, but we hesitate to hold Him responsible for the coal operators.—Columbia Record.

HUNDREDS ENJOY MINSTREL SHOW

MORE THAN 700 SEE DARKY TROUPE PERFORM

Clever Local Hits Bring Laughs From Crowd; Eats and Dance Follow Entertainment

A crowd estimated at more than 750 persons laughed and had a good time at the community minstrel show Tuesday evening. The weather was not very favorable but if anybody let the weather keep him at home we have not heard about it for it seemed that everyone was there.

The principal part of the program was the opening chorus including an instrumentalist, Otto Sapper, the interlocutor W. J. Warner and 10 "coons." The black men included Dr. F. V. Prime and A. W. Adamson, end men, and Jack Waller, Harry Straw, P. A. Chezik, F. C. McKenzie, M. D. Seroggs, Arnold Gralapp, P. B. Sisco and O. C. Young.

Adamson and Prime End Men

The crowd roared with laughter many times as the chorus members worked clever local hits into the acts. A. W. Adamson and Dr. F. V. Prime as end men had the brunt of the work and both were exceedingly good. W. J. Warner wore a diamond which sparkled suspiciously like an electric bulb at intervals during the evening, but it was sure some "head-light."

A negro playlet by Jack Waller, O. C. Young and A. W. Adamson followed the chorus. The plot was staged around the attempt of one of the characters to collect \$50 life insurance from the death of his pal who was not dead at all. The scheme went to wreck when the doctor insisted upon embalming the supposedly dead man.

Disturbance Starts

It was at this stage of the show that an old man in exceedingly rural make-up began to raise a "rumpus," in the bleachers. Constable Claude Kellogg pulled him out on to the floor and it developed that he was a drug salesman with a suit case full of bottles and compounds for different local men. He was finally placed under arrest for being a moonshiner, but was released upon his promise to sing a song, which he did. A. C. Voelker had this part.

The guests were welcomed and escorted to seats by a reception committee which included Thos. Campbell, W. A. Leathers, Earl Mitche! Don Campbell, H. M. Schilling, E. R. Dodd, S. C. Loehrle, and R. A. Brownson. Earl Kingsley made the announcements and brought down the house when he called the brewery on the phone and ordered up a glass of "suds" for one of the audience.

Voelker Leads Singing

C. S. McNaught was chairman of the committee which put on the show. A. C. Voelker led the audience in community singing at the opening of the program and made local parodies out of some well known songs. This feature proved very popular.

Last, but not least, were the "eats" which were served at the close of the program. After that those who stayed enjoyed a dance. The high school orchestra furnished the music.

It is believed that at least 750 persons were present. The two sections of bleachers were filled early in the evening. After this all the chairs in the house were filled and more than 100 of the men had to stand. It was the second show of its kind held in Hermiston and the larger crowd indicates that the popularity of the thing is growing.

L. O. HUNT ENTERS AUTO SCHOOL IN LOS ANGELES

L. O. Hunt of this city has decided that some of the 9,211,295 automobiles in America need his personal attention. So he has gone to the National Automobile school in Los Angeles, California where he is to take up an intensive course of training in automobile mechanics and ignition.

Mr. Hunt expects to return home within three or four months a full fledged mechanic.

Mr. and Mrs. Harry T. Donivan of Portland are the guests of their uncle and aunt Mr. and Mrs. A. S. Johnson.

UNION PACIFIC TRAINS COLLIDE NEAR RUFUS; 8 ARE REPORTED KILLED

UMATILLA EXPERIMENT STATION HOG FEEDING RESULTS ARE GIVEN OUT

The hog feeding tests conducted by the Umatilla Experiment station during the past season includes hog handfed and self-fed on mixtures of barley-middlings and corn-middlings with tankage added during the finishing period.

All the hogs were on alfalfa pasture so a charge of \$1 per head should be added to the costs. An acre of alfalfa will carry from 30 to 40 hogs for the season so that the pasture charge at \$1 per head would be about equal to the return had been grown. The table is a summary of the results secured. Barley, corn and middlings were valued at \$40 and tankage \$60 per ton.

During the growing period lot 1, fed 2 per cent of their weight per day of barley-middlings gained 100 pounds on 309 pounds of grain which was about equal to the grain cost of the 2 per cent corn-middlings lot while the self-fed lot required 391 pounds of grain per 100 pounds gain.

More grain was required in each instance during the finishing period. The ration for lot 1 was increased from 2 per cent to 4 per cent and was changed from barley-middlings to corn-middlings-tankage. The 2 per cent corn lot was finished on a self-feeder while the original self-feeder lot was continued. The feed cost per 100 pounds gain for lot 1 and lot 2 was practically equal while lot 3 cost 415 pounds or 16 per cent more per 100 per pound of gain.

The cost of production for both the growing and finishing periods show that the lot grown on 2 per cent and finished on the self-feeder were produced for \$8.37 per 100 pounds while the 2 per cent and 4 per cent lot cost \$6.75 and the self-feeder lot \$8.02.

GROWING PERIOD AMOUNT AND METHOD OF FEEDING

	Lot 1 2 per cent Barley Middlings	Lot 2 2 per cent Corn Middlings	Lot 3 Self-fed Corn Middlings
Number of hogs	7	8	5
Average initial weight	44	40	40
Average final weight	119	111	171
Average gain	75	71	131
Grain fed per 100 pounds gain	309	266	391
Cost per 100 pounds gain	\$6.12	\$5.29	\$7.77

FINISHING PERIOD AMOUNT AND METHOD OF FEEDING

	4 per cent Corn Middlings Tankage	Self-fed Corn Middlings Tankage	Self-fed Corn Middlings Tankage
Average initial weight	119	111	171
Average final weight	186	196	231
Average gain	67	85	60
Grain fed per 100 pounds gain	359	354	415
Cost per 100 pounds gain	\$7.42	\$7.29	\$8.37

COST BOTH PERIODS

Grain fed per 100 pounds gain	332	313	398
Cost per 100 pounds gain	\$6.73	\$6.37	\$8.02

Umatilla News Items

The dance given on Saturday night after the show was well patronized and the music, supplied by the three young ladies who gave the evening's programme, was very good. The one feature which was not appreciated by the Ellison-White girls was the fact that some of the local people insisted on a moonlight waltz, which is against the state law, and the orders of Mayor Kundsens. Some of the ladies present and Miss Johnson of Ellison-White Bureau, saw to it that light was restored before the dance was finished and kept on for the balance of the evening.

The high school is to have an entertainment on Dec. 10, at Pound's hall. Miss Beulah Henderickson, of California, a noted reader and impersonator, is the special feature, but there are several other good numbers on the programme.

The admission is to be 50c and 25c and the proceeds are to go to the student body fund. An invitation is extended to the Hermiston people and high school pupils as our entertainer is highly recommended.

Miss Laura S. Dunne and Miss Yvonne Hurlick of Pendleton were Thanksgiving guests of Mr. and Mrs. W. R. Nugent. They returned to Pendleton on Sunday.

At the home of Mr. and Mrs. Walter Caldwell on Saturday night a party was given and a large crowd of friends and neighbors gathered. Delightful refreshments were served and the guests departed at a late hour after having a very nice time.

Mr. and Mrs. Tom O'Donnell have the distinction of being the proud parents of a 10 pound baby.

Mrs. Mary Jones, who has been seriously ill for some time past, is doing nicely and will soon be about.

The Home Bureau plans a series of card parties for the winter, one party every two weeks. Also a home talent play is under way.

Mrs. Cherry and son Earl, returned from Portland after being tied up several days by the storm.

Several less fortunate families were well taken care of on Thanksgiving and were sent well filled baskets.

Mr. Ed. Rowe, a former resident of Umatilla, but now of La Grande, went through here one day last week to run the snow plow at Multnomah Falls. His work was surely to be complimented as he was the means of the snow being cleared in record time.

The school orchestra under the direction of Mrs. Benjamin is doing fine work and will soon be able to furnish music for various occasions.

A large crowd of Umatilla people journeyed to Hermiston to the Minstrel show. They were keen with anticipation and reported a wonderful time.

Bee Keeping Course at O. A. C. Oregon produces but 2 per cent of the country's honey crop, while its big neighbor to the south, California, turns out about 15 per cent. California has increased its production 500 per cent in the last 20 years, and its fruit output by a like margin. Oregon areas growing seed commercially are now dependent on bees. A short course in beekeeping, January 3-February 25 at O. A. C., will deal with wintering, spring management, honey plants, equipment, swarm control, disease and inspection, queen rearing, and comb and extracted honey production. It will help those wanting to get into the bee business as well as those now in it.

HERMISTON PEOPLE ON WEST BOUND TRAIN SAFE

Dr. and Mrs. F. V. Prime and F. B. Swayze in Wreck But Are Not Injured at All

At least eight people and perhaps more were killed shortly before midnight last night when Union Pacific trains 12 and 17 collided near Rufus. Reports of the wreck reached Hermiston early today.

No 17 is the west bound afternoon train which goes over the cutoff but which of late has been going through Hermiston. No 12 is the night train out of Portland for Spokane. It is supposed to reach Umatilla at about midnight, but was late on this trip on account of the bad condition of the road.

Orders Are Mistaken

Reports reaching here are that the company was using only one of its two tracks between Rufus and The Dalles and that through a mistake in getting the orders the trains moved on the same track when one should have stayed on the siding at Rufus.

No definite report of the fatalities had reached here when The Herald went to press. It is reported that at least eight and perhaps more have been killed and about 25 injured. The dead and injured are being dug out of the wreck and taken to The Dalles.

Both trains are said to have been derailed by the shock and the track is now clear. The trains are reported to have been making high speed at the time of the collision, one 25 miles per hour and the other 55 miles per hour.

Hermiston People Safe

At least three Hermiston people were on No. 17. They are Dr. and Mrs. F. V. Prime and F. B. Swayze. Mr. Swayze telegraphed home this morning that all were safe and had not been hurt at all. So far as is known these were the only local people in the wreck but it is known that there were some from Pendleton and other parts of the county. All will hope that the early report of the fatalities has been an exaggerated one.

UMATILLA HAS 3 NIGHT CHAUTAUQUA.

ENTERTAINERS ALL GOOD AND SHOW ENJOYED

Program Shortened to Three Nights on Account of Snow; Negro Singers Excellent

Owing to the weather only three nights show was given in Umatilla by the Ellison-White chautauqua company. The first two night's performers were unable to appear.

On Thursday night the Garner Jubilee Singers were here and presented an excellent programme to a crowded house. Mr. Garner, leader was a wonderful tenor singer, and rendered several very beautiful selections. His wife, Mrs. Garner, was pianist, and one of rare ability. She is the only colored lady to have the honor of being soloist with the Chicago Symphony Orchestra, she having filled that position for two seasons.

Mrs. Allison, alto singer, was very fine and sang several beautiful songs and was encored each time. Miss Monroe, soprano soloist, rendered "Way Down Upon the Swanee river" very well and led several of the old plantation melodies which were greatly enjoyed.

Mr. McMorris had a wonderful bass voice and showed it to advantage singing "Old Black Joe," and several other selections. It was remarked by many of the people present that it was the finest, softest bass voice they had ever heard.

The second night Dr. Babb, a noted lecturer of Boston, Mass., was the entertainer and held the undivided attention of a large audience. His lecture was an inspiration and full of jokes and caused a good many
