Ross Newport is in Nevada this week. While there he will submit some bids on highway work to be done in the sage brush state. When last heard from he was at Carson City the state capital. He reports that one of the jobs to be done is more than a hundred miles from the railway.

K. E. Erickson, Marshall Newport and the Herald editor, the latter going along to ballast the car over the bumps, made a trip to Holdman yesterday over the new Holdman-Cold Springs highway. The road is now nearly completed and is sure a dandy as far as it has been graveled which is nearly to Holdman. The road follows the Cold Springs canyon and is almost scenic in places where the canyon is rather deep. The road is finely engineered and has no grades of more than five per cent. It is strictly a market road and will enable the wheat growers of Holdman country to get their wheat out through the loading place at Cold Springs.

Gordon Shotwell returned this morning from Portland where he spent two days. He reports that the Shotwell Contracting company has a \$26,000 highway contract in Deschutes county, up in the neighborhood of the three sisters. The contract is for the graveling of seven miles of highway. They will establish a camp in the mountains where it will be cool all summer and where hunting and fishing are good. The work will commence in about 10 days.

Mrs. J. S. West delightfully entertained a number of ladies on Wednesday afternoon in honor of Mrs. W. A. Correll who leaves soon on a motor trip to California. Delicious refreshments were served by the hostess, assisted by Mrs. F. D. Callahan.

J. Lee Parker, who recently purchased the R. C. Challis grocery, has moved his family into the house formerly occupied by Rev. R. V. Ashmun. They moved Tuesday of this week.

Dr. Van Waters will conduct Episcopal services next Sunday morning and evening at the library building. The morning service will be at 11. The subject in the evening will be, "Life of the World to Come—Heaven, Purgatory and Hell."

Miss Ina Gilbert returned May 29 from her school duties at Connell, Wash., and is visiting at the home of her mother Mrs. Hugh Taylor. She will leave immediately for Cheney, Wash., where she will attend the summer session of the state normal school. This work opens June 5. Miss Gilbert will teach at Connell again next year.

W. J. Dobler and sons, Dan, Joe and Richard left last Thursday for Bellflower, Calif., in their car. Bellflower is 30 miles south of Los Angeles. Mrs. Dobler is there now as her health requires a different climate than the one to be found in this country.

Rev. Geo. Clark who spoke at the Memorial services here Tuesday morning motored down with his wife and son. After the meeting they went down the river for a picnic and some fishing before returning home.

A large crowd from here went over to Echo Tuesday after the close of the program here. The Echoites made a big day of it, with a picnic dinner at noon and a ball game in the afternoon. Helix was defeated by Echo, the score being 8 to 7. Those who saw the game from here held that umpires virtually presented the game to Echo, an otherwise good contest being spoiled by this feature.

Mr. and Mrs. Harry Wann and Mrs. F. P. Phipps motored to Walla Walla Tuesday morning to spend Memorial day here. They left here at an early hour with the expectation of being in Walla Walla by 8 a. m. Mrs. Phipps visited her daughter, Laura, at Whitman college.

After a cold late spring the hot weather set in the first of this week. All the days of this week have been blistering hot, Tuesday especially so. Its hard on us humans but it will sure make the crops grow.

The Umatilla County Farm Bureau News, published monthly, came out dated May 27. Part of it is devoted to a writeup of the recent tuberculosis tests for cattle in which the dairy districts of this community figured largely.

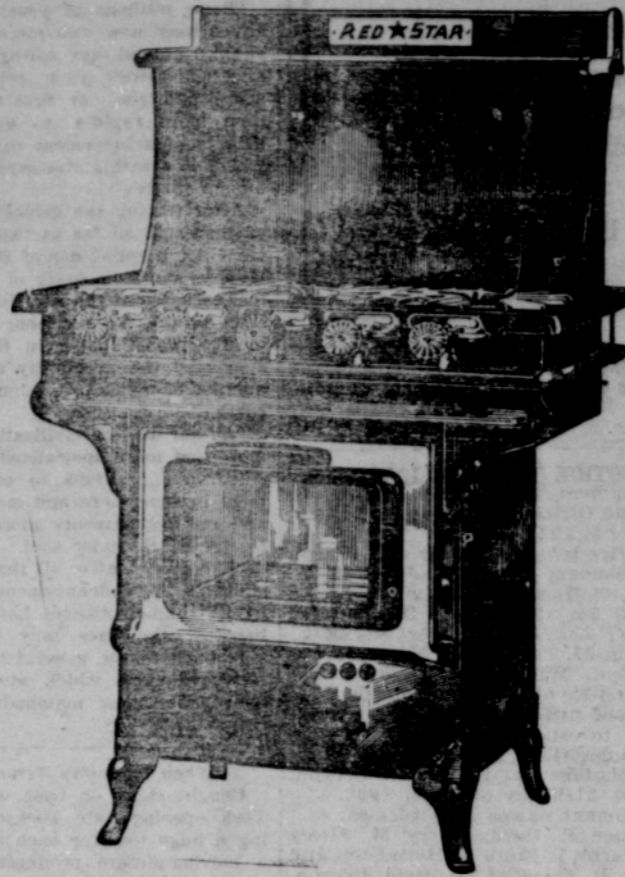

Many from here who attended the Saturday night picture at the Play House recognized George Hackathorne who was leading man in "The Little Minister." George grew up in Pendleton and many people in this community knew him well. His appearance in this big picture proved to be quite a drawing card.

The tourist season is already making its debut. Already the cars from distant parts of the country are to be seen going through town, and the city camp grounds are being used. The hot weather should bring on a heavy crop in the next few weeks.

PRETTY OREGON BRIDE
MOTHERS 2000 ORPHANS

Mrs. Ethel Long Newman, Oregon Agricultural College, 1920, who is now in charge of a Near East Relief orphanage in Armenia. She mothers her family of 2,000 little war victims while her husband runs a 20,000-acre farm which is a part of the constructive work being done in Russian Armenia by the Near East Relief.

EASY TO TELL HIS THOUGHTS

Little Peculiarities of Theodora Vail Revealed Much to Friends and Business Associates.

There was nothing eccentric about Theodora N. Vail, but he had certain little peculiarities of manner. From his biographer, Albert Bigelow Paine, we learn that for one thing he was absent-minded.

Once, says Mr. Paine, when Mr. Vail was starting on one of his many trips to the Pacific coast and had invited his niece to accompany him he turned to her abruptly at the moment of departure: "Well, good-by, Kate," he said, "I'm sorry you're not coming with me."

Her prompt reply that she was going both startled and amused him.

His thoughts seemed always to require some sort of physical outlet. When listening to anyone he had a habit of making small pencil drawings—curlicues, geometrical shapes and letters carefully shaded. They showed that he was interested in what was

being said. When he was not interested he would pull out a handkerchief and fold and refold it on his knee down to the smallest subdivision. Those who knew him could easily tell when he was not enjoying a situation, for then the handkerchief would invariably appear, and the folding continue until the suffering ended.—Youth's Companion.
