HERMISTON'S HOUSE OF QUALITY AND SERVICE

PROPER HOUSING MEANS MORE PROFITS IN HOG RAISING

The Hog needs protection more than most domestic animals because it lacks natural protection, and is very susceptible to the influence of cold, heat and drafts.

Hog houses should have tight walls, roofs, doors and windows, abundant sunlight, well drained floors and plenty of fresh air without drafts. They should be strongly built of good materials.

Frame construction meets all these requirements and TUM-A-LUM is recommended because it is carefully and accurately made, is strong, durable, dependable and will give long honest service.

Picture of Hog House here shown is only one of the many properly designed styles that our architectural department has worked out.

Born--To Mr. and Mrs. Arthur Burkenbine, December 27, a twelve pound boy.

Wilbur K. Bloom, from Helena, Mont., and Mr. and Mrs. E. P. Mantell, of Portland, were with their parents, Mr. and Mrs. N. W. Bloom, over Christmas. The daughter Esther remained with them for a week.

Mr. and Mrs. H. R. Wessel and Mrs. Charles Hoggard, of Stanfield, were Hermiston visitors Wednesday.

Stated communication of Queen Esther Chapter O. E. S. next Tuesday night. Installation. By order W. M.

Hugh Fraser has returned to the university of Oregon after spending the holidays with his parents in this city.

Miss Derby, who last year was a teacher in the Hermiston schools, and this year holding a like position in the Albany schools, was a guest at the Tom Fraser home during the holidays.

The Hermiston high basket ball team will play a double header with Umatilla this Friday evening at 8 o'clock.

Dale Hinkle is leaving for Portland this week.

Revival meetings are in progress at the Baptist church. Milo G. Bentley, an evangelist, is in charge of the meeting.

Mrs. R. C. Rogers gave a children's party to about a dozen young folks last Saturday afternoon. Games were played and refreshments were served during the afternoon.

The ladies of the Methodist church served a New Year's dinner in the church parlors Tuesday noon. This is a yearly custom and the affair is well attended.

Zona Benschel, who is attending the normal school at Cheney, Wash., spent the holidays here. She returned to her school Tuesday night.

Jay Peimulder, who has been employed by the Pacific Telephone & Telegraph Co. at Arlington returned to his home the first part of the week, having resigned his position with the company.

The New Year's dance at the Hermiston auditorium was well attended. Many from neighboring towns were present. The music was good. Dancing continued until the small hours of the morning.

Rev. Mumau, W. H. Ogden, J. G. Lawler and Jim Tabor left Friday morning for Walla Walla. Mr. Lawler will continue on to Freewater in order to attend the funeral of a nephew.

The first snow of the season fell on last Friday. Thermometers out on the project registered 1 above zero, but quickly rose and the average for the day was slightly above freezing.

Jane Gunn, who is well known here, has been visiting her mother at Umatilla during the holidays. She has accepted a position in the Reseburg schools and has left to take up her duties.

Marion and Dorothy Briggs spent the holidays with their parents in this city. Both left this week, Dorothy going to Prineville where she has accepted a position as teacher and Marion to Bandon where she is employed as a teacher in the schools there.

Frances Hinkle, who spent the holidays here, has returned to Helix where she is employed as a teacher.

Neil Boynton, who spent the holidays here, returned Sunday night to O. A. C.

Mrs. Augusta Cressy was a holiday visitor at the home of her son-in-law, A. W. Agnew.

Beatrice and Mary Esther, the two small children of Reit Agnew, have been quite sick. The latest reports are to the effect that they are convalescing.

A number of parties and private dances were in order on the project New Year's eve.

Christian Science Services
The Christian Science services are held in rooms next to the Auditorium every Sunday at 11 o'clock. Sunday school at 10:15. All are cordially invited to attend.

LONG TRIP 100 YEARS AGO

Story of the Strenuous Exploring Expedition of Maj. S. H. Long into Northwest.

The exploring expedition conducted by Maj. Stephen H. Long of the United States army took its departure from Philadelphia on the 20th of April last with the view of traversing the American territory in a northwesterly direction and returning by way of the great northern lakes, says the Franklin Gazette of October 27, 1823. The gentlemen composing the expedition accordingly proceeded by way of Wheeling, Fort Wayne, Chicago, Prairie du Chien and Fort St. Anthony to the source of the River St. Peter.

They then traveled over the valley of the River St. Peter to its junction with the Assiniboine, having ascertained, agreeably to their instructions, the point at which the forty-ninth degree of north latitude, the northern boundary of the United States, crosses that river. Thus far they had gone by horses, but at this place they embarked on board bark canoes, in which they reached Lake Superior. Here they exchanged their canoes for a batteau and, amid severe gales and storms with snow, proceeded to Mackinaw, where they met a revenue cutter, which took them to Detroit. There they boarded the steamboat Superior and landed at Buffalo.

Pursuing their journey they found passage on board of one of the New York canal packet boats at Rochester on the Genesee river, and traveled on the customary route to Philadelphia.

The tour extended to the fifty-first degree of north latitude and embraced a circuit of more than 4,000 miles, upward of 3,000 of which were through a savage wilderness. This long and hazardous expedition has been completed in the short period of three days less than six months, and greatly redounds to the credit of the distinguished scientific officers by whom it was conducted.

MADE HIS GARDEN PAY WELL

Minnesota Lad Laid His Plans Early and Carried Them Out With Skill.

Garden plans started during Christmas vacation and carried out the following summer earned a Minnesota club boy a net profit of more than \$100 and the state garden club championship for last year. Obtaining a location for his garden early, this club boy, Willard Weeks of Winona, Minn., drew a plan of his plot, indicating the place for each variety of seed, so that when he had the ground prepared in the spring there was no delay in laying off and planting the rows. The first products of the garden were ready for use 21 days after planting. From that time on, through out the summer, this young gardener not only supplied his family with all the fresh vegetables needed, but, learning how to prepare his products for market, he built up an extensive trade among his neighbors. Finding the price for late products low, he used the training he had acquired in canning club work to put up tomatoes, beets and corn, pickles and preserves for winter use. At the end of the season his records showed the total value of vegetables used at home, canned, and stored for winter, and sold, to be \$135, produced at an expense of \$21.50.
