Hermiston Locals

Dr. Adams reports the arrival of an 8 pound girl at the home of D. D. Follett, 2 1-2 miles north of town.

The Study club met at the home of Mrs. A. C. Voelker on Tuesday afternoon of this week when it held its annual Mother's day meeting when each member brought her own mother or some other mother as a guest. After the business meeting and a short program a social afternoon was enjoyed by guests and members. The committee served dainty refreshments.

Among those who attended the declamatory contest in Pendleton Friday evening were Mr. and Mrs. Swayze, Mr. and Mrs. Chezik, Mr. and Mrs. Voelker, Doris Swayze, Melba Callahan, Frank Swayze and Irwin Shotwell.

The Oregon Hardware & Implement company will hold a demonstration for Sherwin-Williams paints Saturday. A representative of the company will be here from Portland to conduct it. An attractive window display has been arranged for the affair.

Jay McCoy of Heppner was here the end of last week and the first of this week doing some work on his residence property near the reclamation office. He reports conditions in Morrow county getting much better. Many carloads of sheep have been shipped to Iowa last winter and the sheep industry is looking up. There has been plenty of work over there, Mr. McCoy reports.

Two new Fords have been sold by the Hermiston Auto company during the past week. A touring car was purchased by the Inland Empire Lumber company, and Mrs. Catherine Duffrey of the Hermiston hotel is the new owner of a Ford coupe.

The three lower grades of the public school will hold a picnic Thursday, May 18. Mothers of first, second and third grade children as well as any others who may be interested are invited to come and are asked to bring a miscellaneous lunch which can be spread. They will meet at the high school at 10 a. m. All who can bring cars should do so to carry the children to the picnic place which is thought will be near Stanfield.

A killing frost did a heavy damage to the fruit crop Monday evening, killing many of the prune and apple blossoms, as well as some of the other fruits. The frost visited the entire

NOTICE TO THE PUBLIC

I wish to give notice that I will not be responsible for bills contracted by my son Wilfred Kennings, except on signed order from me.

W. J. Kennings. 35-3tp.

ANNOUNCEMENT

I have leased the building vacated by Floyd Knerr and will carry staple poultry feeds. All dealings strictly cash, receiving poultry and produce for feed or money. Am continuing truck line. Will take in farmer's produce and market it for him in Pendleton.

R. B. Spencer 35-3tp.

Hermiston Lodge No. 138 A. F. & A. M. Regular meeting Tuesday, May 16, 1922. Work in E. A. Degree. By order of W. M.

Pacific coast, it seems from reports just how much harm has been done here is hardly known as yet, but it is certain to be heavy. According to the government report the minimum temperature here on Monday night was 25 degrees.

Candidates have been coming thick and fast during the past week. E. M. Hulden of Heppner was making the rounds in this county last week and was a caller here on Thursday. Alfred J. Smith of Pilot Rock, candidate for the same office was in Hermiston last Saturday and again on Tuesday. Monday and Tuesday S. A. Miller of Milton was in town. He is a candidate for re-election to the lower house from this county. Tuesday afternoon R. J. Kitchen of La Grande, candidate for the joint senatorship was here in connection with his fight against Colon R. Eberhard. Wednesday forenoon Senator L. L. Patterson, candidate for governor, made a brief visit and met all the voters it was possible for him to meet in the short time he was able to spend here. Meanwhile Hermiston's two candidates, E. P. Dodd and J. T. Hinkle, have not been idle. They have been covering the entire territory they seek to represent. Both are confident of success. Mr. Dodd left yesterday morning for a canvass of Morrow county. Next week he will work in this county again.

The basket social of the Community club was given Monday evening at the auditorium. The attendance was not as large as it should have been, but it was large enough to buy each of the 31 baskets offered for sale in quick time. At first the bidders took their time, starting at a few cents and working gradually up to a dollar where the bidding stopped. When it was seen that there would not be enough baskets to go around, the auction became wild and furious. Earl Kingsley was auctioneer and succeeded in extracting top notch prices from the buyers. After the supper Otto Sapper was conscripted for piano music and an hour of dancing was enjoyed before the party broke up.

The baseball game between Hermiston and Stanfield high schools has been postponed to next Monday and will be played at 3 o'clock. This will be the deciding game between the two schools as each has won and lost one game.

A May breakfast will be held Friday morning (tomorrow) at the Methodist church from 6:45 until 9:00 a. m. It will given under the auspices of the Epworth league. Waffles and other good eats will be served.

Mr. and Mrs. L. L. Mann and daughter Payne were in town today and visited at the home of Mr. and Mrs. Harry Wann. Mr. Mann is a candidate for the lower house from this county and was a caller at The Herald office. He says he is not getting around much on account of his farm work. He lives out of Pendleton, and was in the legislature several years ago.

Frank Swayze took second in high school oratory in the county contest at the county seat Friday night. Frank who is just making his debut in high school forensics this year intends to go out to take first place next year.

J. Lee Parker who arrived in Stanfield a few weeks ago from Fox Center, Minn., has bought the Challis market and grocery and will conduct the business under the name of Hermiston Market and Grocery. Mr. Parker is not a newcomer in this country as he was in Stanfield as far back as 1908 and started the Stanfield Mercantile company. He is well known to many of the old timers here and at Stanfield. Mr. Challis expects to make a trip to Arizona in the summer.

Geo. Wagner has moved his pressing establishment and is now located in the electric light building, in the place just vacated by Jack White's tailor shop.

J. E. Vandermullen who worked in John Wurster's meat market here several years ago and has afterwards lived at Newberg and Dundee, is in town looking around today. He came over by car, having been sick a short time ago and wanting to get over in the sunshine country to recuperate.

GREETINGS

I have purchased the Cold Storage Market & Grocery of R. C. Challis and will conduct the business under the name of Hermiston Market & Grocery. Am short on words but will be long on service. Come in and let's get acquainted.

A Seed Potato Bargain

We have six sacks of good seed potatoes which we want to sell at once. They will be offered at a surprisingly low price. Come and see them.

"Satisfaction Guaranteed. We Aim to Please."

Hermiston, Oregon

BOARDMAN H. S. HAS WEEK END CAMPING EXPEDITION

"Last Days of Pompeii" Will be Exhibited Friday Evening of This Week

Boardman, Ore. May 11—Twenty students and teachers of the high school returned luxuriously worn out from a week end camping and hiking trip which took them down the Columbia highway to Eagle creek. Good weather was enjoyed during the trip and there were no car troubles to mar the enjoyment of the occasion. The event was staged to take the place of the annual flunk day.

The junior baseball team with a load of rooters journeyed to Umatilla Friday afternoon for a supposedly scheduled game only to find that the Umatilla team had gone to Pendleton for their annual truck meet and declamation contest. On the way home however, it was possible to stir up a game with Irrigon with disastrous results, they winning by a score of 8 to 13.

Rev. E. L. Moore of Heppner preached in the local church Sunday afternoon, as a candidate for the pastorate which will include Umatilla and Boardman and likely Irrigon.

Friday night, May 12 will be shown the last of the films advertised "The Last Rays of Pompeii."

C. L. Low, who has come here from Spokane, has put in a bakery and restaurant in the building owned by E. W. Mack at the corner of Second and Main streets. He will carry a line of bread, pies and other pastries, serve quick order lunches and handle soft drinks. A complete baking outfit will be put in, and he will go after the baking business in this end of the county. There is no bakery between here and Pendleton.

Postmaster C. H. Skinner is on his vacation. He may not act like it, for he is going to work the whole time, but not for the government. He is building a seven room house and will devote his time to it. Postmasters are entitled to a month's leave each year. Mr. Skinner has not taken it heretofore, but has the other work to do this summer and will be out of the service from May 15 to June 19. He will help some at the office, but the bulk of the work will be done by Mrs. Skinner and her daughter Grace, with the regular assistant, Miss Leek.

R. B. Spencer has leased the building from which the Knerr repair shop has just moved and will make it a depot and store room. He will handle poultry feeds and will buy produce, continuing his truck line to Pendleton.

Ford Car Has Many Refinements

Body and Mechanical Improvements Meet Public Approval The Ford Motor Company, Detroit, has just made public a list of recent improvements in the mechanical features of Ford Cars.

Asserting that Ford cars are better today than they ever have been before, the statement adds that fuel consumption is lower; the engine is even more efficient than formerly; improvements in the springs and steering apparatus insure easier riding and driving qualities; a new headlamp lens, which complies with all state laws, improves the road light; and that many other minor betterments have been made.

Ford pistons and connecting rods have been re-designed and are matched for weight before assembling into motors. This reduces vibration and gives the motor a quicker pick-up. The new pistons weigh three-quarters of a pound less than those formerly used. A highly polished crank shaft bearing surface also reduces wear and, added to the piston and connecting rod improvements, insures a smoother-running and better balanced motor. The material used in the Ford crankshaft and the care and precision in its manufacture make it second to none.

The new Ford carburetor gives increased acceleration. Though not radically different from the carburetor previously used, the new construction improves the all-round performance of the motor, giving it a quicker pick-up and a greater flexibility of action.

The wiring system has been completely re-designed, and while it costs more to install than the old system, is most efficient, proof of which is evidenced by the fact that it affords a fire insurance as low as the higher priced cars on the market.

Many other changes have been made: A 16" steering wheel is now standard equipment; Timken roller bearings are used in the front wheels; one-piece pressed steel running-board brackets insure rigidity and eliminate vibration and body noises; a dash weather-trough prevents rain from reaching coil terminals or dash wiring; the steering mechanism has also been improved; and the tools supplied to purchasers of Ford cars have been improved in quality. Another important improvement in the truck chassis is the adoption of cord tires as standard equipment on the rear wheels.

The change made some time ago in the seating arrangement of the Touring Car has met with widespread approval. By lowering the seats and altering the seat backs, greater comfort was added.

It is pointed out that retail sales of a million cars and trucks yearly, and the consumption of raw and finished products at a cost of approximately one million dollars a day makes it possible to sell Fords at their present low prices and at the same time to produce a car of exceptionally high quality.
