

Under Control

In driving your auto you would feel decidedly helpless if your brake was not working, or the steering wheel out of order.

It's much the same with money matters. It is a safe plan to have your money where it is always under your control, in a safe bank like ours, for instance.

TAX REDUCTION BILL PASSED BY CONGRESS

Compromise Measure Agreed to by Both Houses and Sent to President.

Washington, D. C.—The conference tax bill, already passed by the senate, was approved Monday by the house.

Providing reduction of taxes for almost every federal taxpayer, the measure now goes to President Coolidge. It carries a 25 per cent reduction on income taxes payable this year, permanent revision downward of the income rates, repeal or lowering of most of the miscellaneous and excise taxes and a 25 per cent reduction on earned incomes of \$10,000 and under.

Although some doubt exists as to President Coolidge's attitude in view of treasury department opposition to the provision for limited publicity of tax returns and an increase in estate taxes, republican leaders in both senate and house joined the solid democratic line-up in support of the measure.

Concern over the extent of reduction authorized has been diminished apparently by the announcement by Senator Smoot, republican, Utah, that the latest calculation by government actuaries shows the bill will raise sufficient revenue to take care of all government expenses and of the new bonus law and leave a surplus of about \$2,000,000.

Although some of the administrative changes recommended by Secretary Mellon were incorporated in the bill, his suggestions on the form of tax reduction were rejected almost in their entirety.

VETERANS ADVISED TO AWAIT BLANKS

Washington, D. C.—Officials are taking steps to avert a flood of useless correspondence with war veterans in connection with the bonus.

Plans for the issue of insurance certificates have been so devised as to make it unnecessary for any veteran to do more than fill out the application blank soon to be made available all over the country.

The circular of instructions to accompany the blank will instruct applicants to fill in their answers to the questions to the best of their knowledge and recollection and let it go at that. There will be no necessity for obtaining records of service.

It will be emphasized that there is no occasion for haste since, under the law, there can be no cash payment prior to March 1, 1925, while the insurance certificates will bear date of January 1, 1925, or later.

CAMP LEWIS GETS TROOPS

More Than Half Troops in 9th Corps Area Will be Encamped.

Tacoma, Wash.—Camp Lewis will be the training ground during June for at least 7500 troops of the regular army, the national guard of six western states, and in addition, later in the month, will be added from 500 to 1000 students of the citizens military training corps and officers and enlisted men of the organized reserve.

Except for small detachments of special troops, particularly of the signal corps and engineers, which will be sent to assist in training at other stations, the present regular army troops at Camp Lewis will be held intact.

Camp Lewis is scheduled to receive for training more than half of all the national guard troops in the 9th corps area, comprising the states of Washington, Oregon, California, Nevada, Utah, Idaho, Wyoming and Montana.

Eight Indicted by Bridge Probe.

Portland, Or.—Eight persons were indicted by the grand jury as the climax of the county bridge probe. Three former county commissioners, Charles S. Rudeen, J. H. Rankin and Dow V. Walker, were charged with malfeasance in office in one indictment, and five contractors, officers of the three companies awarded the trans-Williamette bridge jobs April 1, were named in another indictment, the charge being conspiracy in submitting a collusive bid on the work.

Liquor Treaty With Norway Signed.

Washington, D. C.—A rum treaty with Norway has been signed at the state department, making the fourth of such pacts to be concluded. The treaty is identical with those negotiated with Great Britain, Germany and Sweden. A similar one is being drafted with Holland.

Ford Muscle Shoals Plan Refused.

Washington, D. C.—The Norris bill for government operation of Muscle Shoals was reported Tuesday by the senate agricultural committee by a vote of 11 to 4. A motion to report the Ford bid was defeated, 11 to 9.

PRESIDENT SIGNS IMMIGRATION BILL

Coolidge Approves Main Features But Deplores Japanese Provision.

Washington, D. C.—President Coolidge, deploring its provision for Japanese exclusion, but heartily approving its main features, signed the immigration bill.

Steps were taken immediately by the department of labor to prepare for administration of the law, which provides for further restriction of immigration after June 30 when the existing quotation law expires and for total exclusion of Japanese immigration after that date.

The president approved the bill reluctantly, issuing a statement after he had affixed his signature in which he said he regretted the impossibility of severing from the measure the exclusion provision which he and Secretary Hughes had opposed strongly during the course of the legislation through congress.

Occasion was taken by the president in his statement to declare that he gladly recognized that the enactment of the exclusion provision "does not imply any change in our sentiment of admiration and cordial friendship for the Japanese people, a sentiment which has had and will continue to have abundant manifestation."

The immigration quotas, under the new act, amount to 2 per cent of the number of nationals of the respective nations resident in the United States at the time of the 1890 census and will result in a considerable restriction of immigration over the present law, as well as changing the greatest immigration flow from the countries of southern Europe to the countries of northern Europe.

WORLD COURT PLAN REPORTED TO SENATE

Washington, D. C.—The Pepper plan for American adherence to the world court was reported out by the senate foreign relations committee by a vote of 10 to 8.

The Harding-Hughes plan was defeated by a vote of 10 to 8. The Pepper plan provides for complete divorcement of the court from the League of Nations, as a prerequisite to American participation.

The proposal of Chairman Lodge, which would have set up an entirely new court, was withdrawn by its author before the committee had an opportunity to vote upon it.

The committee action brings the World Court plan technically before the senate for the first time, but there is little hope in any quarter of a vote during the present session.

DESERT WHEAT LANDS

Washington Farmers Held Financially Hard Pressed.

Olympia, Wash.—Wheat farmers of the state of Washington are hard pressed financially and are in many cases abandoning their farms. E. L. French, director of agriculture, declared:

"The wheat crop and market report places our state wheat returns at \$31.13 an acre," Mr. French said. "This figure is not reached by the wheat farmers of another state. And yet, our wheat farmers are hard pressed financially and many are even abandoning their farms."

"Wheat yield of our state is 25 bushels an acre, while the general average over the United States is 13 1/2 bushels."

"The returns for wheat in this state in 1923 are placed at \$52,482,000 and this is the highest figure reached since 1919."

Anacortes Bank Robbers Arrested.

Tacoma, Wash.—Four Tacoma men, alleged to have participated in the holdup of the Citizens' State bank of Anacortes on April 14, were arrested here by Tacoma city officers, Sheriff Matt Starwich of King county and Sheriff Conn of Skagit county. They are Russell E. Evans, Dave W. Nadeau, secretary of the local Lions club; Lawrence H. Lee, an engineer, and Warren L. Ridley, a laborer. All the arrested men denied the allegations charged against them.

Guif States Storm Fatal to Thirty-five.

Augusta, Ga.—A series of tornadoes sweeping through Mississippi, Alabama and Louisiana Monday night and early Tuesday took a toll of thirty-five lives and caused injury to upwards of seventy persons and wrought thousands of dollars damage to farms and buildings, according to advices reaching here.

Yelm Visited by Disasterous Fire.

Tesno, Wash.—Virtually the entire business district of Yelm, a town of about 600 people near here, was wiped out by fire.
