W. J. Warner and F. B. Swayze

were in Pendleton Friday on business

Ed Comedys attended the Dokie celebration in Pendleton last Friday.

There were numerous inquiries last week as to the whereabouts of "Dad" West. His failure to appear on the streets or frequent his favorite haunts were responsible for them. He was finally located at Umatilla

where he had gone to take charge of the Tum-A-Lum lumber yard during the absence of C. W. Russell, who was on a trip to Spokane.

Miss Emily Shotwell, who is attending school in Walla Walla, spent the week-end with her parents in Hermiston.

Kellogg and Schimke, the local Ford dealers have received the following statistics from the Ford Motor Car Co. If you are inclined to be skeptical as to them being authentic, just start in and count the number of Fords that you see in a day.

With approximately 5,000,000 Ford Cars running now, and with all indications pointing to their continued use through the year, there will be close to 7,000,000 Ford Cars in service at the end of the present year or one Ford to every three families throughout the country. A statistical shark figures the cars will pile up a yearly total mileage of at least 42,000,000,000 miles, equivalent to 233 round trips to the sun. In doing this they will use in the vicinity of 1,700,000,000 gallons of gasoline weighing over 13,600,000,000 pounds and costing at 20c a gallon \$340,000,000.

Mr. and Mrs. J. K. Shotwell departed Sunday night for a few days visit in Portland.

Mrs. E. E. Mickel of Coffeyville, Kas., is visiting her granddaughter, Mrs. J. Peimulder for two weeks.

A number of the local fistic fans braved the weather and bad roads Monday night journeying to Pendleton to witness the bout between Joe Dunn of Portland and Frankie Dean of Pueblo. Joe Dunn of Portland was given the decision.

Mrs. George Briggs was a Portland visitor last week.

Otto Sapper returned Saturday from Portland where he had been attending the Oregon Hardware Dealers convention. He reports weather conditions in Portland similar to those in this vicinity.

I Skovbo, of Boardman, was a Hermiston visitor Wednesday.

Community Club Holds Meeting

The Community club held its regular bi-monthly meeting on Tuesday at the library. It was voted to cooperate with the Commercial club in the tree planting project for the Diagonal road and to buy the amount of trees allotted. Mrs. O. C. Young, in her report from the "Club woman" explained the use of the scholarship loan. She also told of some of the bills which the women of England are hoping to have passed in Parliament. Mrs. George H. Root's paper on the realistic novel was so skillfully handled and so original that it was a real treat, especially her comprehensive criticism of Floyd Dell's "Briary Bush" and Sinclair Lewis's "Main Street." A spirited discussion of the realistic novel and of current literature followed. Mrs. J. W. Campbell's paper on Ellen Churchill Semple will be read at a later date.

Miss Hoffman will be here Tuesday and will conduct a class on nutrition at the library at 2:30 p. m.

Motortruck Used by Loggers.

Nothing is more characteristic of logging as it was done from 1800 to 1900 than the sight of a huge truck, piled high with logs, and hauled through the mud and over the corduroy of the woods trails by four, six, or even more husky horses. If there is one place in the world where a truck might be expected to fail, it is here. But with the right kind of equipment it seems just as easy to get the logs out by gas as by horse; and there need be no argument over the proposition that, if it can be done at all by gas, it can be done more cheaply so.—Scientific American.
