The High School Mirror

Devoted to the Interest and Development of the Hermiston Schools

Vol. 2.

No. 20

Last Monday morning the gridiron
stars were awarded football letters
by the student body as a remem-
brance of the time and hard work
they devoted in upholding and de-
fending the honors of the Hermiston
high school.

It was a solemn affair for some
of the boys since it is their last
year in high school and ends their
chances of fighting for "Old Her-
miston" on the football field. Due
to various reasons only eight of the
eleven players received their letters.
Nevertheless those who did not re-
ceive letters are thankful to the stu-
dent body and also to the public who
have made football possible in the
high school.

In a hard fought contest between
the Helix girls and the Hermiston
girls last Saturday night the former
were victorious by a score of 12 to
8. The Hermiston boys were more
successful, defeating the Helix boys
39 to 8. The cause of the local boys'
success was due largely to the fact
that they shut their eyes when they
shot for to basket, says an "auto-
rity" on the matter.

The parents of Miss Georgia Lock-
hart have moved to Washington,
making it necessary for her to leave
this school. Leon Norquist and
Richard Foreman have both left
school, also.

Several students have been absent
from school during the last week be-
cause of sickness.

Last Friday night the eighth grade
basket ball team, both boys and
girls, encountered the Umatilla 8th
grade teams in a basket ball game,
which proved to be a victory as well
as a defeat for the locals. The girls
succeeded in defeating their antago-
nists by a score of 13 to 2, while the
boys were beaten 8 to 7. Neverthe-
less the boys showed the old fight
all through the game and are deter-
mined to "come back" in the future.

The grades have been diligently
working on a program which is to
be staged some time near the middle
of February. Their foremost object
in giving this program is to raise
enough money to finish paying for
the phonograph they purchased some
time ago and also to buy athletic
equipment for the different teams.

One of the most interesting events
on the program is a mock trial. All
the grades are furnishing entrants
for the trial and it will no doubt be
a very interesting undertaking. The
public is very cordially invited to at-
tend, and, although the admittance
fee has not yet been definitely de-
cided upon, the program will un-
doubtedly be worth the money as an
evening of entertainment.

The
New Touring Car
\$295 F.O.B.
DETROIT

A Striking Value—at \$295

Considering the improved
appearance of the new
Ford Touring Car, one
would naturally expect a
proportionate advance in
price.

Larger scale production,
however, has made it pos-
sible to incorporate in this
new type touring car a
number of decided im-
provements without in-
creasing its cost to the
purchaser.

A comparison extending
over a long period of years
will reveal the fact that
the present price is actu-
ally the lowest at which
the five-passenger open
car has ever been sold.

The Ford Touring Car
stands today, as it always
has, a most remarkable
value in the motor car field.

This Car can be obtained through the Ford Weekly Purchase Plan
