**A Bank's Chief Obligations**

A bank's loans of its funds must not be simply good, in the sense that they are backed by ample security that means their payment some time; they must be collectible when they are due, if the bank is to be secure in its position. As a bank derives its lending power from the community in which it is located, acting as the manager of the funds entrusted to its care, it is evident that any change in business conditions that affect the amount of money in the community will soon affect the lending power of the bank. A bank of itself, does not create wealth.

This Bank has always recognized its obligations to the community and is absolutely safe and dependable.

**PUBLIC SCHOOLS**

Now Is the Time for Passage of School Bill  
**Vote 314 x Yes**

Passage of the Compulsory Public School Attendance bill now—this year—will insure that a minimum number of private schools and private school pupils will be affected. Of the 36 counties of Oregon 13 are at present without any private schools whatever. The combined aggregate of pupils in all the private schools in five other counties is fewer than 200. The total attendance at the private schools, of the grammar grades, of Oregon is about 9541. The total attendance at the public schools, of the grammar grades, is about 131,689. Surely if the public schools are good enough for the 131,689, they are also good enough for the other 9541.

At present, while the private schools are few and small, is the time to make the change proposed by the public school bill.

**COSTS.** No tax will be levied for years to come, as the bill does not take effect until September, 1926, and no tax then if the amendment is in the courts for several years.

When all attend our free public schools the additional cost will be slight, for the overhead will be the same. Most of the children will find a place in existing classes and the added expense to the average taxpayer will be nominal. The great benefit to our nation will be worth many times the small cost.

Now is the time to pass this measure, insuring that in Oregon all of our children will be educated to a common patriotism, common ideals and a unified allegiance to our institutions.
