## Something to Think About

By F. A. WALKER

### WHAT CAN YOU DO?

**TO MASTER** despair, to look beyond the earth, to minister to the suffering, to venture forth into fields of thought still unsurveyed, are achievements which call for the highest types of human quality.

The doing of such things as these develop strength of purpose and beauty of character. They enlarge the heart and mind, open new vistas where scenes are changing constantly, give exquisite pleasures, besides storing the soul with knowledge found only in pursuit of the Infinite.

Can you do any one of them and acquit yourself satisfactorily? Have you the fine patience and the penetrating vision on which you can rely when put to the test?

Going round and round, day after day, takes to nowhere beyond a weekly pittance.

The man or woman who in his or her own strength breaks through routine methods and keeps looking for substance rather than "such stuff as dreams are made of," is doing something along this line.

Both are moving towards a new world, where there is no boundary to opportunity and no limit in the field of operation.

Though up-hill intimacies are without charm of freedom, of which youths of the present seek more than is good for their bodies and souls, these close associations with difficulties, accompanied with earnest work, take by easy stages to great heights.

**Up hill intimacies!**  
Are you, young man and woman, familiar with them?

Do you hold communion beneath the evening lamp with instructive, uplifting books, instead of idling your time in frivolous amusements that gain regularly great holes in your weekly or monthly earnings?

If you do, you will come in some solitary night of your study and meditation, face to face with smiling Hope, holding her torch high to light and cheer your way.

Then you will drink in the inspiring ether of the higher altitude and feel commendably proud in the thought that this big world is reserving a place for you, where you may sit among the honored guests at a bountiful table.

Success rests on just such a basis as this; it is nature's way of making choice and bestowing reward. Unless you pull yourself up from the lowlands you never will know the joys of a heroic life.

**YOUR HAND**  
How to Read Your Characteristics and Tendencies—the Capabilities or Weaknesses That Make for Success or Failure as Shown in Your Palm.

**THE HAND OF A SAILOR**

**THE HAND OF A SAILOR**  
THE hand of a successful sailor must be strong, short, firm and broad. A characteristic sign is a well-developed mount of Luna, lying on the outside of the palm near the wrist. It denotes great love of the sea. If there is a star on this mount, it means danger by water, to which naturally, every sailor is exposed.

A line of Mars, paralleling the line of life, on the inside, shows endurance and protection from great dangers. The sailor's hand contains, also, well-marked travel lines; that is, lines extending from the first bracelet and going upward to the mount of the moon, or coming in at the wrist from the side of the hand. If a travel line strongly marked is terminated by a cross appearing on it, that is a sign that a journey will end in misfortune.

The line of life of the sailor should be well separated from the line of the head, since such separation signifies plenty of self-confidence.

## STATE NEWS IN BRIEF.

**The Dalles.**—The general tax levy in Wasco county, based on the 1921 tax rolls, for all purposes, totals 23.69 mills, according to figures released at the county assessor's office.

**Albany.**—Ordinary soft drinks may be procured in Albany now for 5 cents for the first time since the early days of the war. Other drinks, while they have been reduced, are not back to the pre-war level yet.

**Klamath Falls.**—The jury in the case of the Ewauna Box company against the logging firm of Phinnegar & Bailey, for alleged breach of contract, returned a verdict in favor of the plaintiffs in the sum of \$25,250.93. The trial lasted four days.

**Prineville.**—The action of Crook county post, American Legion, in adopting resolutions opposing the leasing of Crook county lands to Japanese, has been endorsed by the Prineville Commercial club and by the Powell Butte Co-operative association.

**Bend.**—A county-wide campaign against the coyote, which during the fall and winter season has caused considerable loss to central Oregon sheepman, is to be undertaken in the near future under the direction of County Agent Jamison. Tasteless strychnine in a beef blood bait will be used.

**Salem.**—There were two fatalities in Oregon due to industrial accidents during the week ending January 12, according to a report prepared here by the state industrial accident commission. The victims were William Peters, planemaker, Portland, and Edward Erickson, dock employe, Astoria.

**Toledo.**—The farmers of the lower Siletz river and on the Alsea and Yaquina rivers are at a loss to know what to do with the millions of feet of high-class alder logs which they have on their bottom lands. At the present time there is only one small mill, located at Toledo, which handles alder logs.

**Tillamook.**—W. D. Clarke, division engineer of the state highway commission, with the county court, surveyor and county road master, are going over different sections of the county, "mapping out road work for the coming year in which the state highway commission will take part, on a 50-50 basis with the county.

**Eugene.**—Deaths numbering 248 occurred in Eugene during the past year and there were 324 births during the same period, according to the report of the city health officer, Dr. S. M. Kerron. The report states that Eugene and Lane county during 1921 maintained a high standard of health in comparison with previous years.

**Dallas.**—The big mill of the Falls City Lumber company, owned by the Cobbs-Mitchell interests, suspended operations permanently Saturday. The company gave as its reason for the shutdown the prohibitive cost of transporting logs from its logging camps in the Siletz basin. The equipment and crew of the mill will be transferred to Valselt, where the company has another mill.

**Roseburg.**—Nine residents of the Camas valley vicinity have appealed to the circuit court from the schedule of damages allowed by the county court in confiscating land for right of way on the Roseburg-Coos Bay road which has been adopted as a state project. The court appointed a board of viewers for this road and a storm of protest arose over the findings of the board.

**The Dalles.**—The bid of Blyth, Witter & Co., in conjunction with Bond, Goodwin & Tucker, offering a premium of \$13,850 for the 6 per cent \$150,000 issue of Wasco county highway bonds was accepted by the county court. The bonds were the first lot of the \$800,000 issue voted by the county for the construction of the Dalles-California highway within its boundaries.

**Tillamook.**—On account of the demand for calves from high producing dams, the Tillamook Cow Testing association has decided to pool interests and fix a price on young stock. Inquiries have been received by W. D. Pine, county agricultural agent, who will act in behalf of the association. The average of the association cows is 450 pounds of butter fat, and the calves are from purebred sires.

**Klamath Falls.**—The announcement recently made by Chief Newell of the reclamation service that the Tule lake lands, comprising about 18,000 acres, were to be offered for lease has stirred up a hornet's nest in this community, the proposed leasing project being opposed by the chamber of commerce and the American Legion post. As a result of this feeling a meeting of the board of directors of the chamber of commerce and a committee of the American Legion post was held Saturday at which a protest was formulated and forwarded to Secretary of the Interior Fall.

**Had Older Acquaintance.**  
Don and Hugh had been discussing their father. An argument arose. To prove his point, Don exclaimed, "Well, I guess I ought to know. I've known my father nearly three years longer 'n you have!"

**Solar and Lunar Haloes.**  
Dozens of distinct forms of solar and lunar halo have been classified. Some are very common, while others have been observed only once or twice in the history of science.

**Vibrations of Earthquakes.**  
Earthquakes send out two sets of vibrations, one of which travels around the earth's surface, while the other takes a short cut through the interior of the globe.

**Mosquitoes Prevent Rice Production.**  
Although rice is the staple diet of the population of Ceylon, it is nearly all imported. Malarial mosquitoes breed so freely in the rice fields that laborers cannot work there.

**Cuticura Comforts Baby's Skin**  
When red, rough and itching with hot baths of Cuticura Soap and touches of Cuticura Ointment. Also make use now and then of that exquisitely scented dusting powder, Cuticura Talcum, one of the indispensable Cuticura Toilet Trio.—Adv.

**Not Fair.**  
"People who do the least work attract the most attention." "True. The man who rocks the boat is always the one who is too lazy to help row it."—Minneapolis Tribune.

**West African Tornados.**  
The "tornados" of West Africa are thunder squalls, totally different from the exceedingly violent small whirling storms that bear this name in the United States.

**The Day Is Never So Dark.**  
The day is never so dark, nor the night even, but that the laws at least of light still prevail, and so may make it light in our minds if they are open to the truth.—Thoreau.

**Jud Tunkins.**  
Jud Tunkins says that whenever he commutes he wishes he was a boy again, so he could regard riding on a railroad train as a way to have a good time.

**Tribute to Agriculturist.**  
The agricultural population produces the bravest men, valiant soldiers and a class of citizens the least given to evil designs.—Cato.

**True National Glory.**  
The true glory of a nation does not consist in the extent of its dominion, in the fertility of its soil, or the beauty of nature, but rather in the moral and intellectual pre-eminence of the people.—Sir John Lubbock.
