**MR. DODD'S CANDIDACY**  
 Most everyone in the west end of the county is acquainted with the candidacy of E. P. Dodd of Hermiston for the lower house of the legislature.

In the early part of the campaign Mr. Dodd was looked upon as the one man to run for this office, but now their are four men in the fight and with the religious and other side issues introduced into the campaign it is well for the voters here to understand that Mr. Dodd's success is likely to depend upon a good vote from here.

Everyone here knows Mr. Dodd so there is no need to say anything of him personally. He has been head of our commercial club for several years and many regard him as the most public spirited man in the town. He has served in two former legislatures and made a good record.

The irrigation interests of the west end of this county and the north end of Morrow county are entitled to representation. With all respect to the other three candidates for the joint seat for Umatilla and Morrow counties, none of them are from an irrigated region; none of them have any real interest in irrigation. Mr. Dodd is from the irrigated region, understands its needs and has both a personal and a community interest in irrigation.

To many parts of the two counties irrigation is a small matter. To the country from Echo to Boardman it is a big matter, a vital one. Mr. Dodd will make a strong run in all parts of the two counties, but the decisive votes may come from this district.

A little circular sent out by friends of Mr. Dodd to west end voters yesterday covers the ground exceedingly well and also gives the view of the Oregon Voter toward Mr. Dodd. The Voter is one of the most carefully edited papers in the west and has the reputation of never praising a man unless he deserves it. The communication, together with the Voter quotation follows:

Owing to the number of candidates for the office of Joint Representative for Umatilla and Morrow counties and owing to the strenuous fight due to unusual issues we are convinced that the success of E. P. Dodd will depend much upon a solid vote throughout the irrigated districts.

He is the only friend of irrigation among the four candidates for this office. The other three live in sections where irrigation is not a question of vital importance and they have no interest in us or our affairs. It is needless for us to urge the advantages of having E. P. Dodd in a position of political influence when so many questions arise pertaining to our interests in irrigation, roads, railroad rates and other public matters. You know it pays to have a friend in court.

As to his ability as shown in the 1919 session of the legislature we quote from the last issue of the Ore-

gon Voter which keeps close tab on all public men.  
 E. P. Dodd—Candidate for Joint Representative, Morrow and Umatilla counties—Record as Representative, Umatilla county, 1919.  
 Introduced 9 measures all of which passed both houses except two which he withdrew because their purpose was covered by other legislation. One of the most effective members in getting measures through. Among laws for which he was responsible are the pure seed anti-Dodder bill, public library board and several constructive measures relating to schools and irrigation.  
 Hustling, capable member; led many fights; knew what was going on; worth about ten inexperienced members in efficiency; knows the ropes. Led fight for oleo bill."

**THE POTATO QUESTION**  
 Two weeks ago The Herald printed a letter written by Professor Hyslop of O. A. C. warning the public against potatoes sold by H. W. Whitacre in this district.

Last week Mr. Whitacre paid us a visit and in a very reasonable way submitted his side of the potato controversy. He says that it is true that the Potato Association of America handles no potatoes and has no sale since it is a body of scientists who make experiments and recommendations which its subsidiary organizations like the northwest division which Mr. Whitacre represents endeavor to carry out.

Mr. Whitacre presented blue ribbons and gold medals taken by his potatoes in proof of the claim that he is handling good stock. Since all the editor of The Herald knows about potatoes is how to peel and eat them we cannot undertake to judge the dispute which seems to have arisen between Mr. Whitacre and the farm crops department of the college. It is our understanding that all seed potatoes brought into Oregon have to be inspected at the state line. If this is true it would seem to protect the buyer of seed, providing the inspection was thorough and capable.

As we said before, we haven't the scientific knowledge to say who is right and who is wrong. We printed the letter of Mr. Hyslop in good faith and to serve the public good. We deem it no more that fair to Mr. Whitacre to say that he takes exception to the statements made about his potatoes.

It seems to us that the department at the college should investigate this matter and give the potato growers the benefit of a final decision which could be accepted by all.

**THE GRADUATING CLASS**  
 The class of 1922, 13th to be graduated from the union high school district number five and first in which boys heavily outnumber girls, and also remarkable so the members admit for scholarship and student activities will embark on the seas of life tomorrow evening when the commencement exercises will be held at the school auditorium.

A high school course represents a great deal of work for the student and a great deal of sacrifice on the part of the parents to keep the student there. Yet it is an almost necessary part of the education of the youth of today and every boy and girl should have.

Many do not get it however and those who will receive diplomas tomorrow are among the fortunate ones. They have a right to be proud of what they have accomplished and the parents and community in general rejoice with them.

Our best wishes go out to the class of 1922. We hope for them that they may realize their dreams, not easily and without effort for dreams realized that way are not worth the winning. The task is not an easy one, if the dream is a high one and we are sure all of them are, but the laurel is worth the candle and the laurel worth the winning.  
 Great wealth and prominence are won by few and then often do not bring happiness or satisfaction, but moderate success is within the reach of all and it is moderate success that will bring the greatest happiness.  
 We join with the rest of the community in wishing the best there is to the senior class.

**HERMISTON AND ECHO WIN**  
 (Continued from Page One)  
 The game here, which will probably be the best attended of the year, will start promptly at 3 o'clock. Umatilla clashes with Stanfield at Stanfield and is pretty sure to win, though the worm will turn and the railroaders might meet their Waterloo. At any rate the big interest will center in the game here this time.

The lineup of the Hermiston-Stanfield game:

Hermiston		Stanfield	
A.	B. R. H.	A.	B. R. H.
H. Todd 2b	5 2 2	Rees 2b	5 1 2
Mittelsdorf cf.	5 4 4	Beavert 3b	5 2 1
Yoyen 1b	5 1 1	McCoy ss.	4 0 0
Shesley c.	5 0 0	Vickers rf.	5 1 3
Phelps p. rf.	5 2 1	F. Ward cf.	4 0 0
Longhorn lf.	4 2 1	Lofvry lf.	4 0 0
L. Todd 2b.	5 0 0	Jefft c.	4 1 1
Durfrey ss.	3 1 1	Myers 1b. cf.	4 1 2
Gillette rf. p.	5 1 1	Thornton p.	4 2 2
Total	13 11	Total	8 11

The Home Bureau will give a jitney dance on Friday night, May 19 at Pound's hall. Dancing will start immediately after the picture show. Good music will be furnished for dancing and election returns will be shown all through the evening. The ladies have made special arrangement for this service. Lunch will be served by the committee. A good time assured and a large crowd is expected.

The Cemetary Committee of the Home Bureau completed the work started by them in the fall. The posts and fence have been white washed. Trees all irrigated and trimmed and locks put on all four gates. The women are receiving much praise for the interest they have shown in the cemetary, their work making a noticeable improvement in this section of the city. The trees will be irrigated at regular intervals by the people who have relatives buried there.

Mr. and Mrs. Melbourne Burnett spent several days last week in Portland on business.

Mr. Harold Benjamin, Umatilla school principal is able to be back after having suffered a severe attack of rheumatism.

Mr. and Mrs. Shurtum and Laura C. Dunne of Pendleton accompanied by Miss Gladys Nugent of Umatilla drove to Portland last week in Mr. Shurtum's new Franklin limousine. While in Portland they had the pleasure of hearing Chancy Olcott in "Ragged Robbin." They report good roads and a splendid trip.

The mother's day program presented at the school on Monday afternoon by Miss Dunlap's and Miss Jenk's classes was very appropriate and well attended by the mothers. After the program refreshments were served and an old fashioned party indulged in by parents, teachers and children.

The cooked food sale held by the Protestant Ladies Aid was not as big a success as hoped for as a great many were in Pendleton at the track meet.

The Catholic Ladies Altar society met on Tuesday afternoon at Community hall with a good attendance, there was a good deal of business transacted by the ladies and ways and means considered to make money to defray church indebtedness.

The state board of dental examiners is sending a first class dentist to open an office in Umatilla within the next ten days. J. B. Switzer is erecting a new building for offices for the new dentist and Dr. Logan.

A. E. McFarland lost a very valuable horse with spinal meningitis this week.

**"RETAIN THE LOVERS' LANES"**  
 Sentiment in Thousands of Hearts Pleads That They May Never Become Great Highways.

A little gray cottage stands on a hilltop. Below the hill runs the cross road. There is not much travel on the road—it serves to connect two highways.

Oftentimes the crossroad takes its way close to the foot of some deeply wooded knoll and sometimes it goes over a creek, quivering under its icy cover. Then the two ends of the road meet by means of a little bridge, where the hoofbeats of the horse echo loud and the sound of the motor becomes a giant dynamo. Sometimes the crossroad is overarched with trees, as it is below the gray cottage, and the summer sunlight only filters through in patches—such a compelling, mysterious intimacy as there is to the crossroad then.

The young folks call the crossroad "lovers' lane." The old folks used to call it "lovers' lane" when they were young and drove under the arched branches or jingled over the road in sleighs, while the round moon laid the shadows of the black branches meeting overhead in etchings on the snow.

"Lovers' lane"—every county owns one. There was a "lovers' lane" in Sangamon county, Illinois, and Abner Lincoln walked along it with Ann Rutledge in the '30s—soldiers sang about "lovers' lane"—may all the little crossroads that now are lovers' lanes never, never become arterial highways!—Chicago Daily News.

Jack Knapp, Geo. Myers and P. F. Ward will go to Eugene the first of next week to the grand lodge convention of the I. O. O. F. in Oregon. The gathering will be held May 22, 23, 24.

**UMATILLA ITEMS**  
 SPECIAL CORRESPONDENCE

There will be seven teachers employed in the Umatilla school next year. The following have signed contracts with the local board: Mr. H. R. Benjamin Supt., Miss Edith L. Yiric high school principal, Miss Mable Pell Moore of Eugene high school assistant, Miss Hilda Larson seventh and eighth, Miss Jessie Jenks fifth and sixth, Mrs. Daley Stephenson of Monmouth, third and fourth, and Miss Abbie L. Bonsall of Ilwaco Wash. primary.

All present teachers were retained at their present salaries. The board decided that \$1500 per year should be the minimum for high school teachers and \$1200 for the grades. All the new teachers come highly recommended.

The Cemetary Committee of the Home Bureau completed the work started by them in the fall. The posts and fence have been white washed. Trees all irrigated and trimmed and locks put on all four gates. The women are receiving much praise for the interest they have shown in the cemetary, their work making a noticeable improvement in this section of the city. The trees will be irrigated at regular intervals by the people who have relatives buried there.

**HAY GROWERS HAVE MEETING**  
 (Continued from Page One)

western shipments.  
 The members expressed themselves as considering the first years operation a success in spite of the fact that no where in the North West did hay return cost of production to the grower.

The request of the western district for a change in basis of representation was voted down but it is not felt that this question is definitely settled; it is generally admitted there is some room for improvement in this feature of the organization.

One amendment providing for the submitting of vital questions to the members by mail was passed.  
 The question of making advances to the growers for the coming season before shipment was recommended to the board.

Plans were also considered and recommended to provide for the expansion of the organization into more territory including the Walla Walla valley and Benton county Wash.  
 Because of the great losses incurred during the winter the plan submitted by the board of directors for the pooling of orders for corrugated iron to be used for stack covers was endorsed and will be put up to the members.

Several new members have been added during the last two weeks and several farmers have indicated their intention of joining since the annual meeting.  
 The last payments will begin leaving the office within a week but because of the fact that this statement will carry with it a complete statement of the growers account it is expected that this will require about two weeks to complete.

S. B. Sanderson, editor of the Free-water Times, R. E. Bean and C. Z. Randall were Hermiston visitors Saturday. They were on their way to Portland in connection with the Hall campaign for governor.

**ALFRED J. SMITH**  
 Alfred J. Smith, President of the J. E. Smith Livestock company has announced himself for Joint Representative of Morrow and Umatilla counties on the Republican ticket. Mr. Smith has lived in Umatilla county all his life and has the interests of the two counties well in hand. His efforts, if elected, will be directed toward the elimination of useless commissions and such a gradual reduction of taxes as will not hinder the best interests of the State. Mr. Smith's long residence in eastern Oregon will insure his constituents that he fully understands their problems and urgent needs.  
 (Paid Advertisement)

**FOR REPRESENTATIVE**  
 I hereby announce myself as candidate for the office of Joint Representative of Umatilla and Morrow counties, on the Republican ticket. If elected I promise to faithfully and honestly perform the duties of the office, working at all times for the best interests of the people of this district and the State of Oregon.  
 I favor legislation tending to eliminate waste in public expenditures and reduction of the taxes wherever possible, consistent with sound public policy.  
 SLOGAN: "Constructive economy, and a fairer distribution of the tax burdens."  
 E. M. Hulden.

**Spick and span or shabby-which?**

A paint-worn, "rusty" house is an eyesore to any neighborhood. You can make your home spick and span—truly a delight to the eye—by the judicious use of B-H Paints.  
 Paints of real character—permanent preservatives for woodwork of all sorts—a sure insurance against decay.

A little higher in price than the cheap kinds, but B-H Paints last twice as long so are far more economical in the end.

**Are You Going to Play Safe on Fuel for Next Winter?**

The strike is on. But we can get coal from the Utah fields. We have a car of lump that will be here about the 28th. This is the best and hardest of Utah coal, and will store and keep in good shape for next winters use. Two or three tons stored now will put you safe for the early part of the winter.  
 We are filling our bins to capacity. But our bins full is a small proportion of the amount of coal needed for the year. If you want to be safe place your order with us at once.
