Announcement

Beginning at once, we will be in position to figure with all who are interested in electrical wiring or other electrical work, for their requirements. Mr. W. H. McMillan has been employed by us and his reputation as a Gas Engine man and electrician is well known here for many years past. He will have complete charge of our electrical contracting department, so we invite inquiries for complete electrical installations. Mr. McMillan will also look after all gas engine trouble calls. We will also carry a complete stock of electrical fixtures and supplies, in addition to our regular complete hardware, implement and furniture stock. Let us figure on your wiring.

Hermiston Locals

Mr. and Mrs. Geo. Prindle arrived here Tuesday morning from Monmouth and are visiting at the home of Mrs. Prindle's parents, Mr. and Mrs. J. K. Shotwell. Mr. Prindle has been studying at the Oregon Normal and is within one credit of enough to graduate. He will take some work at the Pendleton summer normal and will then get his diploma.

Rev. J. K. Mumua the new pastor of the Free Methodist church has returned to Colville after a short stay here. He and his wife will move here to take up their new work by May 28. Rev. and Mrs. F. G. Palmer who have been here the past year are planning to locate at Tekoe, Wash. While here Mr. Mumua was taken to Irrigon for Sunday morning services by Wm. H. Ogden.

Sam Fuscald, brother of Mrs. Sam Rodgers, is here from Tacoma, Wash. He plans to stay in this vicinity if he can get work.

Mrs. C. B. Hay has sold her place here to Ralph Williams of Enterprise and will leave about May 15 for her old home at Mapleton, North Dakota where she will make her future home. Mrs. Hay has lived here for the past nine years and has a host of friends who will be very sorry she has decided to go elsewhere. The sale of her place was one of the quickest in the history of Hermiston real estate, being completed within a day of the time she listed it. The buyers will take possession here May 15. They have four children, one in high school.

Dr. W. W. Hildy, his wife and mother, spent Sunday in The Dalles visiting relatives of Mrs. Hildy there.

The coldest weather of the past few days was reported by the reclamation office here when the temperature registered 28 above zero.

Miss Una H. Keck, who has been stenographer at the reclamation office here has been transferred recently to the reclamation service office at Mitchell, Nebraska on the North Platte project. Her duties will be similar to what they were here. She has already gone to her eastern location.

E. P. Dodd, candidate for the joint legislative seat, returned the middle of the week from a trip to the east end of the county. Mr. Dodd is optimistic regarding his chances, but expects to keep busy between now and the day of the primaries. While away he visited all the towns of the east end of the county and talked to many of the voters.

Dr. F. V. Prime has just installed a new dental X-ray which costs him in the neighborhood of a thousand dollars and which is probably the best in eastern Oregon. It has all the latest conveniences, including a device to regulate the current. This prevents fluctuations and insures better films. The films taken on this machine are a little more than an inch square, though bigger ones can be taken if desired.

The Baptist ladies aid will meet at the home of Mrs. W. A. Correll on Wednesday afternoon, May 10.

Bring in Your Films

Our finishing department, through up-to-date methods and equipment and expert handling, can help you get the kind of pictures you want.

To use a slang expression: "We're there at the finish."

Roll of 6 or 8	10 cents
Roll of 10 or 12	15 cents
Glossy Prints	2 cents extra

Mitchell Drug Co.

Mr. and Mrs. Sid Bowman were Sunday guests at the home of Mr. and Mrs. Geo. F. Elliott.

Many property owners are planting trees around their places this spring. W. W. Felthouse has planted locust trees all around his 80 acre place at intervals of a rod apart. His trees are large ones, being from six to ten feet high. E. P. Dodd has put out 1300 locusts and Russian willows along the railroad, highway and main ditches at his place near Umatilla. Prof. Robinson of the Columbia schools is planting trees all around his 20 acre farm east of town. Others who names have not been reported to us are doing the same thing. The idea is a splendid one and will not only increase the value of the farms on which the trees are planted but will add immensely to the beauty of the country in the years to come.

New car buyers during the past week are Geo. Strohm and Dr. F. V. Prime. George has just purchased a new Dodge touring car of the Ellis-Schiller company and Dr. Prime is driving a new Studebaker big six, bought of Wallace brothers.

A social dance at the Hermiston auditorium is announced for this Saturday evening. A special four piece orchestra will furnish the music. A lunch, including ice cream, will be served at 25 cents a plate. Everybody is invited. Admission including tax will be \$1.10. Tom Marxen is manager of the affair.

Don't miss the basket social to be given by the community club at the auditorium Monday evening. All women are expected to bring baskets and all men are expected to buy them. No basket will be sold for more than \$1.

An enjoyable event of the season was a party given Saturday evening, April 29 by the Stanfield Merry Go Round club at the home of Mr. and Mrs. Fred Hale. The evening was spent playing cards and dancing. Music was furnished by Messrs Archer, Knight and Coleman. Mrs. Knight sang several beautiful selections. The guests numbered 26, Mr. and Mrs. Clyde Boss and daughter Wanda of Hermiston, and Mr. Coleman of Tacoma being the only out of town guests.

Floyd Knerr has moved his repair shop this week and is now located in the Mack building on Second street near Main.

Harry Connor has added a new industry to Hermiston this spring. He is making the Hermiston Maid ice cream. Most of it is being shipped to other towns. About 20 gallons a day are being made and sold now, but much more will be turned out as soon as the ice cream season really opens. The cream is being made at the Chezik building.

The Methodist ladies aid held an all day meeting Wednesday at the home of Mrs. F. P. Phipps. About 40 ladies were present. Work was commenced on the fall bazaar. A bountiful dinner was served at noon.

Services at the Methodist church next Sunday will be at the regular hours. The sermon topics will be "We Know in Part," in the morning and "Spiritualism and the Gospel of the Resurrection—a Comparison," in the evening.

Commencement day at the high school will be Friday evening, May 19. The preceding Sunday evening, May 14, will be the baccalaureate sermon which will be preached by Rev. Wann at the Methodist church.

L. A. Hunt, Hawley Bean and Lee Savely returned Wednesday evening from Yakima where they went to attend the hearing on hay grades. They returned with the feeling that the growers here will get what they want when the grades for the two states are finally adopted.

WEST END TRACK MEET HELD

(Continued from Page One)

Annie Stephens Umatilla first, Isabelle Dodd Hermiston second, Irene Lomax Hermiston third; boys' 60 yard dash class B, Raymond Woodward Hermiston first, Douglas Smith Umatilla second; girls' 60 yard dash class C, Clara Hedwall Hermiston first, Rose O'Donnell Umatilla second; Elizabeth Straw Hermiston third; boys' 60 yard dash class C, Robert Woodward Hermiston first, Harry Shipley Westland second, Floyd Massey Noll third; girls' 75 yard dash class D, Florence Skinner Hermiston first, Gladys Thompson Umatilla second, Eva Woughter Hermiston third; boys' 100 yard dash class D, Gus Hardin Echo first, Ernest Parrish Hermiston second, George Kendler Umatilla third.

Oregon Hardware & Implement Company

Hermiston, Oregon

HERE COMES A STRANGER!

Let's make our post office look neat, Mr. Postmaster. Straighten up the rural letter box, Mr. Farmer. Tidy up some, Mr. Rural Carrier. First impressions are lasting. Maybe Mr. Stranger, taking notice of these improvements, will come back, bringing you benefits. Start these with "POSTAL IMPROVEMENT WEEK" May 1-6.

HUMANIZING THE POSTAL SERVICE

"There is no unimportant person or part of our service. It is a total of human units and their co-operation is the key to its success. In its last analysis, postal duties are accommodations performed for our neighbors and friends and should be so regarded, rather than as a hired service performed for an absentee employer."—Postmaster General Hubert Work.

"Postal Improvement Week" has been set for May 1, by the Postmaster General. This is the first general campaign of its kind in the Postal Service for several decades. Business men and their organizations, large users of the mail, newspapers, motion pictures, advertisers, and the entire organization of 320,000 postal workers are to be enlisted in this country-wide campaign of interest in postal improvements. Your help is vital. Address your letters plainly with pen or typewriter. Give street address. Spell out name of State, don't abbreviate. Put your return address in the upper left hand corner of envelope (not on the back) and always look at your letter before dropping in the mail to see if it is properly addressed. This care in the use of the mails is for your benefit and speeds up the dispatch and delivery of mail matter. If you have any complaints of poor service make them to your postmaster. He has instructions to investigate them and report to the department.

Refinements Added to
FORD ENCLOSED CARS

Demand exceeds supply as rush season approaches.

Many added conveniences and refinements are to be seen in the Ford enclosed cars now being displayed by the local authorized Ford dealers.

The interior of both the Coupe and the Sedan is now finished in an attractive shade of walnut brown broadcloth; and the seats are upholstered with a similar material threaded with chalked ebony stripes. Heavy floor rugs give an added touch of comfort. Lifts, of special design, minimize the effect of raising or lowering the windows. Door bumpers insure a tighter fitting, and new door grips, both inside and out, add to the rider's convenience.

The demand for Ford enclosed cars has been unusually high during the past two months. Although production has been speeded up in the Ford factory at Detroit, sales continue to exceed the output, making it necessary for purchasers in many parts of the country to wait for their cars. Local dealers say this is the reason they have been urging customers to place their orders as early as possible.
