

Not A One-Sided Affair

Banking is not a one-sided affair by any means. When you borrow money, security is expected, of course. But when you deposit money, we are expected to guarantee your deposit—AND WE DO.

Every dollar of this Bank's capital and surplus stands as a guarantee that depositors shall have their money promptly on demand. Also every stockholder is personally liable for double the amount of the stock he holds. Even more. Our officers, directors, stockholders, ALL feel a personal responsibility to our patrons and therefore conduct a conservative business always.

Adding machine rolls at the Herald office.

ZEROLENE

Zerolene "F" for Fords, the Standard Oil Company's new oil for Ford cars, was for the first time drawn from the pumps at garages and at Standard Oil Company Service Stations and offered to the public about the middle of last December.

The response of the motoring public was immediate and overwhelming. Today Zerolene "F" for Fords is the most popular oil on the market for Ford lubrication.

Lubricates Better—Costs Less
The verdict of users verifies the claims of our Research Engineers—that Zerolene "F" for Fords meets the special requirements of the Ford lubricating system better than any other oil.

Yet it costs not more but less than any of the special Ford oils on the market.

A Longer Life for Your Ford
We believe that Zerolene "F" for Fords will increase gasoline mileage, reduce carbon removal operations, and lengthen the working life of every Ford in which it is used.

A Ford is an A-1 transportation investment. Protect your investment by proper lubrication.
