

## PAC. INTERNATIONAL LIVESTOCK SHOW

WILL BE HELD AT PORTLAND  
NOVEMBER 4-11

Hermiston Breeders Will Participate  
\$75,000 to be Given in  
Premiums

The Hermiston Herald has just received a copy of the Preliminary Classification of the Pacific International Live Stock Exposition, to be held in Portland, November 4 to 11, inclusive, this year. It is impossible to speak exhaustively of all the good things which the book contains, but the following are of particular interest:

The closing dates for entries are noon, October 10, for all breeding classes, and noon, October 20, for all fat classes.

The same beef classes are offered liberal premiums, amounting to \$15,850, for Shorthorns, Herefords, Aberdeen-Angus, Milking Shorthorns and Red Polled cattle.

In the dairy cattle division a new class has been added to the Holsteins Jerseys, Guernseys and Ayrshires, for a goodly amount of money is offered this year for Brown Swiss cattle, said to be the oldest breed of purebred cattle in the world.

The sheep and hog divisions are as large and strong as ever. Heavy horses are represented by the four great draft breeds, with more money for each than last year. The fat cattle, sheep and hogs are well supplied with cash premiums.

There has never been such a showing as that of the boys' and girls' club classes, \$3525 being offered for awards. The breed associations have been generous with the boys and girls year. F. A. Stuart, president of the Pacific International, show has offered trips to Carnation Stock Farm, Seattle, Wash., for the 20 boys and girls making the finest display of dairy cattle. The cost of these trips will approximate \$500.

Probably more people are interested in the night horse show than in any other event. The premium list says that \$15,000 in cash premiums is offered. Later information is that the cash premiums will run over \$16,000, with seven \$1000 stakes, a greater number of stakes of this size than has ever been offered by any horse show in the United States so far as is known, and the only \$1,600 stake for driving heavy horses six-in-hand ever offered in any horse show in the world, it is believed; Last year there were over 400 show horses at the exposition, including the drafters, and this year will probably have over 500.

The Western Winter Poultry Show held at the Pacific International last year for the first time, will be on again with a larger and more beautiful exhibition of poultry and rabbits than ever.

The Manufacturers' and Land Products show will occupy a prominent place in the Exhibits building, and is expected to be particularly fine in exhibits of fruit, grasses, grains and root crops.

The Dairy Products show promises to be not only very attractive, but of untold value to both the dairy manufacturing industry and the consuming public.

Those interested in this great exposition, representing the entire Pacific Slope, may see a copy of the Premium List which is on file in this office for the benefit of our readers.

## HERMISTON NUTRITION CLASS HELD INTERESTING MEETING

The Hermiston Nutrition class under the direction of Mrs. Van Deusen County Home Demonstration Agent, and aided by Mrs. Henry Sommerer, held a very interesting meeting at the library Friday afternoon of last week. Mrs. Henry Thompson, trained nurse of Pendleton, gave a very helpful and interesting talk on "The Care of the Sick Child." This subject also included simple preventions and cures among the children in the homes, the medicine shelf in the home and how to use it and the value of the milk diet. In general it dealt with First Aid.

There were quite a number of the mothers present at the meeting.

M. E. Quarterly Conference  
Dr. D. H. Leach, superintendent of The Dalles district, will be at the Methodist Episcopal church in Hermiston, Wednesday, August 23 to hold the fourth quarterly conference. Rev. Wann will leave August 28th to attend the Columbia river conference to be held at Ellensburg, Wash.

County Applications for Bonus Large  
Applications for the soldier bonus and loan in Umatilla county from March 1 to August 15, total \$159,671.85. The total in the state is \$42,311.63.

## PACIFIC NORTHWEST FEATURED AS SUMMER RESORT

Eastern Papers and Tourist Guides Now Devote Considerable Place to Pacific Coast Resorts

That the Pacific Northwest has at last attained a fixed place in the galaxy of national summer resorts and that its fame has reached even the most conservative centers of the eastern states is shown by the way it is being featured this season by the established touring companies and summer resort guide-books. Where formerly the big tourist books issued in the various eastern cities only included the places of easy access, they are now regularly devoting considerable space to this region.

An instance is the Summer Resort Guide issued this season by the Philadelphia Public Ledger, which contained several pages bearing on this district. More than one full page is devoted to an illustrated description of the "land of allurements" as it is called, which portrays vividly the delights of a vacation spent in Oregon, Washington and British Columbia.

"The travel trails of the Pacific Northwest," it states leads from mountains to seashore, each telling its own interesting story of beauty and grandeur, any one of them furnishing an adequate alibi for a vacation in this greatest summer playground of the American Continent.

## HERMISTON HUNTERS GET 200 POUND BUCK DEER

Merle Phelps and Merle Potter Get One of First Deer Since Season Opens

Merle Phelps and Merle Potter returned to Hermiston Tuesday afternoon with a 200 pound buck deer which Mr. Phelps killed on Sunday. They were two days packing the meat out to the car, and out their hunting and fishing trip short in order to get home before it would spoil.

Messrs Phelps and Potter left last Saturday morning early in their car for the hunting and fishing grounds on Desolation, creek above Ukiah. They report the mountains to be full of deer hunters.

This is the first deer to be brought in here since the season opened Sunday and one of the first in the county, one being brought into Pendleton Sunday afternoon about 3 o'clock.

## TWO DEEP SEA DIVERS REPAIR NORTHWESTERN

The steamer, Northwestern, which was stranded on the rocks in the Columbia near the Cold Springs landing for about a week and which had several large leaks in it causing it to nearly sink was repaired last Saturday and Sunday. It took much effort and time to get the boat into a good condition again. A tug from Portland came to pull it off rocks but it only caused larger holes in the bottom. Two deep sea divers came from Portland Saturday morning with all their apparatus and repaired the sinking ship. They spent much time in the depths of the Columbia, as they had to cover the bottom with heavy water proof canvas.

The Northwestern is the service boat of the Pacific Telephone Co. and carried a large crew of men who are doing repair work on the telephone lines along the river.

The boat will be taken to Umatilla and later to the canal at The Dalles where she will go in dry dock for permanent repairs.

The crew have about completed their work in this district and will move back toward The Dalles where they will rebuild the line between Suffer and Mitchell, a distance of about nine miles.

## HERMISTON BOYS WILL EXHIBIT AT LIVESTOCK SHOW

Umatilla county will be represented by four entries in the pig feeding contests at the Pacific International Livestock Exposition in Portland this fall. The entries will be made by Wayne Swaggart, of Athena, and Tilford Stillings of Hermiston, each of whom is feeding Poland China pigs and James and Billy Waugaman of Hermiston, who are feeding Durocks. All four boys are members of the county Pig club. Each boy selects four pigs from the litter and keeps a record of the time spent and the feed used, thus figuring up the expense. The hogs are shipped to the show and are judged by their appearance and the economy of gain. They are, after the judging, sold at auction. Last year Wayne Swaggart won first prize of \$40 and Billy Waugaman the second prize of \$33. They also sold their pigs for more than the market price.—East Oregonian.

Making Improvements to House  
L. A. Hunt has bought the Pearson place on the west side of town and is remodeling the same. The improvements consist of the addition of two rooms with bath and lavatory to the present building and also the building of a porch on the east side of the house. Messrs Haugeberg and Parsons are doing the work.

## WILL RESURFACE COLUMBIA HIGHWAY

BIDS WILL BE OPENED SEPT. 6 FOR DOING WORK

Includes Graveling and Resurfacing of About 27 Miles Between Boardman and Hermiston

Contracts will be let September 6 by the State for the resurfacing and graveling of the Columbia Highway between Hermiston and Boardman, a distance of about 27 miles. The road has become very soft between these two places, the base having given away and working up in some places making the highway dangerous for travel. According to motorists the same condition really prevails into Arlington, with some good stretches. From Arlington west the road is good for 10 miles when it softens up again and the same road conditions prevail as between here and Boardman.

For some time past Portland papers have published misleading road conditions in their Sunday editions, last Sunday's Oregonian giving this as the condition of the highway from The Dalles, "The Dalles-Arlington-Umatilla-Pendleton-Macada, mixed entire distance and in good condition."

The repair to the 27 miles of road as contemplated will require an expenditure of close to \$100,000.

## UMATILLA CROP ESTIMATED AT 4,300,000 BUSHELS

Umatilla county's wheat crop is now being estimated at about 4,300,000 bushels by the buyers. This is slightly under the average yield. Although yields of wheat are spotted much more than usual, the average fields are in excess of what were estimated before harvest started.

From as low as eight and nine bushels to more than 40 bushels is the story told by many farmers, and most of the grain was slightly plucked by the hot winds of early July, but is of better quality than usual.—Weston Leader.

## State Officers Attend Lodge Here

Several of the state officers of I. O. O. F. lodge were present for Hermiston Oddfellow lodge which met Monday evening. Among these officers were S. F. Bowman, Grand Master, who lives here; W. T. Reeves, Grand Chaplain, of Stanfield and E. E. Sharon, Grand Secretary of Portland. Mr. Sharon was an early resident of Pendleton and a pioneer of Umatilla county, as he traveled this section in the sixties and was also a soldier in the Indian wars. Mr. Sharon has been Grand Secretary for the past 24 years.

## Tillamook Man Buys Bottger Ranch

W. M. Bays of Beaver, Tillamook county, Oregon has purchased the old Herman Bottger ranch about one mile north of town along the highway. He has quite a number of Jerseys and intends to run a dairy. Mr. Bays does not intend to live here but his son Norris J. Bays will have charge of the farm.

## Weiner and Watermelon Feed

Wednesday evening Sunbeam Rebekah lodge No. 180, held a weiner and watermelon feed on the W. A. Mikessell lawn at the government reservoir.

## ECHO WINS COUNTY BASE BALL CHAMPIONSHIP

Echo Stows Game Away in Early Sessions Getting Off to Good Start; Score 5 to 4

Echo won the undisputed championship of Umatilla county Sunday by defeating Pendleton on their own grounds by a score of 5 to 4. Echo took the lead up to the third inning the score being 4 to 2. It was in the fifth that Echo started things scoring two runs and tying the score. The evening run was scored in the sixth.

During the last four innings Taylor of Pendleton fielded Echo to one run and fanned eight men.

## ROUND-UP TO HAVE BEST BUNCH OF LIVESTOCK EVER

Wild Mexican steers which have never felt the yoke, bucking bronks who have yet to know the novelty of the touch of the saddle, and fast running, sleek horses—these will be the co-stars with the human performers at the Pendleton Round-Up September 21, 22 and 23.

A bunch of livestock unequalled in the history of the great outdoor drama is being assembled for the events of track and arena and promises some lively work for the cowboys and cowgirls who will match their wits against those of the animals in the bulldogging, steer roping and the broncho busting.

The pauceness of thrill for which the Round-Up is noted will as usual, be paramount. The association permits not a moment's delay in the staging of the drama and event follows event in quick succession.

Among the stars who will participate will be Tom Mix, motion picture actor, and his 50 cowboys; Yakima Canutt, Ray Bell and Hugh Strickland, all former champions; Mabel Strickland, clever trick rider; Lorena Trickey, winner of the McAlpin trophy awarded the champion woman rider of the world; and scores of other cowboys and cowgirls whose lives have been spent in the saddle.

Entertainment for the evening hours will be ample. Happy Canyon, that untamed village of the West of the old days when man was untrammelled by law or convention, will be "wide open" and will offer games of faro and roulette for those who would stake their Round-Up bucks. Like the Round-Up, Happy Canyon is a community show sponsored by Pendleton people.

Special railroad rates have been arranged for and the Oregon Journal special from Portland will be a feature. The Round-Up association is daily receiving out-of-town orders for tickets.

## Deer Hunters "Rearin"

Early Friday morning W. S. West, B. S. Kingsley, Wm. Shaar, Floyd Holsington and Frank Bilderback left on a shooting trip in the Blue Mountains above Ukiah. The deer season opened Sunday in Oregon and Frank Bowman of Pendleton had the distinction of bringing in the first deer at 2:30 Sunday afternoon, according to the East Oregonian.

## REV. R. T. HICKS MAY SUCCEED BISHOP PADDOCK

Dispatches in the papers of Wednesday state that Rev. Reginald T. Hicks, dean of the Pro Cathedral, Portland may succeed Bishop L. Paddock as Episcopal bishop of eastern Oregon. Bishop Paddock recently announced his resignation.

## LIBRARY BUILDING TO BE RENOVATED

WORK WILL INCLUDE OUTSIDE AND INSIDE IMPROVEMENTS

Close to \$700 Will be Expended on Calcimining, Painting and Varnishing Program

A contract was let Monday by the county library board for the renovating of the Hermiston Public Library. The contract includes about everything necessary to put the library in excellent condition.

The work in the basement will consist of calcimining the walls and painting the woodwork. The basement has lately been repaired where irrigation water had seeped through and it is thought there will be no more trouble from this source.

On the main floor the work will be of calcimining and tinting the walls, varnishing the woodwork and painting the floors in imitation oak. All exterior woodwork of the building is to be painted and the roof stained green.

When the work is completed it will amount to close to \$700 and will add much to the beauty of this already attractive building.

The library is closed until September 6.

J. D. Waghorn has secured the contract for this work. There were also several bidders from Pendleton.

## Frank Woughter Improving

Frank Woughter who was taken to St. Vincent's hospital at Portland, Friday night, last, is improving and it is expected he will be out in a week or ten days. The case was pronounced septic sore throat. A. F. Beisse accompanied Mr. Woughter to the hospital.

## Oregon Hotel Making Improvements

A new piece of walk leading from the sidewalk to the entrance of the Oregon Hotel cafe is being put in this week. A parking on either side of the walk which will be set with rose bushes will add much to the appearance of this popular hotel.

## Library is Closed

The Library is closed for repairs until September 6. Those having books out should return them as soon as the Library reopens. No fines will be charged for the time the Library is closed.

## Has Contract on Butter Creek

Anton Soneson has the contract for the cement work on a new bungalow with cement basement to be erected by Anton Vey on his Butter Creek ranch. Work will be started soon. The Vey ranch is about 26 miles from Hermiston up the Creek.

## "A SAILOR MADE MAN" COMING TO PLAY HOUSE

"Two minds are better than one," is commonly remarked by Harold Lloyd, to be seen soon at the Play House in "A Sailor Made Man," a four-reel Associated Exhibitors comedy feature. Lloyd declares that he was impressed, as a boy, with the story of the drummer who came to General Grant with a suggestion of an attack that later resulted in one of Grant's greatest victories.

"A Sailor Made Man" will be here two days, Wednesday and Thursday

## COLUMBIA DISTRICT HAS SEVERAL CLUB PROJECTS

Boys and Girls of This District Very Active in Club Work; May Exhibit at State Fair

Besides having three of the four entries of the county in the boys and girls pig feeding contest at the Pacific International Livestock Exposition, represented by Jimmy and Billy Waugaman and Tilford Stillings, Columbia district school has three other projects under way. The Exposition is offering a total of \$3,525.00 for prizes for boys and girls livestock clubs this year together with special prizes by firms and individuals which include scholarships and free trips.

Columbia has a poultry club consisting of seven boys and girls, a pig club with seven members and a sewing club of seven girls. Mrs. H. M. Sommerer has charge of the sewing club and Mr. Sommerer of the two other projects. A calf club was under organization earlier in the season but did not materialize. Next year, however, they expect to have one and will be strong competitors at the stock show for the prize offered by the Union Pacific in this line of work. County Agent Bennion is expected here within 10 days to check up the members in the various projects. Should there be a carload shipment go out of here for exhibit at the State Fair at Salem, as is now expected, the boys in the pig club will be exhibitors at this show also.

## REPRESENTATIVE OF VETERANS BUREAU AT PENDLETON

Will Interview War Veterans With Regard to Government Compensation

For the purpose of interviewing all disabled World War Veterans of this section relative to government compensation, vocational training, hospitalization and war risk insurance, L. H. Wood special contract representative of the United States Veterans' Bureau, will arrive in Pendleton, Oregon, August 28, 1922 for a period of seven days, according to an announcement received here today.

Because of the limited period the government agent has to cover eastern Oregon, he will be unable to visit every community. An effort is being made, however, to have Mr. Wood reach points of comparatively short distance from every way veteran who may have a grievance against the government.

"The most important thing for the war veteran to remember at this time is that no claim for government compensation may be filed with the Veterans' Bureau after five years from discharge with one exception," said Mr. Wood in an advance communication. "In many instances this period will be over during the coming winter. The only veteran protected after the five-year period in case of aggravated disability are those who secured certificates of injury from the Veterans' Bureau before August 9. The veteran who feels that he has a war disability which may become compensable at a later date should file claim now. I will have proper forms for claim filing and assist the veteran in the procedure during my stay at Red Cross Office, Pendleton, Ore."

Mr. Wood stated that all former service people who can prove that they are disabled 10 per cent or more because of war service are entitled to federal compensation and that those who are unable to carry on their pre-war occupations because of war injuries are entitled to vocational training at the expense of the government. Veterans seriously ill from war disabilities should be hospitalized immediately, he stated.

## THE KIND OF TOWN YOU LIKE

The following poem was handed in this week by a lady who has made Hermiston her home for a few months past. It might apply in some very few cases here:

If you'd like to live in the kind of a town,  
Like the kind of a town you'd like,  
You needn't slip your clothes in a grip  
And start on a long, long hike,  
You'll only find what you left behind  
For there's nothing that's really new,  
It's a knock at yourself if you knock your town,  
It isn't the town, it's you.

Real towns are not made by men afraid,  
Lest somebody else get ahead  
If everyone works and nobody shirks  
You can raise a town from the dead,  
And if while you make your personal stake  
Your neighbor can make one too,  
Your town will be what you want it to be—  
It isn't the town, it's you.

O. H. Wafner of Boardman was a Hermiston business visitor Wednesday.

## COMMERCIAL CLUB HOLDS WEEKLY MEET

DISCUSS ARRANGEMENTS FOR PROJECT FIELD DAY

O. C. Young Enlivens Proceedings With Talk on Booster Spirit Road Committee to Report

The Commercial club held their weekly luncheon meeting at Hotel Hermiston Tuesday noon with a good attendance present.

The road committee which had held a meeting the evening previous were just getting their road program in shape, but not as yet complete and their report will be made at the next meeting.

Field Day at the Umatilla experiment station was up for discussion and in view of H. K. Dean's very successful conduct of this for the past two years, it was agreed that he should have charge of this event, assisted by committees from the Commercial and Community clubs.

O. C. Young who has lately returned from an auto trip which took him over the Yakima and other Washington and Oregon irrigated sections, spoke at some length on subjects which he had been investigating while on his trip. One of these is the matter of providing suitable accommodations for the motoring public in the way of camp conveniences.

He found that most of the places visited are alive to the advantages of having a modern camping ground with the necessary equipment and service. Also he found that tourists travel by night to keep out of certain towns with poor facilities and to get to the ones with good accommodations. He recommended some changes in the local camp which would add to the service given, and which must be given to get an even break with the other towns along the highway for the constantly increasing stream of tourists passing through.

Mr. Young also touched upon the community spirit of some of the towns visited, particularly of Yakima, Wash., where now stands a city of 30,000 people, on what 15 years ago was shifting sands. This he thought was accomplished by the settlers and business men alike by their utmost faith in the future of this region. Their motto was, "believe success, you are success." The same is true of all the country from Yakima to Kennewick, where they used to shovel the sand away from the doors of the houses to get in, and where factories and canneries have sprung up to take care of the surplus berries and fruits and today, Kennewick is equipped to convert all this surplus into salable products.

Mr. Young thinks that much of the land on the Umatilla project is as capable of production as any of this land in the Yakima or Kennewick districts and selling at several times the price asked here, if only the people here will get the same spirit in the game as the people of those districts.

## MYSTERY SURROUNDS DEATH OF MAN ON HIGHWAY

Body Found in Brush Near River; May Have Been Employee of Newport Construction Co.

Mystery still surrounds the death of a man found Wednesday morning in a slump of bushes near the Umatilla river, 11 miles west of Pendleton. The man's neck was broken and several abrasions on the head, which led the officers to believe it was not a case of accident or suicide. This was strengthened by the fact that the pockets were turned wrong side out and everything of value taken. The man was evidently in the 30's and about 5 feet 9 inches tall. Officers thought the man had been dead about 36 hours when found.

Up to Thursday noon identification of the body had not been made. One local man in Pendleton thought the victim was a former employee of the Newport Construction Co., and went by the nick name of "Baldy." This clue is being investigated.

Mr. Erickson local representative of the Newport Construction Co. was seen this morning but said he knew of no such party, employed by them either at Echo or Baker, thought he may have been, Mr. Erickson saying he was not familiar with a party by that nickname.

## METHODIST CHURCH NOTES

Sunday school at 10 o'clock. Morning worship at 11 o'clock followed by communion service.  
Subject of sermon: "Incidence of the hay." Special music.  
Service at Columbia at 3 o'clock. This is the last service of the Conference year.

Mr. and Mrs. E. G. Nation and little son were in Pendleton Tuesday. They spent the day shopping.

## On the Road of Good Intentions

## THE KIND OF TOWN YOU LIKE

The following poem was handed in this week by a lady who has made Hermiston her home for a few months past. It might apply in some very few cases here:

If you'd like to live in the kind of a town,  
Like the kind of a town you'd like,  
You needn't slip your clothes in a grip  
And start on a long, long hike,  
You'll only find what you left behind  
For there's nothing that's really new,  
It's a knock at yourself if you knock your town,  
It isn't the town, it's you.

Real towns are not made by men afraid,  
Lest somebody else get ahead  
If everyone works and nobody shirks  
You can raise a town from the dead,  
And if while you make your personal stake  
Your neighbor can make one too,  
Your town will be what you want it to be—  
It isn't the town, it's you.

O. H. Wafner of Boardman was a Hermiston business visitor Wednesday.
