HEPPNER, OREGON

Will pay highest market price for butterfat. Honest weights and test. Give us a trial shipment.

W. C. Cox, Manager

Enlightening the Ignorant.

A large, guttural-voiced woman sat in an aisle seat for one of the Pavlova performances at the Manhattan opera house. She was the type who read all the captions aloud at the movies. Here her weakness took her in the form of interpreting the pantomime for the benefit of the man with her, and those around who could not escape. "Aw!" she would exclaim deeply and caressingly. "Her toes!" Her best remark, however, was on the occasion of Pavlova's final scene in "Amarilla," where she is dancing near the stone seat in the count's garden. "Now," she said, "she is Vorshipping where he sat."—New York Evening Post.

Truly Mathematical Prodigy.

The mathematical prodigy, whose case is reported in the Lancet, was able to give the square root of any number running into four figures, in an average of four seconds, and the cube root of any number running into six figures in six seconds. He gave the cube root of 465,474,375 (which is 775) in 13 seconds. These feats, and others even more remarkable, he performed without resort to writing, as he was blind from birth.

Old-Fashioned Notion.

"The coffee is good here, the waiters attentive and the music and vaudeville superior. Besides, I don't think you will find a more tastefully decorated place in the city."

"I agree with all you say," replied the visitor, who was being shown about town, "but occasionally I go into a restaurant for the purpose of getting something to eat."—Birmingham Age-Herald.

Hospital Without Walls.

A hospital without walls, where people of small or no means can receive private treatment, is being built in New York.

Constipation

Constipation of the bowels is a stoppage of the sewerage system that removes waste matter from the body. It is as necessary that your bowels move regularly once each day, to carry off this waste, as it is that the waste pipes of your home be kept open and carry off the waste from the house. If you would enjoy good health, keep your bowels regular by taking Chamberlain's Tablets when needed.

Mr. and Mrs. Lyle Tilden entertained a number of friends Thursday evening. After several hours were spent in playing cards, delicious refreshments were served by the hostess.

The many friends of R. Alexander, pioneer merchant of Pendleton will be glad to hear that he is able to be around again after being confined to his home for several weeks with a broken leg.

The Masonic Lodge held a banquet in honor of M. D. Scroggs Monday evening. A Grand Master's Apron was given to him by the lodge. About thirty members were present and all wished him success in his new position.

The Shotwell Construction Co. have been busy the fore part of the week moving a part of their equipment out to Cold Springs. They expect to resume work on the Cold Springs-Pendleton road as soon as the weather will permit.

Prest-O-Lite Storage Battery

Best Battery for Winter Use

COLD weather driving makes heavier demands upon any storage battery. Engines are stiff—oil is sluggish—gasoline vaporizes slowly—lights burn longer—and the severe cold tends to cause battery deterioration. Only a battery of maximum power and vitality can meet these demands.

The Prest-O-Lite Storage Battery has proven in the toughest of cold weather tests, to be by far the best battery for winter use.

Why be satisfied with anything short of the best? There's a Prest-O-Lite for every car.

Hermiston Auto Co.

HEATER BARGAINS

All Universal Heaters—33 1-3 per cent discount for cash sale while present stock lasts.

All Oak Heaters—25 per cent discount for special cash bargain prices.

Regular \$3.50, \$4.25 and \$6.25 Wood Heaters—25 per cent discount from these prices as a special cash bargain price.

Remember also these reductions apply from the present regular prices, not from the high war prices.
