

## Come Right In

Do you live out of town? If so, we invite you to make our bank your headquarters when here.

Come right in. You are as welcome as the people here, and they are all welcome. Come in and get acquainted with our officers and our customers. Use the facilities of our Bank freely. It is the service we have to offer that makes us proud of our Bank. You don't need to be a customer. Come in, anyway. You are welcome.

NOTICE FOR PUBLICATION  
Department of the Interior, U. S. Land Office at La Grande, Oregon, November 24, 1923.

Notice is hereby given that Edward H. DeVleming, of Hermiston, Oregon, who, on April 20, 1918, made Homestead Entry, Act 6-17-02, No. 019082, for Farm Unit "D" or the SE 1/4 NW 1/4 Section 30, Township 5 North, Range 29 East Willamette Meridian, has filed notice of intention to make final Proof, to establish claim to the land above described, before United States Commissioner, at Hermiston, Oregon, on the 18th day of January, 1924.

Claimant names as witnesses: C. E. Shaver, Jake Hoffman, C. G. Bourke, Wm. Kick, all of Hermiston, Oregon.

CARL G. HELM, Register

Lower Berths for All.  
Spaciousness and comfort both day and night, and a lower berth for everybody, are provided in an ingenious new design for sleeping cars proposed by M. C. Krarup, consulting engineer, and described in Popular Science Monthly. Two rows of seats, of the design of armchairs, are proposed for each side of the car, these doubling its seating accommodation in the daytime but without crowding. At night, partitions similar to Venetian blinds divide the car into compartments and the chairs are converted into berths by lowering the back cushions and extending the seats. Each compartment would contain comfortable headroom, a wash basin and a large mirror.

Plan to Destroy the Tsetse Fly.  
Dummy donkeys with sticky legs are proposed for experiments in destroying large numbers of tsetse flies, which carry the germs of the African sleeping sickness, in a publication of the department of agriculture of South Africa. R. H. Harris found that these dangerous insects were attracted to the legs of his donkey. He built a dummy animal with wooden legs covered with old bags, but the flies apparently did not discriminate between the natural and artificial limbs. He suggests construction of many such dummies covered with sticky materials to destroy the insects by the wholesale.

### THAT CHRISTMAS ROBE

Hustling up a living for the family generally keeps father so busy that he doesn't have much chance to use that Christmas lounging robe.

## Blue Cross Poultry Farm

The raising of poultry, in near future, will be one of the leading industries on this project; make the right beginning.

I am offering you SIX WEEKS OLD chicks, free from white diarrhoea and vaccinated against roup, diptheria, cholera and allied diseases, selected for vigor and conformation, for May and June delivery, at the following prices:

S. C. White Leghorn Tancred strain, trapnested stock, mixed sexes, \$50.00 per 100; choice pullets, \$75.00 per 100.  
S. C. R. I. Red, good laying strain mated to pedigreed roosters, mixed sexes only, at \$50.00 per 100.

It is cheaper than you can raise them from day old chicks and you have strong and healthy stock to start.  
Orders taken only until January 1, 1924. 50 per cent of the price with the order, balance at time of delivery.

Address: Dr. THEO. BELETSKI, Veterinarian, Hermiston, Oregon. Telephone 82-R.

So fill it up with good "warm-blooded" Zerolene—a "cold-test" oil that flows freely in zero weather—and watch the result—

Your motor will give perfect winter service—easier starting, full power and maximum fuel mileage. And you'll avoid the troubles that usually result from the use of a poor "cold-test" oil—worn bearings, scored cylinders and prematurely diluted crankcase oil.

The Zerolene Correct Lubrication Chart—wherever Zerolene is sold—contains our recommendation of the proper grade of Zerolene for the winter lubrication of your car.

STANDARD OIL COMPANY  
(California)

Zerolene No. 1, No. 3 and No. 5 are all good "cold-test" oils. If you have trouble shifting gears, use Zerolene Transmission Lubricant "B"—it remains fluid at low temperatures and permits ready shifting of gears.
