

RUNNING IN DEBT

Often people run in debt. Yes, that's right, they RUN in. But OH, BOY! They most always have to CRAWL out. That's the trouble. It is so much easier to get into debt than it is to get out. Of course we have money to loan. That is part of our business. But we urge borrowers to be careful under present conditions. Do not assume a bigger load than you can safely carry. Conservative loans are a requirement of sound banking.

EIGHT YEARS OLD IN GERMANY AND AMERICA

Copyright New York Times—Printed by permission.
Dr. C. S. Leede, physician of Seattle, who visited Germany in 1923, makes the following statement: "I went to the public baths that I might better observe the real physical condition of the boys in Germany. A class of boys mark of rickets indelibly impressed upon these lads' chests. The instructor asked me to guess the ages of these youngsters. 'If they had been American boys,' I replied, 'from their size I should judge them to be 6 or 7 years old.' 'That is the pity,' replied the instructor, 'these boys are 12, 13 and 14 years of age.'"

How He Knew.
Messrs. Wilkins and Walker were horse experts of a New England town, and frequently met to exchange ideas. On one occasion Mr. Walker complimented Mr. Wilkins in high terms with reference to the former's successful manipulation of a horse trade. "Well," admitted Mr. Wilkins, "I must say I didn't do so badly, but, in this case, how can you say I got the better of the deal when you haven't seen the horse I got?" "I saw the horse you had," was Mr. Walker's laconic response.
