**Pep Meeting Held**

A short "pep" rally was held last Thursday afternoon to review the work done during the football season and to give the boys who were to battle with Milton a good "send-off." Yell king, Donald Shotwell called on Mr. Gralapp who spoke to the students on the type of game he advocated and told them of the prospects. He expressed his regret in regard to the inability of Captain Adleman to take part in the last game of the season and then called on players who were members of the Senior class to give their last football talk before assembly. The meeting closed with a rousing yell for the 1922 team.

**Basketball Practice to Begin**

Basketball practice will start next week, but as yet no definite schedule has been made for games.

Now that the football season is over the thoughts of local athletes turn to basketball, and it is hoped that this sport will prove a major one in the student body activities.

Another member has been added to the "flapper colony" of our little community. Edna Bokish has been added to the list of the "bob-haired" victims.

Miss Marie Peimulder entertained at a novel party Wednesday at her home for pleasure of a few of her girl friends. Half of the girls appeared dressed as boys while the others were dressed as little girls.

The student body voted their appreciation for the support the community has shown them in various activities, by in turn helping them to sell Red Cross seals.

The students are always ready to help the community of which they are a part, and in this way express their thanks for the help the people give them in their undertakings.

Hurrah! another short vacation in which to recuperate from the Turkey feed. We probably will have to make up this time on Washington's birthday, but that is too far ahead to worry about and we always hope for the best.

We wonder why the Freshman girls fight for one corner in the assembly room every noon.

Everett Parker and Irwin Shotwell appeared at school Monday with their beauty enhanced by patched noses.

**The Place of Athletics in Arousing School Spirit**

I believe that athletics should be placed at the head of the list of incentives that arouse school spirit. There are several reasons for this, first, it makes the participant more of a man; second, if he does not neglect his studies through over-indulgence in athletics, he will be much keener and better prepared for his class room work; third, it teaches him to cooperate with his fellow students, makes his better friends with his classmates, and forces him to have a corresponding higher regard for the school, of which he is a part.

Why will an athlete run till his legs are numb and his chest seems crushed by enormous weights or why will a football man tackle and buck the line till the world swims before his face? Because he loves his school. It is through these exhausting runs and superhuman tackles that he learns this holiest of holy thoughts, love of school.

Why should a person love his school? Why ought a person give the best he has to his school? Because love of one's school is the forerunner of the great patriotism which inspired our forefathers to sacrifice their lives and fortunes for their country.

Wallace Reid, Sophomore.

**Grade News**

Joe Mooney of Umatilla has entered the Sixth grade in Hermiston.

In the eighth grade those taking honors in the six weeks exams were as follows:

John Pace, first place; Florence Woughter, second place and Oscar Mikesell, third place.
