

Money Helps

STAND BY YOUR TOWN

If you think your town's the best,
Tell 'em so.
If you'd have her lead the rest,
Help her grow.
When there's anything to do,
Let the fellows count on you;
You'll feel bully when it's through!
Don't you know?
When a stranger from afar
Comes along,
Tell him who and what you are—
Make it strong;
Needn't flatter, neer bluff,
Tell the truth, for that's enough!
Join thebo osters—that's the stuff.
We belong.

NOT MUCH CHANGE IN WORLD

Recent Finds in England Show That Ancients Had Knowledge of Things We Call Modern.

When the Romans were in Britain they drove one of their firm, well-paved, lasting roads diagonally right across England from the Kentish coast to the Dee, taking in London on its way.

That sea-to-sea thoroughfare was a busy scene 1,800 years ago. Civilization gathered along it. Now the road is being excavated and widened or remade as one of the great motor roads, and the digging that is going on, as nearly 2,000 men labor to give the old route a new life, reveals some curious proofs of how little change has taken place in some of the habits of the people.

In that far-off time, for instance, near Southfleet in Kent, a little Roman

or British girl became the proud possessor of a cup on which her name was scratched, AMADA. How it came to be buried whole nobody can say, but buried it was, for it has been unearthed by the workers who are widening old Watling street.

Many other relics are being brought to light. Fragments of pottery, whole vessels like Amada's cup, some with the potter's name impressed on them, querns, or hand mills, for grinding corn, terra-cotta lamps, bronze pins, and coins.

At Dartford a bronze brooch has been found in such a perfect state of preservation that after 1,800 years it could be used today for its original purpose. The point of the pin falls into a socket, as with a modern safety-pin, and shows that our ways and those of our forefathers are very near.

Raise all the Chicks you hatch

Raise them the Pan-a-ce-a way

Start them right—keep them growing—without any back-set. PAN-A-CE-A gives chicks good appetite and good digestion—gives vigor to resist disease. PAN-A-CE-A prevents food fermentation—that's where most of the bowel troubles start. PAN-A-CE-A prevents and cures gapes, indigestion, diarrhea, leg weakness. PAN-A-CE-A your chicks and then watch them feather. A PAN-A-CE-A chick will out-feather a non-PAN-A-CE-A chick every time. Dr. Hess Poultry PAN-A-CE-A makes chicks grow.
